WAR DIARY or INTELLIGENCE SUMMARY

(Erase heading not required).

Army Form C.2118 (adapted.)

Unit HQ A A Defences *Date and Time.—From* 1 June 42 *To* 30 June 42

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices, Diaries, &c.
PARKVILLE	6/6/42	0800	C O & Major BURROWES leave for YALLOURN for A A shoot.	
		0900	During the past 24 hours gun sites have on several occasions been given the order " Stand to". There has been much submarine activity off East & S E coast of AUST,and reportsof unidentified aircraft.	
		1300	11 A A Bty commenced shoot at YALLOURN.	
	7/6/42	1000	11 & portion of 30 A A Bty complete shoot at YALLOURN. C O considers shoot very satisfactory.The target was shot down 3 times.	
			C O at own expense arranged for a film to be taken of shoot at YALLOURN. This film has been developed & viewed,and shows that much can be learned from visual training. It is recommended that this method be fully exploited by proper authority.	
	8/6/42 9/6/42		NIL A A station at QUEENSCLIFF fire 3 rounds at an unidentified plane over SWAN Is. Aircraft frequently enter this area without warning in & on some occasions messages warning in have been received after the aircraft has been sighted.	
	10/6/42		V&c Covering Force advised of the shortage of rifles & revolvers in A A Batteries.	
	11/6/42 12/6/42		NIL NIL	
	13/6/42	0900	Lt Col DALTON formerly from 2 A A Regt visited this HQ & several gun stations.	
	14/6/42	1500	Telegram received advising aircraft for shoot delayed because of bad weather . Units advised not to proceed to STH WERRIBEE.	
	15/6/42	1000	First days programme to be fired Tuesday. Telegram received advising plane developed serious engine trouble	

D.3485/5.39.—C.4788.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2096

WAR DIARY or INTELLIGENCE SUMMARY

(Erase heading not required).

Army Form C.2118 (adapted.)

Unit HQ A A Defences Date and Time.—From 1 June 42 To 30 June 42

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices, Diaries, &c.
PARKVILLE	15/6/42	1600	Telegram from SYDNEY advising plane delayed until 16/6/42 because of engine trouble. Units advised & arrangements altered	
	16/6/42	1700	Telegram received advising plane developed serious engine trouble and departure indefinite.	
	17/6/42	0900	Efforts made through Southern Area to secure another suitable aircraft.	
	18/6/42	1500	Southern Area advise plane from BAIRNSDALE will be made available	
	19/6/42	1200	Units moved to STH WERRIBEE but plane unable to be on course before dark.	
		1700	Plane on course for shoot but cable towing drogue broke & shoot postponed.	
	20/6/42	1000	Shoot commenced but owing to low cloud and misty rain Height ~~control was not possible. Several series at Range Control~~ were fired.	
	21/23/6/42		Units were ready at STH WERRIBEE but owing to dense fog no shooting was possible.	
	24/6/42	1000	10 Bty were able to complete several series but shooting ceased when plane again became unserviceable.	
	25/6/42	1100	Plane on course but again experienced trouble & returned to base for extensive repairs.	
	26/6/42		Plane unserviceable. C O decided that it would be better to postpone the shoot for several weeks until a reliable aircraft was avaialable	
	27/6/42	1400	Advice received that members of the AWAS were to be trained for A A work with the object of employing them on stations & releasing males for Northern Areas.	
	28/6/42		C O instructs O C 4 A A Bty to prepare to train 90 A W A S.

STANDING ORDERS FOR ENGAGEMENT OF AIRCRAFT

22/5/42.

AMENDMENT No. 2.

With reference to Amendment No. 2 Standing Orders for Engagement of Aircraft, the G.O.C. Victoria L of C Area does not approve of the amendment as drafted:-

The amendment should read as follows:-
"Para 8. ENGAGEMENT OF AIRCRAFT.
To a-void disclosing gun positions to an aircraft carrying out a photo graphic recce, a single aircraft will NOT be engaged unless it appears to be about to attack a V.P. In such cases, only one gun will engage the aircraft and flashes will be fired from an adjacent dummy gun position to synchonise with the opening of fire.

