house leather care

protect from direct sunlight, heat and weather. dust with a clean dry cloth or use the soft brush attachment on your vacuum cleaner. remove all liquid and food spills immediately. wipe with a clean cloth dampened with proprietary brand leather cleaner suitable for a surface finish leather.

house vinyl care

maintaining and care of the upholstery should be done by regular vacuuming to remove dust and dirt. spot cleaning should be done immediately after a spill. first spot clean with mild soap and water. using a sponge to remove the stains, rinse with clean water.

suntan lotions and sprays such as insect repellants may discolour the fabric. acid based liquids such as coffee, wine and fruit juice need to be wiped off immediately. the longer a stain or spill remains on the fabric the more difficult it can be to remove. do not use abrasive alcohol based or solvent based cleaners.

sheepskin

store away from direct sunlight and high heat sources, such as blow dryers and radiators. never rub or brush sheepskin when it's wet. to clean up small spills on your sheepskin upholstery, wipe with a damp cloth, and gently pluck any debris from the suede with tweezers. never use hot water. this causes permanent damage by stripping the natural oil, (lanolin) from the pelt making it very hard and rough. for professional cleaning, select a cleaner that specialises in leather/suede/fur.

custom specified upholstery

please refer to individual suppliers for information on care and maintenance of fabrics that have been specified by a designer, as these will be outside the standard grazia&co range. most interior upholstery fabric should be regularly vacuumed and kept away from direct sunlight.

powder coated items care

wash as required with warm soapy water using a soft clean cloth. for marine or commercial environments, we recommend regular cleaning. do not pressure wash or steam items that are powder coated. if powder coating chips due to a knock and / or rough treatment this is not covered by warranty. touch up paint can be purchased on request (depending on availability). scratches and chips should be repaired as soon as they appear.

please visit grazia&co website for further details.
