Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

After researching there are no comparables similar to our property. For the reason that there are no 5-6 bedroom townhouses sold in the last 6 months. most of the sales have been smaller style townhouses. last sale that is almost similar however only has 3 less bedrooms was the one that sold at 57A Rosebank Avenue same size build and near similar land for \$1,274,000. Our home is very unique for the area.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
