Comparable property sales

These are the three most comparable properties to the property for sale that were sold within two kilometres of the property for sale in the last six months.

If there were fewer than three, but one or two, comparable properties, these must be included below:

These properties were used to help determine the estimated selling price:

Reason there are fewer than three comparable properties

☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No similar properties have sold in Healesville over the past 6 months. This property is constructed in Mt Gambier Limestone, is within 2 km of the Healesville town centre and the small acreage farmlet is connected to all services. No other properties sold in the last 6 months match this criteria

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
