Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

7 Nicholson Ave, Reservoir is extremely unique for this area. Its a high end side by side home. There have been sales in the area with similar bedrooms/ bathrooms however due to the luxury features and larger than normal internal size there is only 1 comparable sales.
