Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Due to the property's substantial size, expansive landholding and highly desirable location, there are no directly comparable recent sales that accurately reflect its unique characteristics and overall market position. The combination of these factors distinguishes the property from other homes within the surrounding market, making it difficult to establish a meaningful comparison based solely on recent sales evidence.

Accordingly, the property's assessment has been informed by consideration of the broader market, taking into account the quality, scale, land component and location of the home, alongside the limited availability of properties offering a similar combination of attributes.
