Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There are no directly comparable sales available for 23 Macdonald Street, Clunes, due to the property's land size and its four-bedroom, two-bathroom configuration. The combination of a substantial landholding and a larger family home presents a unique offering within the local market, making it difficult to identify recent sales that closely reflect the property's overall characteristics. As a result, available sales evidence may differ significantly in terms of land area, dwelling size, accommodation and overall property appeal. The market assessment has therefore been undertaken with consideration of the property's individual features and the limited availability of directly comparable sales within Clunes.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
