² Institution, country

Type or paste your text into this file, or format your document following these wide lines: page margins 2.5 cm all round. Paragraphs are justified (straight-edged) on both left and right. Besides the title, the abstract font is “Times New Roman”. The author’s names font size should be set at 14 point. The affiliations and the main text use 12 point.

Use single line spacing and leave a line gap between paragraphs. This will help to make your text easy to read. One figure is permitted as enhanced metafile and can be inserted using the “*insert picture*” command or “*paste special*”. If you want, you can set the text to flow around the figure but do remember to include a figure caption.

You can add a reference list at the end of the document using a font size of 11 point.

To be considered for an oral presentation the abstract should be submitted before June 15th. The abstract should be emailed to LH.workshop@sydney.edu.au as an attachment upon registration and payment of the corresponding fee. The deadline to pay the registration fee and get the abstract in the program is July 15, 2020.

Since the organizers expect a larger number of abstracts submitted with preference for oral presentation than can be accommodated in the program the presenters will be informed by June 20th, of whether their abstract have been scheduled for an oral or a poster presentation. Please note that there will be scheduled time for poster presentation in the form of flash talks (1-2 min per poster) and we encourage all delegates to bring a poster even if they are selected to give an oral presentation. The posters will be shown for the whole meeting period.

The abstract including figures and references should not exceed one A4 page. Abstracts that do not meet these formatting requirements will be returned to be reformatted.

We look forward to meeting you at the “Light-Harvesting Workshop 2020”.
