Dear Col. Anderson

There are such a number of our dear officers at the Prince of Wales. I am telling you who & where they are. If you could possibly manage very much if your representative will call & see them. You must know that it is absolutely necessary. To let some people know. That the Australian Head Quarters Medical department is still in existence. I am doing my best to mother all of these dear lonely boys. I can assure you I feel the responsibility of such a large family. I am well rewarded by their dear gratitude.

Hoping you are keeping well

Yours sincerely & gratefully

E. Col Fisher
