Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

We reviewed residential land sales within 5 km of the property during the preceding 18 months. We could not identify any land sales of a similar nature besides the selected sale. The sales reviewed differed materially from this property because all sales in the past 18 months within a 5 km radius were on a significantly smaller land size. We therefore believe fewer than three comparable properties were sold within the relevant period.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
