

## Going potty for art these holidays

over 100 holiday art workshops | 15-25 January 2018

pottery | wheel throwing | painting | cartooning | printmaking | sculpture | drawing

**Art Est has a mega holiday art program with over 100 creative art workshops for kids, teens and families to enjoy this summer.**

Children as young as six years can have a go at throwing a pot in our new ceramics studio. Each student gets their own pottery wheel and with step by step instruction, they'll be going potty in no time!

Workshops are age specific so younger kids can learn how to do **cartooning**, **painting**, **printmaking** or **sculpture**, while for teens we offer more intensive sessions in **developing** your **drawing** or **painting** like the **Dutch masters**.

New these holidays are full day workshops in **Writing for Comedy** or **Science Fiction Writing and Storyboarding** with Sam McNair.

But why should kids have the fun? We've also introduced wheel throwing or painting workshops especially for families to enjoy together.

Every day is different, so children can come for one 3 hour morning or afternoon workshop, stay for two workshops over a whole day or create your own unique program across the week.

Children doing morning and afternoon sessions will be supervised throughout the lunch break.

All classes are held in our warehouse studios in Lords Road, Leichhardt.

## ABOUT ART EST. ART SCHOOL AND GALLERY

**Art Est. Art School and Gallery** is a dynamic creative hub for the visual arts in Sydney's inner west established in 2008 by Leichhardt resident, Jennifer McNamara. Located in a spacious, light-filled warehouse, Art Est. is an inspiring art space with four dedicated teaching studios and a new ceramics studio with 8 wheels and three kilns. The art gallery hosts a range of exhibitions throughout the year including the GreenWay Art Prize and WOOF!
