SECTION 1 - BOARD CHARTER

1. INTRODUCTION

This Charter sets out the responsibilities of the Board of Base Resources (**Board**) and of senior management (EXCO and General Managers). The Board will regularly review the division of responsibilities as between the Board and senior management to ensure that it continues to be appropriate for the Company and its operations.

In carrying out the responsibilities and powers set out in this Charter, the Board recognises:

- (a) its overriding responsibility to act honestly, fairly, diligently and in accordance with the law and Base Resources' values in serving the interests of the Company and its shareholders; and
- (b) its duties and responsibilities to its employees, customers, creditors and the community.

2. SPECIFIC RESPONSIBILITIES OF THE BOARD

In addition to matters the Board is expressly required by law to approve, the Board has the following reserved functions and responsibilities:

- (a) overseeing the business and affairs of the Company, including its control and accountability systems, and monitoring the effectiveness of the Company's corporate governance practices;
- (b) approving a statement of Base Resources' values and Code of Conduct;
- (c) appointing the Chair of the Company;
- (d) appointing and removing the Managing Director / Chief Executive Officer (Managing Director) and the Executive Director – Operations and Development (ED Operations) (the Managing Director and the ED Operations together form EXCO), and determining their terms and conditions of appointment, including remuneration and termination;
- (e) appointing and removing the Company Secretary;
- (f) defining Base Resources' purpose, setting the strategic direction and objectives of the Company, ensuring appropriate resources are available to meet those objectives;
- (g) monitoring senior management's implementation of the Company's strategic objectives, instillation of the Company's values and overall performance and, where required, challenging management and holding it to account;
- (h) reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct and legal compliance and setting the risk appetite within which the Board expects senior management to operate;
- (i) in conjunction with senior management, ensuring the health, safety and well-being of employees and developing, overseeing and reviewing the effectiveness of the Company's occupational health and safety systems to ensure the safety and well-being of all employees;
- (j) approving and monitoring the progress of major capital expenditure, capital management and significant acquisitions and divestitures;
- (k) approving transactions requiring Board approval under the Delegation of Authority Standard and setting the authority limits under that Standard;

- (l) approving and monitoring the budget and the adequacy and integrity of financial and other reporting;
- (m) subject to receiving the appropriate declaration from the Managing Director and Chief Financial Officer, approving the annual, half yearly and quarterly accounts;
- (n) satisfying itself that an appropriate framework exists for relevant information to be reported by senior management to the Board;
- (o) satisfying itself that the Company's remuneration policies are aligned with its purpose, values, strategic objectives and risk appetite;
- (p) approving significant changes to the Company's organisational structure;
- (q) approving the issue of any shares, options, equity instruments or other securities in the Company;
- (r) ensuring a high standard of corporate governance practice and regulatory compliance and promoting ethical and responsible decision-making;
- (s) recommending to shareholders the appointment of the external auditor as and when their appointment or re-appointment is required to be approved by them;
- (t) appointing the external auditor, subject to confirmation by the shareholders at the Company's annual general meeting; and
- (u) meeting with the external auditor without management being present.

3. COMPOSITION OF THE BOARD

- (a) The composition of the Board is to be reviewed annually to ensure the appropriate mix of skills, qualifications, experience, expertise and diversity is present to facilitate successful strategic direction as well as assisting the Company in achieving growth and delivering value to shareholders. Directors should clearly understand the corporate expectations of them.
- (b) In appointing new members to the Board, consideration is to be given to the ability of the appointee to contribute to the ongoing effectiveness of the Board, to exercise sound business judgement, to commit the necessary time to fulfil the requirements of the role effectively and to contribute to the development of the strategic direction of the Company.
- (c) The majority of the Board should be comprised of non-executive Directors. Where practical, a majority of the Board will be independent. An independent Director is one who is independent of management and free from any interest, position or relationship, which might influence, or might reasonably be perceived to influence, in a material respect, their capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the entity as a whole rather than in the interests of an individual security holder or other party. As set out in paragraph 11 of this Board Charter, the independence of Directors will be assessed by the Board with reference to that definition.
- (d) All Directors – whether independent or not – are expected to bring their independent views and judgement to the Board and must declare immediately to the Board any potential or active conflicts of interest. To facilitate this, Directors may, in the circumstances set out in paragraph 7(d) of this Charter, have access to independent professional advice at the Company's expense.