Subject to the above instruction, G.P.Os will engage by fire:-

(a) Any aircraft recognised as hostile.

(b) Any aircraft acting in a hostile manner which are not clearly recognised as friendly.

AUSTRALIAN MILITARY FORCES.

HQ A A Defences,
PARKVILLE,
4 July 1942.

STANDING ORDERS FOR ENGAGEMENT OF AIRCRAFT.
22/5/42.

Amendment No 2.

1. Para 8, Page 3 :- Delete para 8 (as amended by amendment No 1 dated 5 June 42) and substitute following para :-

"Para 8 ENGAGEMENT OF AIRCRAFT.

To avoid disclosing gun positions to an aircraft carrying out a photographic recce, a single aircraft will NOT be engaged unless it appears to be about to attack a V P or unless it presents such favorable target that its destruction by gunfire would appear to be certain.

In these cases, only a sufficient number of guns will engage to enable the object to be achieved.

Subject to these instructions, G P Os will engage by fire :-

(a) any aircraft recognised as hostile.

(b) any aircraft acting in a hostile manner which are not clearly recognised as friendly "

Aust AA Gp HQ.,
PARKVILLE N 2
Aug. 28th. 1942.

Vic Covering Force.

112 AUST. LT. A.A. REGT - REDISPOSITIONS.

1. Ref. V.C.F. S/00354 of 26 Aug. with copy Vic L of C memo S/8669 of 25 Aug. This H.Q. has conferred with C.O. 112 Aust Lt AA Regt on the redispositions referred to in para 2 and 3 of memo S/8669 and both he and A.A.D.C. feel that the redisposition should be reconsidered. It is appreciated that the redisposition is approved by G.O.C. and the comments and recommendations which follow are made having due regard to this and also that the views of the A.A.D.C. and C.O. 112 Lt AA Regt may not have been brought to his notice.

2. It is desired to refer firstly to M.A.A.D. Vol II Pam I Section 17 (4) i.e.
" Allotment of AA Resources - It can be expected that A.A. resources
" will always be less than are wanted. It is therefore of
" paramount importance to:-
" i. Decide upon the vital locality or localities requiring protection.
" ii. Concentrate the A.A. resources for the Defence of these vitals.
"iii. Review the situation continually in order that the decisions made as the result of i and ii can be altered as required."

Secondly to MA.A.D. Vol. II Pam II Section 1 (3) i.e. .... It will "always be better to provide strong defences for a few areas than "be led to a policy of dispersion of active resources and consequent "weakness everywhere".

Thirdly to S.M. 10790 of 24 June '42 para 3 ... Inmview of the fact "there are still large deficiencies in the supply of equipment it "has been found desirable to lay down a priority scale in which both "Australian, U.S. Army Units are concerned. First priority is given to "protectionnof aerodromes in operational area; second priority to the "protection of vital industrial plants, ports and other aerodromes; and "third priority to the Field Army."

3. It is appreciated that in the L of C Area are numerous vital installations - some of which are of paramount importance to the War Effort but, with the greatest respect, it is felt that this factor has led to the very action which M.A.A.D. Vol II Para II Sec I (3) deprecates and which would appear also to have been the guiding factor in S.M. 10790.

4.(a) The employment of Lt AA Guns singly is always to be regarded as highly undesirable owing to the ease with which they can be eliminated by ground strafing aircraft. The fact that second guns are available at call at WERRIBEE Racecourse can NOT be accepted as a workable plan because
(i) if the deployment of guns in a role of instant readiness is justified, then there will be insufficient warning to move equipments from as far as WERRIBEE; and(ii) equipments held by another Unit and in constant use for Tng. purposes may not be in a state of readiness for fire at short notice.

