Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

A comprehensive comparative market analysis was conducted across Endeavour Hills in accordance with the Estate Agents Act 1980 and CAV Director's Guidelines for Determining Comparable Properties. Standard statutory search criteria (2-kilometre radius, 6-month sales window) yielded no off-the-plan or newly constructed multi-dwelling unit sales matching the specific 2-bedroom, 2-bathroom product profile.

Local sales within the statutory period in Endeavour Hills predominantly comprise older, established residential units or existing townhouse stock. These do not serve as direct physical or qualitative benchmarks for a brand-new off-the-plan development that offers modern architectural specifications, full builder warranties, and turnkey internal finishes.

Consequently, the estate agent reasonably believes that fewer than three comparable off-the-plan properties were sold

within two kilometres of the subject property in the preceding six months. The estimated price guide has been established using broader regional off-the-plan market metrics, current construction standards, and localized demand for new multi-dwelling configurations.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
