The Asia Pacific Accreditation Cooperation (APAC) is the Regional association of accreditation bodies in Asia Pacific region whose primary role is to manage and expand a mutual recognition arrangement (MRA) among accreditation bodies in the Asia Pacific region to facilitate trade. The MRA facilitates the acceptance of conformity assessment results (e.g. test reports, inspection reports, management systems certificate etc.) across the region and with other regions around the world. This region contains economies that have an extremely wide diversity of cultures, languages and levels of economic development covering over half of world trade and two-third of global human population.

The APAC MRA covers the following scopes

- ISO 14065 GREENHOUSE GAS VALIDATION AND VERIFICATION
- ISO/IEC 17020 INSPECTION
- ISO/IEC 17021-1 MANAGEMENT SYSTEMS CERTIFICATION
  - Energy management systems (EnMS)
  - Environmental management systems (EMS)
  - Feed additives and premixtures quality system (FAMI-QS)
  - Food safety management systems (FSMS)
  - Information security management systems (ISMS)
  - Medical device quality management systems (MDQMS)
  - Occupational health and safety management systems (OHSMS)
  - Quality management systems (QMS)
- ISO/IEC 17025 CALIBRATION
- ISO/IEC 17025 TESTING
- ISO/IEC 17034 REFERENCE MATERIALS PRODUCERS
- ISO/IEC 17043 PROFICIENCY TESTING PROVIDERS
- ISO/IEC 17065 PRODUCT CERTIFICATION
- ISO/IEC 17065 PRODUCT CERTIFICATION - GLOBALGAP
- ISO 15189 MEDICAL TESTING

TOTAL 61,777 SCOPES AND SUBSCOPES
TOTAL 59,236 SCOPES AND SUBSCOPES

* Count of scopes as at 30 September 2019 Version 1.0, 12 June 2020
Use of conformity assessment bodies accredited by APAC MRA Signatories provides confidence in conformity assessment results. This helps businesses, governments and communities manage risks and make sound decisions, and facilitates intra-regional and international trade.