(b) The splitting down of a Tp renders administration almost impossible (cf M.E.T. P No.2 Pt.VII para 6 (b)). It was precisely to prevent the splitting down of Tps. that the present establishment of 3 gun Tps. was instroduced.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2096

5. On the basis of 22 Guns being available; the following allotment is recommended:-

YALLOURN	6 guns
MARIBYRNONG	6 "
VICTORIA DOCK	6 "
LAVERTON	4 "

(This accords with the principles referred to in Para 2 above).

6. The reasons for omitting VAs previously defended are:-
(a) POINT NEPEAN - QUEENSCLIFF.

V.P.s are 20 feet diameter targets. These could be destroyed by dive bombing or more likely by low-level bombing attack only. If the latter were directed from seawards bombs could be released BEFORE the attacking aircraft came into range of the Lt AA Guns and attacking a/c would of course be free to turn seawards immediately. Aircraft attacks apart, these C D Guns can be outranged by enemy ships, and hits scored in the sand dunes below the emplacements which are of relatively thin concrete will effectively impair accurate shooting without the necessity for scoring direct hits.

(b) POINT COOK. This is Tng. establishment. It is NOT an aircraft assembly depot and the area contains buildings and tng. aircraft and equipment only.

(c) NEWPORT. Function of the Railway Power House is to supply power for MELBOURNE electricity transport system. Alternative transport exists. In the event of breakdown, S.E.C. can furnish alternative supply.

(d) BROADMEADOWS. No serious attempt has been made to develop P A D which if strictly enforced would render this V A comparable in importance to any of the lesser and undefended industrial establishments. Apart from this the B.O.D. is now at ALBURY and this area is now of relatively little importance.

7. The reasons for the allotments in para 5 above are:-

(a) YALLOURN. Refer detailed appreciation on this layout (Copy herewith). Original allocation of 4 guns is the irreducible minimum and as this area is unquestionably the most vital single installation in Victoria adequate protection for both V A and the Hy AA Sites is essential.

(b) MARIBYRNONG. At present only the Explosives factory is covered. This could however be destroyed by lucky hits from A/C flying at great height. Although low flying and dive bombing attacks are considered unlikely against the explosives section, owing to the grave risk for A/C making the attacks, such form of attack could be expected against the Ordnance etc. sections. The addition of two guns to the layout would enable its extension to cover the Munitions and Ordnance Sections and therefore is fully justified.

(c) VICTORIA DOCKS. Damage to warehouses, shunting yards etc. as would result from high level bombing can be made good in a reasonably short time. To immobilize the docks requires the sinking of ships at their berths or in the docks defiles; and the destruction of railway defiles such as the composite bridge to the West of Spencer Street Rly. Yards. Such targets can only be effectively hit as the result of accurate dive bombing, that is from A/C flying low.
Hence a light AA Gun defence is essential. The present allotment of 4 guns is insufficient for the triangular area they now enclose.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2096

The proposed addition of 2 guns would enable extension of the layout to include the area as far as C A C Works, a channel normally congested with shipping.

(d) LAVERTON. This is the main assembly in Victoria L of C Area for aircraft crated from overseas to operational stations in the forward areas of the S.W. Pacific Theatre and at present is holding aircraft of more than usual importance. Each individual hangar or shop would require hitting, necessitating low level attacks or dive attack.
There is usually, too, an ugly concentrationnof assembled aircraft - 16-30 machines - on the ground to the WEST of the assembly area.

8. It is earnestly requested that the recommendations made be given effect to. If and when other Lt AA Guns are made available the extension of the Lt AA Defence to other less important areas can be effected.

Lt. Col.
Commander A.A. Defences.

A A BATTERIES : FUTURE PLANNING.

