

## Review of Assessment Outcome

I hereby lodge a review of the decision by the Australian Institute of Management that my managerial qualifications and experience do not meet the requirements of a senior manager for migration purposes.

My reasons for lodging this review of assessment are detailed on the next page. I understand that I **cannot** provide any additional information that was not included in my original application. I have enclosed the fee for the review of assessment outcome of AUD\$300.00 (plus 10% GST if applicable). It is not more than 6 months since my original assessment. Once the fee is processed the review of assessment outcome will take 4 weeks to complete.

**Note:** If you wish to submit additional new information that was not included in your original application then you must submit an appeal and not a review of assessment outcome. The appeal application form is available at [www.aim.com.au/appeal](http://www.aim.com.au/appeal)
