

ACS Catalysis supports a Post-conference of Advancement and Prospect of Catalysis Science & Technology on 25-27 July 2018 at the University of Sydney. We invite outstanding researchers for invited speakers and organise programs for excellent postdoc/phd students and women scientists. The topics are catalysis for energy and environment, green catalysis and process, photo/electro catalysis, nanocatalysts, and early career sessions with ACS Catal editor's dialogs and prizes for the outstanding ECR speakers. Some of confirmed speakers: Bruce Gates, Chris Jones, Takashi Tatsumi, Akira Fujishima, Ryong Ryoo, Yong Wang (PNNL), Ye Wang.....Website is in construction.
