Recce of Site for Lt. Sect. 6 Aust Fd Amb.

Location Ref. map. WAIME 1 in. to 1 mile (0461 Series) 251639 (Accent map) or. WAIME 1 in to 1 mile (3583 Series) 261636. The above map. ref. is the site of HQ. R A 3 Aust Div. (Ser. N°. 69). The C.R.A. & A.D.M.S 3 Aust Div. have sited a suitable area about 1/4 mile along the tracks on the Nadzab side.

Terrain: Level ground, covered with short kunai Ground has good doahage properties and is dry at present as there has been little rain. The site is bounded on Nadzab side by small fairly fast flowing creek about 6 ft wide x 1 ft deep. This will supply all water requirements.
There is adequate short scrub timber in the near vicinity to supply firewood.

Roads. The track in from Nadzab is good for the first 9 miles from the M.P. point on Lae side of Nadzab to the John Bait Bridge on the North side of Nadzab. From there on there is

9 miles of fairly tough going over kunai flats suitable for 3 tonners. and takes about 1 hour to travel in a jeep.

ADMINISTRATION.

MEDICAL. Object:- To treat, evacuate & hold if necessary (up to 15 pts). pts from. H.Q. R.A. 3 Aust Div, 4 Aust Fd Regt. & a mountain Bty. total 900 pts within a radius of 2 miles. It is expected this number may be increased by 900 in the near future.

Method. Evacuation at present are by Amb. wagon attached to 4 Aust Fd Regt four 2 M.A.C. These are going to 7 A.G.H Lae or in urgent cases to an American Station hospital at Nadzab. Recce of Site for Light Section 6 Aust Fd Amb (AIF)

LOCATION : Ref Map WAIME 1 inch to 1 mile (0461 Series) 251639 (a recent map) or Ref Map WAIME 1 inch to 1 mile (3583 Series) 261636.
The above map reference is the site of HQ RAA 3 Aust Div Serial No 69. The CRA & ADMS 3 Aust Div have sited a suitable area about ¼ mile along the track on the NADZAB side.

TERRAIN : Level ground, covered with short kunai . Ground has good soakage properties and is dry at present as there has been little rain.
The site is bounded on NADZAB side by small fairly fast flowing creek about 6 ft wide and 1 ft deep. This will supply all water requirements.
There is adequate short scrub timber in the near vicinity to supply firewood.

ROADS : The track in from NADZAB is good for the first 9 miles from the M.P.Point on LAE side of NADZAB to the John Brit Bridge on the north side of NADZAB. From there on there are 9 miles of fairly tough going over kunai flats suitable for 3 tonners and takes about 1 hour to travel in a Jeep.

ADMINISTRATION

MEDICAL : Object :- To treat, evacuate and hold if necessary (up to to 15 patients) patients from HQ RAA 3 Aust Div, 4 Aust Fd Regt and a Mountain Bty, totalling 900 troops within a radius of 2 miles. It is expected that this number may be increased by 900 in the near future.

Method :- Evacuations at present are by Amb wagon attached to 4 Aust Fd Regt from 2 Aust M.A.C. These are going to 2/7 Aust Gen Hosp LAE or in urgent cases to an American Station Hosp at NADZAB. It is expected that the Lt Sec will have its own Amb wagon and will evacuate in the same way. ADMS has not, as far as I know, finalised these details.

Medical Supplies : By arrangement with 6 Aust Fd Amb (AIF) LAE.

Disease Incidence :- At present the sickness rate amongst above-mentioned troops is light. Very little malaria, small number of Dengue, Mokkas present in area but NO cases to date, mite lotion being used.

230. PEN FRIENDS (NGF/G189)

On Jan 44 a report was published in "Guinea Gold" setting out particulars of a proposed Pen Friend Scheme which would enable Australians to communicate with persons in USSR.

It is pointed out that the scheme is as yet only a proposal, and that pending a decision by the Governmental Departments concerned, the conditions regarding such correspondence, as laid down in Para 16 of LHQ Field Censorship Instruction No 4 still apply.

231. EDUCATION - MEMBERS OF THE FORCES WITH CIVILIAN PROFESSIONAL QUALIFICATIONS. (NGF/A191)

1. There are numerous members of the Forces who are members of civilian professions or trades requiring high technical qualifications for whom facilities have not been readily available to enable them to keep abreast of developments in their professions during the period of their service in the Army.
2. This applies both to those who are members of Arms or Services in which their professional knowledge is utilised, as well as to others who are in postings in which they have had no opportunity in which to maintain their professional or technical knowledge.
3. Action is therefore being instituted to establish "A Professional and Technical Education Section" under control of DAD Education NG Force.
4. It is desired to obtain information in respect of members of the Forces with qualifications as above who wish to obtain facilities to study recent developments in their profession, and to organise them into appropriate groups, and, by liaison with respective Institutions or other Associations, to arrange that instructions (including meetings, lectures, circulation of information, technical magazines and the like) be given to help members to be abreast of developments when the war ends.

