Your note announcing the arrival of BAHAR  
reached me at 11 this morning <sup>by bearer</sup> (taking 2 days), BAHAR  
himself getting here by 3 p.m. - Through TB as  
interpreter I had a talk with him and, as you said,  
he appears to be good chap; according to him, the whole  
of Malinan (Dyaks, Malays and Chinese) are dying to  
help us. -

We were held up one day in Balikpapan by the  
necessity of gathering our bodyguards, weapons, ammo,  
porters etc. ... but are leaving tomorrow morning  
on a forced march to Long Likoe (one day) proceeding  
thence to Semauwe; there, having sent a local man ahead  
to prepare the praws and to get us rice to feed our men,  
we will leave next morning for Malinan, arriving there  
on the evening of the 18th and hoping to be ahead  
of C3. -

The bearer of this note has not been paid,  
I have instructed him to deliver it by tomorrow  
evening 15th ... or no pay. -

2)

At the suggestion of T6, I will ask you  
to reward the Goern of Belikoe for the unlimited  
help and support he gave us by sending him  
some trade goods. — ✓

I will keep you informed of our progress  
from Senemoe. — ✓

 tomorrow I was going to  
 start out for Banang with the  
 a Chinese & without having met Phil  
 a few minutes ago I received a message  
 from Ron Gibbs who in turn got it  
 from L. I received the message  
 over the phone in Malay. The message  
 completely countermands the messages  
 and I says quote "Send in Chinese  
 to T. Subita tomorrow" (8/8/45) I questioned  
 the message & the Malay who spoke and  
 he was definite & urgent. So I have

I am disgusted with your  
constant interference and disobedience.

I am returning you to  
Labuan for this reason.

You will be the only  
person in ~~Labuan~~ ~~Labuan~~

J. Harrison  
(Major)

Since this was written, the situation has  
changed on the Limbang. It therefore directs that  
you stay at Long Semadoe and look after the  
15 Chinese until Sgt. Fredericks arrives from  
Pa Bryong. You will then go to Larus.

just been to within 200 yds of our bastard  
friends - my mistake of course - had 2 patrols out - so  
followed main trail - both <sup>patrols</sup> had branched. The Japs were  
kind though - they shouted to someone & I soon went to  
ground.

At present have all our warriors watching  
them. Seems to me there are a few only - we can ~~hear~~  
see smoke coming up from a hill to one side. Others are  
pounding palay.

More dead Japs around. All in the same  
ragged condition. Have told the villagers to bury or burn  
them.

That plane this morning, circled the houses  
where the Japs are and ignored our ground signal,  
though we were in the next loughouse.

I will come back to the house where I  
displayed <sup>H</sup> BBCFU, in banana trunks by 14.30.

(OVER)

I ordered the Penghuh, to produce 100  
gantas of rice - 'cha bilong' - babh. Should  
be ready this afternoon.

You asked about Sgt Bohng - he is doing  
a good job - he sends his news to me by word  
of mouth only, so I pass it to you.

Just received your note. I'm doubting now  
if I am the worst writer the generation has  
produced. You are taking an interest.

What if you are held up - well I send  
the gaps on or we are in a good form to do a  
little law.

Runer just returned from G. Singh. Gaps are  
under observation.

Now I hear a slot - many.