1. Since December 1941 to the present, the A A Artillery units in VICTORIA have supplied approximately 900 officers and other ranks for Northern Areas. In January the A A Artillery was reduced to 6 officers and approximately 200 other ranks, and after intensive efforts by all concerned, not only were the original three Batteries (4,10 and 11) rehabilated, but 28, 30 and 31 were raised, involving, in all, the training, appointment and promotion of approx 40 officers and nearly all the NCOs and specialists required for six Btys. During a period of two months the A A Defences were virtually ineffective. The same position but to a lesser degree now maintains, but the recruit position for replacements is far worse now than eight months ago. After the move to Leave and Transit Camp of personnel detailed for 33 and 34 Aust A A Btys it will be necessary to re-distribute trained personnel and NCOs throughout the Batteries and replace the deficiencies with recruits. The minimum period to effect some standard of efficiency, provided that recruits have complete recruit training in depots, will be 6 weeks - during that time it is hoped to maintain a minimum of one instrument detachment and two trained gun crews on each A A station, and any constructional work must be relegated to the background to enable complete concentration on training.

2. If further drafts are to be produced (and it is assumed that this is the case) the question of continuity in operational employment must be considered.

3. If the operational side is to be relegated to the background and the energies of officers and NCOs directed into continuous schools and courses, the maintainance of effective operational manning will be most difficult to envisage as personnel will be continuously away from their stations.

4. If the Operational side is to be maintained with any degree of efficiency and continuity in conjunction with the production of drafts, other means must be considered. This can be achieved by :-

   (a) recruit drafts of Class 2 personnel and,
   (b) employment of AWAS in all postings permitted in the W/E, in all A A Batteries.
   (c) Augmentation of the A A Tng Regiment to establish it as an effective training ground for replacements or drafts required from time to time..

If the present policy is to maintain, of training Batteries and and then transferring and replacing Officers, NCOs and men, it achieves no satisfactory results from any point of view, but it does achieve loss of heart and enthusiasm in officers and instructors who are left behind when drafts are taken.

It is/

SECRET

384 42

(2).

5. It is therefore recommended :-

(a) that personnel now required by A A Batteries (approx 350) to be drafted from Class 2.

(b) That AWAS be drafted to all Batteries for all duties for which the W/E provides.

(c) That Tng Regiment be put on a sound basis for production of Hy A A drafts when required,and that this Regiment come under the command of this HQ so that its A A training can be effectively supervised by qualified officers. (This maintains in NSW L of C Area).

Lt Col
Commander A A Defences.

A.A. GROUP H Q. SECURITY INSTRUCTION No.5/42.

VISITORS TO A.A. INSTALLATIONS.

1. Complaints have been received recently from superior H.Qs. that due attention is not being given to security. This instruction has been issued so that there can be NO doubt in the minds of Unit Commanders, in the matter of admission of persons to A.A. installations within this Command.

2. A.A. Unit and Site Commanders will refuse admittance to any person, whether or NOT in Military uniform and regardless of apparent rank, unless :-

(a) such person is personnaly known and approved or his identity can be completely established from a reliable source. (A pass bearing an unfamiliar signature is NOT to be accepted).

(b) a pass signed by an Officer of this H.Q. is produced for inspection.

3. Unless a pass signed by an Officer of this H.Q. can be produced for inspection, NO PERSON, with the exception of Officers of A.A. Arty and S/L Units within this Command will be admitted to A.A.O.R. without previous reference to this H.Q. nothwithstanding that such person:-

(a) is personally known to Duty Officer,
(b) has already gained admission to F S H Q,
(c) has on some previous occasion been admitted to A.A.O.R.

4. Refusal to admit a person to any installation within this Command is to be accompanied by the utmost courtesy, but with no diminution of resolve. Any person who refuses to accept the position and who attempts to proceed with his intention of entering, will be taken into and held in custody of the guard. Any person who resorts to force will be met similarly.

5. Please accept the above instructions as direct orders of Commander A.A. Defences.

6. Unit Commanders will personally acknowledge receipt of this Instruction.

PARKVILLE.
28/8/42.

