DIRECTOR OF LIGHT RAILWAYS.

Fifth Army No: 704/530 (Q).
1st Anzac No. 155/236.

HEADQUARTERS,
1ST ANZAC.

155/236

"Q" Fifth Army.

Experience has shown in the past that great delays have occurred in unloading 60 c.m. wagons.

The supply of these wagons is still very short owing to the difficulty experienced in getting them overseas.

In order that Light Railways may carry the tonnage you require of them, would you consider the advisability of issuing orders that wagons are not to be kept underload under any circumstances, unless it is absolutely unavoidable.
