Captain C.C. Hains, A.A.M.C.

18 JUN 1919
(deceased)

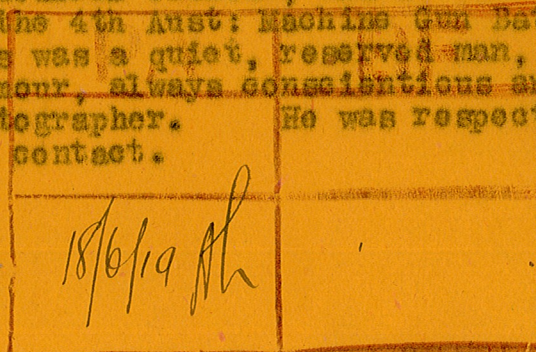

[Handwritten signature]

In reply to your letter of 2nd May with regard to the above-named Officer, after making many enquiries the following items are forwarded for your information and publication as acceptable.

Capt. C.C. Hains was accidentally killed in France on 14-4-19, and by his death the A.A.M.C. lost an efficient and gallant soldier. Commencing his career in Medicine at Sydney University in 1912, he graduated in December 1916. He was attached to the Royal Prince Alfred Hospital, Sydney, 1917-1918, as Resident Medical Officer.

He enlisted in the A.A.M.C. and served in France with various Australian units as Medical Officer, and at the time of his death was acting as R.M.O. to the 4th Aust. Machine Gun Battalion.

Capt. Hains was a quiet, reserved man, possessed of shrewd self-reliance and humour, always conscientious and practical in his work, and a keen photographer. He was respected and liked by all with whom he came in contact.

(1897.) J. H. ANDERSON,
Lt. Col.
Major-General,
D.M.S., A.I.F.

Lt. Col. Chapman.

No further
replies, re the
late Capt. C. C. Stairs,
have been received.

Captain C.O.Hains, A.A.M.C., was accidentally killed on 14-4-19.

It is desired to write an obituary paragraph, and it is thought you might be able to supply some information regarding him seeing that he was at Prince Alfred's Hospital, Sydney, much about the time you were there.

Observations on his place and date of birth, career as a student, his scholastic abilities, honors, athletic career & trophies, if any, hobbies, etc., will be acceptable.

I am unable to give any of the information desired. I was only at Prince Alfred Hospital for about a month while Capt Hains was there & he was a year or so in advance of me in his University course. I could not write with any degree of certainty about his career at all.

Reference your 2nd 19149

I beg to state that I regret that I can give little information concerning Captain C.C. Hains suitable for an obituary notice. I was with him at Prince Alfred's in 1917-1918 but know nothing of his life before that date except that he was a student-uniform at the Crown St. Maternity Hospital during 1917. He was House Physician & Surgeon to Dr Rennie & Mr Gordon Craig for some months & was very efficient at his work & was possessed of a great deal of shrewd self reliance & humour. He belonged to the year prior to mine & that I had no opportunity of meeting his particular friends.
