

# Touch 3 times.

That's all it takes to cook a perfect roast at microwave speed.

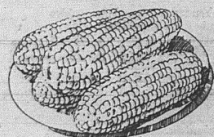

The Westinghouse 'Touch'n Set' Microwave oven. It's so simple, yet the results will amaze you.

It can save up to 70% of your cooking time. It's cleaner than conventional oven cooking. Your food can retain more nutritional value. And the Magnetron turntable ensures even cooking throughout. All this, and the 'Touch'n Set' saves you power too.

'Touch'n Set' gives you a choice of 3 easy ways to cook. You can quickly and easily serve up everything from tasty Ham and Eggs to a lavish Loin of Pork with Apricot Glaze, served with crisp vegetables. Here are the 3 simple ways to get great cooking results.

## 1. The Auto Programmes.

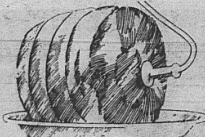

TOUCH  
TOUCH  
TOUCH

You simply touch three controls and it's all done for you. Practically everything you'll ever want to cook. It ends questions like, "How long should I cook for?" and "What temperature should I use?" For example, to cook four cobs of juicy corn, simply touch 'Auto Set Cooking', then programme 'No. 9, then 'Start'. It's automatic!

## Special Simmer Setting.

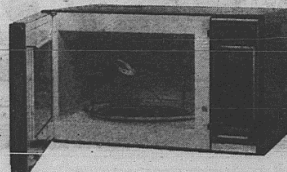

Tender casseroles and stews can be yours at microwave speed. A chicken and vegetable casserole will cook to perfection in just one hour using the special Simmer Setting.

## 2. The Probe Programmes.

TOUCH  
TOUCH  
TOUCH

Once again, just three controls and a special temperature probe will cook any sized roast, joint or chicken, just the way you like it. Soups, stews and casseroles also cook to perfection. The 'Touch'n Set' then turns itself off. All you do is serve.

## 3. Three-Stage Personal Programming.

You can use your own flair and conjure up as many cooking combinations as you want. Just dial your own personal programmes. Choose from Delay Start, 2-stage temperature cooking, simmer and keep warm programmes. The Westinghouse 'Touch'n Set' is totally flexible. And to help you along, we provide you with a deluxe colour microwave cook book full of handy hints and delicious recipes.
