

LEARNING 365

PRACTICUM PROGRAMS FOR BYOx / 1:1 EDUCATORS

Two Day Program - Thursday 7th and Friday 8th June 2018

Contemporary Learning Hub - Meridan State College

The Contemporary Learning Hub invites educators to be part of our new Learning 365 Practicum Programs. These two day programs provide an unprecedented opportunity for educators to immerse in a professional learning experience where they can explore effective and innovative pedagogies that can be used to engage, support and challenge learners within 1:1 or BYOx learning contexts.

These highly practical programs combine practical, hands-on learning experiences with the opportunity to see high quality digital pedagogies in action. Participants will have the opportunity to:

- Develop an understanding of effective digital pedagogies they can use to level up learning in BYOx / 1:1 contexts.
- Develop an understanding of how Office 365 and cloud based technologies can be used to enable students to engage with learning anytime, anywhere.
- Build and extend their skills in using a range of digital tools and technologies including Office 365, OneNote, Class Notebook and Office Mix. This will include developing the skills they need to use digital ink and multimodal tools for student feedback and assessment.
- Engage with highly effective BYOx / 1:1 educators who will share their creative ideas, strategies and tips for creating agile, engaging and dynamic learning environments.
- Explore how they can use digital tools and technologies to increase productivity and to take assessment digital. Participants will also explore how to take assessment digital to enable students to demonstrate their knowledge and understanding in multimodal ways.

Immerse

Immerse in a professional learning experience where you collaborate and learn from real classroom teachers and see learning in action in their classrooms.

Explore

Explore how you can design learning activities and assessment tasks that provide students with the opportunity to become authors, creators, collaborators and designers.

Develop

Develop the skills and confidence you need to leverage the potential of Office 365, OneNote, Office Mix and other current and emerging digital technologies in your own learning context.

Program Information

Dates: Thursday 7th and Friday 8th June 2018

Times: 9:00am – 3:00pm

Cost: \$380 ex GST

(The cost includes the two day program, all resources including a Wacom Tablet and morning tea and lunch each day).

A Free Wacom Tablet for Digital Inking

Every participant will receive a Wacom Intuos Tablet to keep and use to leverage the Digital Ink features in OneNote Class Notebook for student feedback and assessment.
