Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Due to the combination of the property's specifications, substantial land size and overall presentation, there are few comparable properties that closely match these criteria. A significant number of properties with similar land sizes have undergone extensive, high end renovations, making direct comparisons less representative of the subject property's current condition and offering. As a result, the available comparable sales have been assessed with consideration given to differences in renovation quality, land size, accommodation and overall property condition.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
