Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

A search of sales within 5km over the past 18 months did not identify more than 1 other sufficiently comparable property for this circa 1960s 3 bed 1 bath home on 1011m2 which also has subdivision plans in place.