- (e) Directors must declare immediately to the Board any change in their interests, positions or relationships that could potentially bear upon their independence.
- (f) Non-executive Directors must also inform the Chair before accepting any new appointment as a director of another listed entity, any other material directorship or any other position with a significant time commitment.
- (g) Prior to the Board proposing re-election of Directors, their performance will be evaluated by the Nomination Committee to ensure that they continue to contribute effectively to the Board.

4. ROLE OF THE CHAIR

- (a) The roles of Chair and Managing Director must not be exercised by the same individual.
- (b) The Chair should be an independent Director. If a Chair ceases to be an independent Director then the Board will appoint another Director who is independent either as Chair or as a lead independent Director.
- (c) There is a clear division of responsibility at the head of the Company. The division of responsibilities between the Chair and EXCO should be agreed by the Board.
- (d) The Chair must be able to commit the time to discharge the role effectively.
- (e) The Chair is responsible for the leadership of the Board, ensuring it is effective, setting the agenda of the Board, conducting the Board meetings, ensuring that adequate time is available for the discussion of all agenda items, including strategic issues, and conducting shareholder meetings.
- (f) The Chair should facilitate the effective contribution of all Directors and promote constructive and respectful relations between Board members and between the Board and management.
- (g) In the event that the Chair is absent from a meeting of the Board then the Board shall appoint a Chair for that meeting.

5. BOARD COMMITTEES

- (a) To assist the Board in fulfilling its duties, the Board has established, or proposes to establish, the following committees, each with written terms of reference (collectively referred to as the **Board Committees**):
 - (i) Audit Committee;
 - (ii) Risk Committee;
 - (iii) Remuneration Committee; and
 - (iv) Nomination Committee.

The Remuneration Committee and the Nomination Committee are currently established as a combined single Board Committee operating pursuant to the charters for each committee.

- (b) In addition to the Board Committees listed in paragraph (a) above, the Board may establish other Board Committees with such delegated authority as provided in written terms of reference.
- (c) The charters of the Board Committees are approved by the Board and are to be reviewed annually and following any applicable regulatory changes.

- (d) The Board will ensure that the Board Committees are sufficiently funded to enable them to fulfil their roles and discharge their responsibilities.
- (e) Members of Board Committees are appointed by the Board. The Board may appoint additional Directors to Board Committees or remove and replace members of the Board Committees by resolution.
- (f) The minutes of each Board Committee meeting will be provided to the Board at the next occasion the Board meets following approval of the minutes of such Board Committee meeting.

6. COMPANY SECRETARY

- (a) When requested by the Board, the Company Secretary will facilitate the flow of information of the Board, between the Board and the Board Committees and between senior management and non-executive Directors.
- (b) The Company Secretary is to support the effectiveness of the Board and the Board Committees by monitoring that Board and Board Committee policy and procedures are followed, coordinating the timely completion and despatch of Board and Board Committee agendas and briefing materials and ensuring that the business at Board and Board Committee meetings is accurately captured in the minutes.
- (c) The Company Secretary is to facilitate the induction of new Directors.
- (d) The Company Secretary is to facilitate the implementation of Board and Board Committee policies and procedures.
- (e) The Company Secretary is to provide advice to the Board on corporate governance matters.
- (f) The Company Secretary is accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board.
- (g) All Directors have access to the advice and services provided by the Company Secretary.
- (h) The Board has the responsibility for the appointment and removal of the Company Secretary.