AUSTRALIAN WAR MEMORIAL AWM2018.8.350

EDUCATION - MEMBERS OF THE FORCES WITH CIVILIAN PROFESSIONAL QUALIFICATIONS (CONT)

5. Action has already been taken on these lines in respect of Engineers in the Force in association with the Institution of Engineers, Australia which will be conducted by DAD Education as "Technical Education - Section A - Engineering".

6. Members with professional or special qualifications as above who desire to avail themselves of these facilities are requested to forward their names with full particulars of their qualifications to this HQ with a view to the extension of these facilities to them.

232. CONSERVATION OF RUBBER - SYNTHETIC TYRES (GRO 0302/44).

1. The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care then ever be exercised in the use and maintenance of all tyres, whether of synthetic or natural rubber construction.

2. Synthetic tyres are far more susceptible to failure through abuse than tyres constructed from normal rubber. All concerned will, therefor
   (a) exercise the utmost care to avoid -
       overloading,
       under inflation,
       hard braking and fierce acceleration,
       high speeds,
       bumps and other causes of severe impact;
   (b) check wheel alignment frequently and correct irregularities promptly;
   (c) rotate tyres regularly;
   (d) remove stones and flint from tyres during unit maintenance;
   (e) submit tyres for replacement at the correct stages for recapping; and
   (f) submit damaged tyres for repair without delay.

3. Disciplinary action will be taken where breaches of this order occur.

233. COMMONWEALTH WAR LOANS (GRO F303/44)

1. Approval has been given for members of the AMF to subscribe to Commonwealth Loans by making an allotment of portion of their pay to the Commonwealth Bank. Amounts received by the Bank under the allotment will be credited to a special account in the member's name and interest will be allowed thereon at the rate borne by the Bonds selected for purchase by the member. As often as funds in the account accumulate to the extent of £10, the Bank will purchase a £10 Commonwealth Treasury Bond on behalf of the member.

2. Where a member desires to subscribe in accordance with the provisions of this Order, he will sign an allotment, in the form WF12 of the daily amount (in even shillings) he wishes to contribute for the purchase of Treasury Bonds, the name of the allottee being shown as "Commonwealth Bank of Australia .....Branch" (with the insertion of the name of the capital city of the member's state of enlistment). The member will at the same time, sign a printed notification to the Bank. Forms of notification may be obtained from Pay Sgt.

3. Bonds will be held by the Commonwealth Bank at the capital city of the member's state of enlistment for safe custody on behalf of the member. In the case of members enlisted in the Northern Territory or in New Guinea, bonds will be held by the Commonwealth Bank at Adelaide and Brisbane, respectively.

4. Where a member is discharged or cancels his allotment, the special account will be closed and any balance remaining therein will be credited to the member's bank account or paid to him, whichever he desires.

266. NOTIFICATION OF CHANGES IN RESPECT OF NEXT OF KIN (GRO 330)

1. A member of the AMF may nominate any person as his next of kin for Army purposes although that person is not his legal next of kin.

2. It is the function of the 2nd Echelon organisation to notify fatal and certain other casualties sustained by a member to the person recorded in Army records as the member's next of kin or to any other person nominated by such next of kin to receive casualty advices.

3. Failure by a member to report promptly particulars of a change of next of kin or a change of address of next of kin in order that the appropriate 2nd Echelon component may be advised causes considerable administrative work to the army and may delay or prevent notification of a casualty being given to the proper person thereby causing distress to the members relatives.

4. Each member will, therefore, on the occurrence of any event (such as his marriage or the death of his next of kin) which renders a change of the record of his next of kin desirable or necessary, notify this HQ of the change he desires to make. Similar prompt notification should be given of any change of his next of kin.

5. Each member is warned that a change of his allottee or an entry in his AAB 83 of a change in the particulars of his next of kin will not be sufficient to notify the 2nd Echelon organisation of a change in respect of his next of kin.

6.(a) Each member is advised that on his marriage any will or codicil previously made by him, save in exceptional circumstances, becomes of no effect and under Australian Military Regulations he is bound, upon marriage, to make a new will.

6.(b) On marriage a member will make another will immediately either on an AAF A130 or by a separate document and will submit the AAF A130 in an envelope (AAF A131) duly completed to this HQ for transmission to the appropriate 2nd Echelon component.

6.(c) A member may obtain the assistance of an officer of the AALC in the preparation of a will.
