Reason there are fewer than three comparable properties

☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Due to the unique characteristics of 22A Harvey Street, Creswick, including its battle axe configuration, undulation and overall site dimensions, three directly comparable vacant land sales could not be identified. In the absence of closely comparable evidence, the pricing assessment has taken into consideration the available local vacant land sales, the property's location, land size, access and topography. The recommended price reflects a considered assessment of these factors, with appropriate allowance for the property's individual characteristics and the limitations of directly comparable market evidence.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