7. ACCESS TO INFORMATION AND ADVICE

- (a) All Directors have unrestricted access to company records and information in order to discharge their responsibilities effectively, except where the Board determines that such access would be adverse to the Company's interests.
- (b) All Directors may consult management and employees as reasonably required with, as a matter of courtesy, prior notification to the Managing Director, to enable them to discharge their duties as Directors.
- (c) Senior management supply the Board with information in a form and timeframe, and of a quality that enables the Board to discharge its duties effectively. Directors are entitled to request additional information where they consider such information necessary to make informed decisions.
- (d) The Board, Board Committees or individual Directors may seek independent external professional advice at the expense of the Company as is considered necessary to discharge their responsibilities as a Board, Board Committee or Director (as applicable), subject to prior consultation with the Chair. In the case of a request for independent external professional

advice by the Chair, prior consultation must first occur with the Chair of the Risk Committee. A copy of any such advice received will be made available to all members of the Board.

8. BOARD'S RELATIONSHIP WITH MANAGEMENT

- (a) The Board delegates responsibility for the day-to-day operations, management and administration of the Company to EXCO in accordance with the strategy and objectives approved by the Board.
- (b) EXCO's joint responsibilities include:
 - (i) effective leadership of the Company, including by instilling and reinforcing the Company's values;
 - (ii) preparation, and implementation of, development and operational plans, policies and procedures to achieve the strategic, operational and financial objectives of the Company as determined by the Board;
 - (iii) management of the day to day affairs of the Company, including its people, processes, policies and systems;
 - (iv) ensuring the Company operates in a manner consistent with its values, code of conduct, budget and the risk appetite set by the Board;
 - (v) identifying and managing business risks and, where those risks could have a material impact on the Company's business, formulating strategies for managing those risks for consideration by the Board. These risks include both financial and non-financial risks;

 - (ix) ensuring that the Company complies with all applicable laws and regulations, including applicable listing rule disclosure requirements;
 - (x) reporting to the Board, or as directed by the Board, and providing prompt and full information regarding the Company's operations and the conduct and performance of the business of the Company.  - (xi) ensuring all material matters that affect the Company are brought to the Board's attention, including developments in laws, regulations and accounting standards that are material to the Company; and
 - (xii) ensuring that senior management, including EXCO members, have a formal job description and employment contracts describing their term of office, duties, rights and responsibilities, and entitlements on termination.
- (c) EXCO may, in turn, delegate authorities to other employees and consultants of the Company to transact on behalf of the Company. The cascading delegated authority limits for EXCO and other employees and consultants of the Company and its subsidiaries are set out in the Delegation of Authority Standard, with the Board responsible for setting the limits under that Standard.

- (d) In addition to formal reporting structures, members of the Board are encouraged to have direct communications with management and other employees within the group to facilitate the carrying out of their duties as Directors.

9. PERFORMANCE REVIEW

9.1 Overview

Once a year, the Board will review, critically evaluate and discuss the performance of:

- (a) the Board as a whole;
- (b) its Board Committees; and
- (c) individual Directors.

The method and scope of the performance evaluation of the Board as a whole, its Board Committees and individual Directors will be set by the Nomination Committee and may include a Board self-assessment checklist to be completed by each Director. The Nomination Committee may also decide to engage an independent adviser to undertake or facilitate all or any aspect of these performance evaluations if it is considered appropriate in the circumstances (e.g. because of the period of time since the last externally facilitated review was undertaken).

9.2 Board

A process will be established to review and evaluate the Board. The annual review includes, but is not limited to, consideration of the following:

- (a) comparison of the performance of the Board against the Board Charter;
- (b) assessment of the performance of the Board over the previous twelve months having regard to the corporate strategies, operating plans and the annual budget;
- (c) review of the Board's interaction with management;
- (d) identification of any particular goals and objectives of the Board for the next year;
- (e) review of the type and timing of information provided to the Directors; and
- (f) identification of any necessary or desirable improvements to Board or Board Committee Charters.

