Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

51 and 53 Reed Street have been selected due to their nearby location, similar allotment sizes and vacant residential land status. No third sufficiently comparable sale was identified among the sales reviewed within 5km over the past 18 months. Other sales involve substantially smaller allotments or additional improvements, including shedding, which materially affect their comparability

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
