Reason there are fewer than three comparable properties

- ☐ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

A comprehensive search of sales data across the Melbourne metropolitan 2-kilometre radius over the preceding 6-month period identified only two directly comparable transactions. Due to low stock turnover in this localized precinct, no third property shared matching core criteria (a 2-bedroom, 1-bathroom, 1-car space apartment configuration of similar standard, age, floor layout, and car parking allocation) within a reasonable price tolerance. Pricing has been benchmarked using the two available sales alongside broader local market evidence

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
