

Reactivating the Repat Submission Form

Background

The State Government is committed to reactivating the Repat as a thriving health precinct that delivers on the needs of the community and achieves the best value use of the site in supporting our hospitals and health services.

We view the discussion around the future of the Repat as a four-way conversation involving government, stakeholders, clinicians (health workforce) and the community – where we talk about what we know, discuss the possible directions in an open way and share our views.

We want to be sure that we have heard the views of all these groups.

To facilitate this, a number of opportunities have been put in place to enable people to talk to each other about what the best way forward with the Repat is, as well as to have their say.

This submission form is one such opportunity. You can find out more about other opportunities at www.yoursay.sa.gov.au/repate

The submission form

To assist you in completing this submission we recommend you first read the Issues Guide – which can be found at www.yoursay.sa.gov.au/repate

The Issues Guide has been created to help you to think carefully about the future of the Repat site and what is the best use of this important resource within our health system, but most importantly it lists some possible services and facilities for the site, explains these and provides a system of numbering that we would encourage you to use in your submission. Using the naming conventions and numbering will ensure that we are completely clear about what you are referring to in your submission.

Please try to keep to the word limit suggestions, to enable us to most efficiently and effectively analyse your submission.

Please email your submission to Emma Fletcher, Co CEO democracyCo at emma@democracyCo.com.au by 16 September 2018.

If email is not convenient for you or if you can't access the Issues Guide on the website, please phone Emma on 0421 098 355.

Name

Organisation (if this submission is being provided on behalf of an organisation)

Contact phone number

Why is maintaining the Repat as a health precinct important to you / your organisation? (maximum 200 words)

Which of the services/facilities proposed in the three concepts will help to deliver on what is important to you?
(300 words max)

(Please use the numbering and naming conventions in the Issues Guide (refer to page 13) to make sure that we are clear on what you are referring to in answering this question)

What services/facilities in these concepts are of **least** importance? (300 words max)

(Please use the numbering and naming conventions in the Issues Guide (refer to page 13) to make sure that we are clear on what you are referring to in answering this question)

Is anything missing from the concepts as presented? (i.e. Is there something you would like to see in a health precinct that is not captured in any of the concepts) (250 words max)

Thank you for taking the time to provide us with your submission.

Please email your submission to Emma Fletcher, Co CEO democracyCo at emma@democracyCo.com.au by **16 September 2018**.

If email is not convenient for you or if you can't access the Issues Guide on the website, please phone **Emma on 0421 098 355**.
