Reason there are fewer than three comparable properties

- X I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property is a rural living residence on 4,382 m² with accommodation for 12 cars. Two relevant sales were identified within five kilometres in the previous 18 months and are listed above. No further sale with sufficiently comparable land, improvements and car accommodation was identified in that search area and period.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