H.Q. Vic. Covering Force.

SECURITY INSTRUCTION.

1. Ref. V.C.F. 323 of 21 August 1942.

2. It is agreed that "due attention is NOT being given to security requirements." In the opinion of this H.Q. the worst offenders are officers - often of senior rank or appointment - and Service or semi-Service departments.

3. For example:-

(a) It is an extremely easy matter for any person wearing the uniform of an officer to gain access to most H.Q's.

(b) Having gained access to the building, it is no trouble to view even the most secret documents, maps etc., This is done merely by being pleasant, or in the case of a senior officer by being pompous.

(c) Recently an officer known to this H.Q. walked into a H.Q., introduced himself as O.C. of a unit moving shortly to New Guinea, and, although he was unknown his request, for six copies of a map of a strategically important area, was very obligingly granted.

(d) Recently during conversation with an officer, he disclosed that he had been able to inspect photographs of defence installations when on an uninvited visit to the Dept. of Information, (At which establishment he was completely unknown.)

(e) Certain philanthrophic organisations have complete knowledge of the nomenclature, strength, destination, time of departure and method of travel of units moving to forward areas. This knowledge is often in excess of that known by subordinate H.Q's and officers directly concerned in the moves; and moreover, is known by relatively insignificant members of the organisation.

(f) On 27 August an officer telephoned this H.Q. from H.Q. Vic. L of C. and asked for the map co-ordinates of all A.A. sites in the Melbourne area. He was not given the information.

N.B. (There are no references nor inferences in the above to H.Q. V.C.F.)

4. Ref. para 3 of 00323:

(a) Each unit in this command has a Security Officer who keeps abreast of security instructions from superior H.Q's and who gives instruction to all ranks.

(b) The film, "Number Rank and Name" has been exhibited throughout the command.

H.Q. Vic. Covering Force.

SECURITY INFORMATION. (Contd.)

(c) Censorship is rigidly enforced. (Except that men are of course able to post uncensored letters when on leave.)

(d) Unit officers have been instructed, that apart from lectures etc., on Security, they are to frequently give five minute lecturettes e.g. at morning parade.

(e) I.O. of this H.Q. has successfully completed an "I" Course held recently at Seymour, and he has been instructed to lecture all units in the near future.

(f) A.A. GP. H.Q. Security Instruction 5/42 has been issued, setting out instructions regarding the admission of persons to A.A. installations within this command. Two copies have been forwarded to H.Q. V.C.F. for information.

5. It is felt, that perhaps one reason for officers not being as "Security-conscious" as they should be, is that most of the information contained in Intelligence Bulletins etc., marked "Secret", has already been released to the general public per newspaper and radio. The instance of the officer, who has resolved not to discuss, certain "secret" matters, and who. a few hours later, reads the same, and often more information in the daily newspaper, is, unfortunately well known.

6. Without introducing "Gestapo" methods, it is difficult to see how really good security can be achieved - within or outside the Army. It is thought, however, that the following may help:

(a) Correct grading of correspondence and careful avoidance of marking innocuous matter "Secret", merely because it is indirectly related to some Secret file.

(b) Increase the trust in officers by giving them operational intelligence in more detail and in advance of the press and radio. Officers who betray this trust should be dealt with - not merely threatened, as at present.

(c) When moves of troops are to occur, full necessary details of the move should be issued only to those concerned; and i. nature and strengthof unit, ii destination, iii method of travel and iv time of departure, should be divulged to as few individuals as necessary - these individuals to be officers directly concerned with these four matters. On no account should all four matters be known by philanthropic or other civilian organisations, concerned in the move. Instructions regarding recent A.A. drafts to other areas, were so incompletely compiled, so inadequately worded and distributed, that many phone conversations and interviews occurred with persons who really were not concerned, in endeavours to ascertain just who was concerned, and who could implement the instructions. This is one way in which troop movements receive far more publicity than is desirable - even though that publicity is within the service.
