Reason there are fewer than three comparable properties

X I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

This property is a vacant rural land parcel of approximately 9.36 hectares. No land sales comparable in size, location and price were identified within five kilometres of the property during the previous 18 months. Accordingly, no comparable sale evidence is available to list.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
