UNITED STATES AWARDS TO AUSTRALIAN PERSONNEL

References: A. HQ AFV R445-3-4 of 2 Nov 71.
B. COMUSMACV letter of 21 Jan 72.

1. Attached are five lists of those awards of United States decorations to Australian personnel which have been compiled from United States and Australian Records.

2. Details on the awards to those members shown on Section 1 to 4 are held by MACV.

3. Section 5 is a list of those members for whom complete details are not held. The list has been very carefully compiled from both United States and Australian records. Due to the confusion that has existed in the past on the acceptance of US awards by Aust personnel and the fact that your files are retired after two years, most recommendations for the awards in this list, no longer exist.

4. However the members on Section 5 or their next of kin have previously been informed of the awards, their records notated accordingly and in some cases the decoration was presented. It is therefore thought that any changes to these original notifications could cause embarrassment to both United States and Australian authorities and to the individuals concerned.

5. It is requested that consideration be given to the issuing of Award Certificates and/or non-personalized citations for those listed in Section 5.

6. Your continuing help in this matter is greatly appreciated.

AWARDS TO AUSTRALIAN FORCES

1. Enclosed is a list which provides details of all known awards and proposals for awards to Australian Troops, up to and including 1st May 1972.

2. The list is marked * where it corresponds with the list supplied by your office.

3. In some cases only a proposal for the award has been received and in others the citations, certificates and medals have been misplaced or misdirected. Where this has occurred it is requested that non-personalized citations be raised for the members concerned. This would then allow the members to receive the awards for which they have been proposed.

4. The request mentioned in paragraph 3 above has also been submitted to the US authorities who have agreed to this line of action in the case of incompleted documentation.

5. Your assistance in this matter is greatly appreciated.
