Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only one sale within 5 km over the past 18 months was considered sufficiently comparable to this three-bedroom house on approximately 2,000 m². Skipton is a small country town with limited sales of homes on similarly large allotments. The other nearby sales did not provide a sufficiently close comparison for the land size.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