9.3 Board Committees

The annual Board Committee review will include considerations similar to those applied to the review of the Board and will include an assessment of the performance of each Board Committee against each Board Committee Charter in order to identify areas where improvements can be made.

9.4 Non-executive Directors

The Chair will have primary responsibility for conducting performance appraisals for the other non-executive Directors. In the case of the Chair, a non-executive Director determined by the Board will have primary responsibility for conducting his or her performance appraisal after having canvassed the views of the other Directors.

The relevant non-executive Director's performance appraisal will be carried out having particular regard to:

- (a) contribution to Board discussion and function;
- (b) degree of independence including relevance of any conflicts of interest;
- (c) availability for and attendance at Board meetings and other relevant events;
- (d) contribution to Company strategy;
- (e) membership of and contribution to any Board Committees; and
- (f) suitability to Board structure and composition.

Where the responsible non-executive Director, following a performance appraisal, considers that action must be taken in relation to the relevant Director's performance, the responsible non-executive Director must consult with the remainder of the Board regarding whether the relevant Director should be counselled to resign, not seek re-election, or in exceptional circumstances, whether a resolution for the removal of the relevant Director be put to shareholders.

9.5 EXCO

The Board will annually review the performance of the each EXCO member. At the commencement of each financial year, the Board and each EXCO member will agree a set of generally Company specific performance measures to be used in the review of the forthcoming year. These will include, but not be limited to:

- (a) financial measures of the Company's performance;
- (b) the extent to which key operational goals and strategic objectives are achieved;
- (c) development of management and staff;
- (d) compliance with legal and Company policy requirements; and
- (e) achievement of key performance indicators.

The review process above may be delegated by the Board to the Remuneration Committee.

10. INDUCTION

The Company Secretary in conjunction with the Nomination Committee will put in place induction procedures to allow new Directors to participate fully and actively in Board decision-making at the earliest opportunity. The induction program will be available to enable new Directors to gain an understanding of:

- (a) the Company's financial, strategic, operational and risk management position;
- (b) the culture and values of the Company;
- (c) the rights, duties and responsibilities of the Directors;
- (d) the roles and responsibilities of senior management;
- (e) the role and procedures of the Board and its Board Committees;
- (f) meeting arrangements; and
- (g) Director interaction with each other, senior management and other stakeholders.

Directors will be given access to continuing education to update and enhance their skills and knowledge.

11. DEFINITION OF INDEPENDENCE

An independent Director is a non-executive Director (i.e. is not a member of management) that is free from any interest, position or relationship which might influence, or might reasonably be perceived to influence, in a material respect the Director's ability to act in the best interests of the Company as a whole rather than in the interests of an individual shareholder or other party.

Unless the Board determines that it is clear that the interest, position or relationship in question is not material and will not interfere with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company as a whole rather than in the interests of an individual shareholder or other party, a Director will be deemed to not be independent where that Director:

- (a) is, or has been, employed in an executive capacity by the Company or any of its subsidiaries and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- (b) receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, the Company;
- (c) is, or has been within the last three years, in a material business relationship (e.g. as a supplier, professional adviser, consultant or customer) with the Company or any of its subsidiaries, or is an officer of, or otherwise associated with, someone with such a relationship;
- (d) is, represents, or is or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder;
- (e) has close personal ties with any person who falls within any of the categories described above; or
- (f) has been a Director of the Company for such a period that their independence from management and substantial holders may have been compromised.

The applicable materiality thresholds applied by the Board will be assessed on a case-by-case basis, taking into account the relevant Director's specific circumstances.

The Board will assess the independence of Directors annually and will reassess determinations of independence when any changes to a Director's interests, positions or relationships are notified to the Board.

- (b) The Audit Committee will consider any significant tax issues as may be required, and approve any treatments proposed by management.

2. PURPOSE
