ABOUT US

InterGrain is a world class plant breeding company currently experiencing significant growth. Our mission is to deliver profitable wheat and barley varieties for Australian growers. This is a fantastic opportunity for an experienced person to apply their skills within a collaborative and vibrant working environment.

THE ROLE

We are seeking a candidate that has a passion for the Agricultural industry but who is also mechanically minded, adaptive and good at problem solving. This role will involve working in the field as well as in our processing facility. It needs someone who can show initiative when things don't go according to plan and work together in a team environment.

The role of a Technician within InterGrain is a hands-on and physical, so if you like rolling up your sleeves and getting the job done, then we want to hear from you.

ABOUT YOU

Our ideal candidate will have the following:

- A passion for the Agricultural Industry
- Outgoing personality with the ability to integrate with an already established team, good interpersonal skills plus the ability to work independently
- The desire to learn on the job with great attention to detail
- Quick to learn and pick up tasks with good retention ability and common sense
- Willingness to learn and carry out flood irrigation, crop spraying, sowing, plus hand and machine harvesting essential. Some exposure to trial work would be seen favourably
- You will be expected to be flexible and work within all areas of our business throughout the year. This role is a mixture of indoor and outdoor work and some longer hours and weekend work would be required over busy periods
- Must have drivers licence and the right to work in Australia. This is not a sponsored position

APPLY NOW

To apply please send a covering letter introducing yourself together with your resume to:

Amanda Hind, HR Manager InterGrain
ahind@intergrain.com.au

Application close 31 May 2019.
