3 Oct 1945 — No 56

DUTIES — As Detailed by CSM

127 INVESTIGATION ON DEFICIENCIES OF STORES AT382 "WYBIA"

Lt RM Platt is appointed Investigating Officer to investigate and report on deficiencies of Stores of AT382 "Wybia" in accordance with GRO 348/44. Evidence will be taken on oath.

128 ~~POST~~-DISCHARGE MALARIA

1 (a) The Repatriation Commission will accept responsibility for providing any treatment necessary in respect of the first attack of malaria suffered by an ex-member of the AMF after his discharge from the army.

(b) During such treatment, the Commission will institute inquiries as to eligibility or otherwise for the treatment of any subsequent attacks of malaria.

2 On the first occasion after his discharge that an ex-member becomes ill with malaria, he should -

(i) if resident in a capital city - report to the Repatriation Department's branch office or general hospital, either in person or by telephone, when immediate examination and treatment will be arranged;
(ii) if resident in the country - report to and request treatment from the nearest Repatriation local medical officer, who will send a report to the Repatriation Department. It will be necessary for the ex-member to identify himself by production of his discharge certifieate.

3 (a) If it is not possible so to report, the ex-member should consult and request treatment from his local civilian doctor, and, provided prompt advice is sent by the doctor or the ex-member to the Repatriation Department, the Commission will assume full responsibility for the payment of medical fees, hospital fees and the cost of drugs.

(b) Arrangements for any further treatment will be notified to the ex-member by the Repatriation Commission as soon as possible.

4 Information regarding the treatment of malaria, with particular reference to ex-service personnel, has been sent by the Commonwealth Department of Health to civil medical practitioners.

5 In view of the foregoing, it is unnecessary for any member to be examined by a final medical board at the time of his discharge merely on account of a history of malaria. If the member has had an attack during his service, it will be on record in his medical history. Whether or not the member has had an attack during his service, he will be cared for by the Repatriation Commiasion should he develop an attack of malaria after his discharge.
