Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There have been no notable recent comparable sales within the immediate area, largely due to the property's substantial 889m² land size, which is considerably larger than the suburb's median land size of approximately 626m². Properties of this size are relatively uncommon in this location, making direct comparisons difficult. Additionally, the property has been freshly renovated, further distinguishing it from other recent sales. The property's value has been assessed with consideration to its larger-than-average land size, freshly renovated condition and desirable location.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
