Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Sales were identified within 5 km in the past 18 months, but fewer than three were considered sufficiently comparable to this renovated weatherboard home with a modern extension on approximately 986 m². The recorded internal floor area of 96 m²* excludes the new extension and does not reflect the full improved living space. No sufficiently comparable sales could be listed.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
