Novated Leasing

An Easi Novated Lease makes vehicle ownership a money saving solution.

A Novated Lease is a three party agreement between the driver, the employer and Easi. The driver enters into a finance lease with Easi and then a novation agreement is used to transfer some of the lease obligations to the employer.

Once the novation agreement is in place, the employer is considered to be leasing the car. This allows the car to be treated like a company car which provides significant income tax and GST savings to the driver.

To maintain the Novated Lease, the employer deducts the regular payment from your salary, and then remits this amount to Easi to pay for all the car's running costs.

We will help to monitor the driving habits and car expenses to ensure the Novated Lease budget stays on track.

Reduced income tax, No GST on the purchase price, Fleet discounted running costs.

How do you save? Firstly, repayments are made from pre-tax salary dollars; this is a significant tax saving over the life of the lease.

Secondly, by purchasing and maintaining the car through Easi, GST does not apply on the purchase price or ongoing costs and discounted fleet pricing applies on all associated costs, a saving of thousands over the life of the lease.

How?

Regardless of whether your employer currently offers salary packaging, Easi can provide you with a Novated Lease. You simply let Easi know which car you would like to purchase and request a quote.

Easi will guide you through the finance application and process the application on completion. Easi will open up a salary packaging account for you with your employer and send a payment schedule of pre and post tax deductions to the payroll department, along with a tax invoice. It's that easy.

Easi Salary Packaging

Salary packaging is where an employer and employee agree that the employee's remuneration package will be received by way of a combination of cash salary and non-cash benefits. Anyone who is employed, and has approval, is able to salary package and potentially save thousands of dollars each year.

Instead of receiving a gross income, on which income tax is payable, employees can choose to take part of their pay in some other form of benefits before income tax is applied. These are known as employer provided benefits.

Easi partner with employers and employees to set up and explain salary packaging in easy to understand terms.

We then assist the Payroll Department with applying the packaging schedule and provide assistance with managing the deductions for the length of the lease.

Fringe Benefit Tax

As the owner of a Novated Lease vehicle, the employer is potentially subject to Fringe Benefits Tax (FBT).

Under the Australian Tax Office rules, every dollar made as a post tax deduction reduces the FBT Taxable Value by the same amount.

It is usual, under a Novated Lease arrangement, for the employee to repay the employer this amount. This Taxable Value can be offset using the 'Employee Contribution Method' (ECM). An Employee Contribution is an amount towards your lease payment that has already been taxed, a 'post tax' amount. Every dollar made as a post tax contribution; reduces the Taxable Value by the same amount.

Most employers will offer the Employee Contribution Method as the standard payment model.

The amount of post tax contribution you are required to make is included in the driver's Novated Lease quote.

Already have a Salary Packaging Provider?

No problem. We guarantee to beat any competitors Novated Lease quote and we're happy to arrange the packaging component through your employers current provider.

Easi will simply issue a 'Packager Advice' to the Payroll Department and the employer decides how the payments should be deducted to cover the invoice.

Ease of Purchase

Easi makes buying a car easy. Our Novated Lease specialists guarantee to get the absolute best price for your chosen vehicle. We take all the leg work and negotiation out of finding the perfect car at the lowest price. Best of all, we pride ourselves on friendly and efficient service every time.

Our novated specialists then prepare an easy to understand quote, which includes all servicing, fuel, maintenance, optional extras costs and a full salary impact statement, so you can see the complete cost of the vehicle and your take home salary.

When you're happy with the quote, we take care of ordering, tracking and delivery of your vehicle direct to you.

Purchase Price

An Easi Novated Lease allows you to purchase any vehicle at GST free prices and Easi's extensive buying power enables us to source vehicles at heavily discounted fleet prices.

Complete Vehicle Management

Novated Leasing equals cashless motoring and Easi WEX Motorpass means never paying pump prices again.

Servicing and running costs are all paid directly to the service centre by Easi, meaning you don't need to have cash on hand to keep your car running in great shape.

Quick Guide

What is the GST savings on the purchase price?

When you purchase a vehicle on a Novated Lease you don't finance the GST (up to a maximum of \$5,224.18). That's a significant saving.

How to save on tax

A Novated Lease allows you to pay for your repayments and running costs from a combination of pre and post tax dollars, reducing the income tax you pay to the ATO.

Management of all your car's expenses

Before quoting a new lease your novated specialist will discuss your driving habits and add up all the expenses that will be required to run and finance the car for the term the lease.

All vehicle related expenses are covered in your Novated Lease, giving you peace of mind. Fuel is covered with your Easi WEX Motorpass and servicing and tyre expenses are paid directly to the service centre by Easi. Our service managers closely manage your account to ensure your lease budget stays on track.

If your driving habits change we will contact you to adjust your package to ensure you won't be over budget at the end of the lease.
