Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

This property comprises approximately 6 acres and contains an unfinished dwelling constructed approximately 25 years ago. Given the unfinished nature of the dwelling, the improvements have not been relied upon for valuation purposes, and the property has been assessed primarily on its underlying land value.

Acreage properties of this size are uncommon within Mickleham, and the subject property does not have subdivision potential. As a result, the available market evidence is limited to a small number of larger lifestyle properties within the surrounding area.

The comparable sale included in the PPS is 15 Cooina Avenue, Mickleham, which is a five-bedroom, three-bathroom residence situated on approximately 4.65 acres and sold for \$2,750,000,.

This sale has been included as it represents the closest available acreage transactions in Mickleham within a broadly similar market segment and land holding range.

Having considered recent sales evidence in Mickleham and surrounding areas, no additional sales were identified that were considered reasonably comparable to the subject property, having regard to its acreage size and the unfinished nature of the dwelling.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
