Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Fewer than three comparable sales were identified within the prescribed period and 2km radius that were considered sufficiently similar in overall standard, condition, accommodation, scale and buyer appeal to the subject property. A number of recent three-bedroom sales were reviewed; however, several were materially smaller in internal area and/or land size, provided only a single garage, were townhouse-style properties, or differed substantially in specification and overall accommodation. Accordingly, the two properties considered most comparable have been relied upon in determining the estimated selling price.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
