## Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There was only one comparable vacant land sale identified within the relevant six-month period. Unfortunately, there were very limited sales of vacant land with a similar land size and comparable characteristics in the surrounding area during this period.

The one comparable property identified was approximately 100m² larger than the subject property and sold for $470,000. Due to the limited availability of comparable vacant land sales and the difference in land size, there was insufficient evidence to identify additional directly comparable transactions to assist in determining the estimated selling price.

Accordingly, the available comparable sale has been considered when assessing the indicative selling price of the subject property.

## Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
