Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There are no comparables of single storey weatherboard homes that have had partial renovations with four bedrooms, two bathrooms, two living rooms and one open air car space on land size between 400-600sqm of land that have sold in the last 18 months in this suburb.
