

PLAY WONDER & LEARN

SATURDAY 8TH SEPTEMBER 2018

CONTEMPORARY LEARNING HUB
MERIDAN STATE COLLEGE - SUNSHINE COAST

The Contemporary Learning Hub is proud to announce the return of the Play, Wonder and Learn Interactive Learning Conference for P-3 Educators. This Conference provides ideas and inspiration for making your Early Phase learning context an engaging, interactive and dynamic learning environment. The theme for our 2018 Conference is 'Bring back the music!'. With the help of our amazingly talented Keynote speaker Justine Clarke, we will be challenging educators to bring music into their Early Phase classrooms to support oral language development. In addition to our music inspired sessions, we have an awesome program once again planned for delegates including sessions on STEAM, digital technologies, literacy, mathematics and creative and critical thinking.

Conference Highlights for 2018 include:

- The Bring back the Music Keynote with highly acclaimed children's entertainer, actress and author Justine Clarke.
- The Hitting the right notes with Digital Technologies presentation with Adrian Greig from the Innovation Centre at Maleny State School.
- The Philosophy with Young Children sessions with Desley Alexion and Helen Bright from Buranda State School.
- The STEAM Playground sessions where you'll get to play, wonder and learn as you explore the latest STEAM resources and activities that you can use to engage, support and challenge your P-3 learners.
- The Getaway Virtual Adventures session with our amazing Head of Curriculum Julie Elder.
- The Stepping Up in Maths workshop with PLT Leader Sarah Lewis. Sarah will share how to use learning progressions to improve numeracy outcomes in Primary contexts.
- The Power of Touch iPad Workshops with Apple Distinguished Educator Paul Shaw.
- The Lighting Up Learning and The Reggio Experience sessions which will share the discoveries of our very own Reggio Emilia trained educators Sally Gower and Kelly Ayres.
- A Conference Hall packed with traders showcasing the latest tech and resources for Early Phase classrooms.
- Heaps of competitions and great prizes including a free giveaway for every participant.

How to Register
