AUSTRALIAN MILITARY FORCES

ROUTINE ORDERS PART I

by

CAPT. CHRISTIANSEN, ADMN. H.Q. 16 TH AUST. A.A. BATTERY.

18 October, 43. No. 65.

---

1. AVIATION PETROL UNLEADED :

No indents will be placed on RAAF or US Army Air Force, for 73 octaine aviation gasoline (containing no tetra-ethyl lead) unless specifically required for use in aircraft engines. Any such indents will be endorsed by the officer commanding the indenting unit "required for aircraft engines".

2. PROPELLANT CHARGES NH, FNH, FNH/P, N, N/S, NQ AND N/FQ - CARE OF BORES AND MECHANISMS DURING AND AFTER FIRING :

i. Nitrocellulose propellants are liable to cause fouling of the chamber, firing mechanism and, in the case of 40 mm equipment, of the auto loader. The formation of ammonia leads also to a blue deposit in the bore.

ii. In order to maintain the equipment in serviceable order and to reduce the incidence of misfires, detachments will be instructed to carefully clean chamber, firing mechanism, auto loader and bore, as soon as possible after firing, and, so far as practicable, during pauses in action.

3. IDENTITY DISCS :

i. Identity discs are frequently the only means of identification of the body of a soldier who has died, and it is therefore of the utmost importance that the following paragraphs be understood and observed by all members of the AMF.

ii. All ranks will be supplied with two identity discs which will be worn as shown below :-

(a) The No. 1 (hexagonal) disc will be suspended round the neck beneath the uniform by 32 inches of cord, and the No. 2 (round) disc will hang below the No. 1 by the two being joined by 6 inches of cord.

(b) The following particulars will be stamped clearly and effectively on the discs as under :-

Front side :

(i) Army number
(ii) Initials and name
(iii) Index letter (s) of religion.

Reverse side : Blood group number (as shown inside back cover of pay book).

(c) The index letter of the various religious denominations are :-

Church of England	.. C.E.	Congregational	.. C.
Presbyterian	.. P.	Roman Catholic	.. R.C.
Methodist	.. M.	Jewish	.. J.
Baptist	.. B.	Salvation Army	.. S.A.
Lutheran	.. L.	Church of Christ	.. C.C.
Christian Scientist	.. C.S.	Greek Orthodox	.. G.O.

iii. Discs which have been stamped with incorrect details will be destroyed under supervision and any necessary replacements effected without delay.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

4. ASSISTANCE TO FAMILIES OF SOLDIERS :

I. Attention is directed to First Aust Army Order A154/43, which is to be promulgated in all Unit Orders.

ii. Recent cases of soldiers convicted of absence without leave indicate that the method of obtaining an extension of leave or a compassionate leave whilst a soldier is away from his unit is not understood.

iii. Unit Commanders will ensure that troops under their command are informed of the correct procedure and advised that, if necessary, medical certificate and supporting evidence may be produced subsequent to granting of leave.

5. GIFT PARCELS FOR UNITED KINGDOM ADDRESSES : DUTY FREE CONCESSION :

A concession has been sanctioned by the United Kingdom authorities which permits members of the ANF and the British Army, serving in Australia, to send to their relatives and friends in the United Kingdom four (4) gift parcels a year, duty free. The usual postage rates are payable.

2. Such parcels must not weigh more than 5 lbs. each nor exceed 30/- in value, and contents may not include :-

(a) Any drinkable spirits ;
(b) More than ½ lb. total weight of tobacco, including cigars and cigarettes (200 cigarettes or 50 cigars - ½ lb.), or any tobacco goods marked "H.M. Ships only;"
(c) More than ½ pint scent ;
(d) More than 2 lbs. of any one foodstuff.

3. Special Customs Declarations (Army Form W5192) will be affixed to the parcels; these will be secured through normal stationery channels for issue, under Unit arrangements, on a basis of a maximum of four (4) a year to any one sender. A comparatively few forms should suffice for needs of any one Unit; and each form issued therein will have entered upon it the recipient's number and name and be signed by the issuing officer in the space provided.

4. It is stressed that full duty will be charged on the contents of parcels which infringe restrictions expressed in para 2.

6. LOST : H.L.2 PASSES NOS. D352833 - D352900. :

It is advised that Home Leave Pass Book containing as far as can be ascertained, blank forms Nos. D352863 - D352900, inclusive, was lost or stolen from the office of the D.D.M.S., HQ Q'land L of C Area, between 20 Jul 43, and 27 Jul 43. Should any trace of these HL2 passes be found, fullest inquiry is required in an endeavour to identify the offender or offenders responsible for their use, and advice submitted to this HQ of the action taken.

ROUTINE ORDERS PART 1.

by

CAPT. CHRISTIANSEN. ADMN. H.Q. 16 AUST. A.A. BATTERY.

3rd. November, 1943. No. 64.

---

1. ELIMINATION OF WASTE.

(a) In order to stress the need for economy and the elimination of waste in the Army, the weekly issue of a leaflet with G.R.O.s has been authorised and the first of the series is circulated with this order.
(b) The leaflets are to be displayed in a prominent position on unit notice boards, and action will be taken to give effect to the message conveyed in each issue. Where sufficient copies of leaflets are received they will be forwarded to Pte.

2. DENTAL TREATMENT.

Should occasion necessitate dental treatment of A.W.A.S. personnel by Dental Section stationed in E.S.C.A. Building, City, this Headquarters will be notified and as far as practicable unit transport will be made available to return members to Unit immediately after treatment.

3. ORDNANCE. QF. FIRING HOLE BUSHES ONLY TO BE REMOVED ON REPLACEMENT.

(a) Removal of firing hole bushes from breech blocks of all natures of ordnance, QF, for cleaning or other purposes tends to make them work loose in service.
(b) Firing hole bushes will, therefore, only be removed for the purpose of replacement.
(c) All existing firing hole bushes will be examined immediately to ensure that they are secure and fully screwed home in their respective breech blocks.

4. SUBSISTENCE PAYMENTS.

(a) When possible subsistence will always be paid prior to personnel proceeding on leave.
(b) In all cases when subsistence is not paid prior to personnel proceeding on leave, an application for same must be lodged in writing with the Pay N.C.O. at Battery Headquarters. This application showing the amount of subsistence due, and particulars of leave, must reach Battery Headquarters no later than the day the applicant is due to return from leave. In all cases where this application is not received on or before the due date, subsistence payment will NOT be made. This regulation will be strictly adhered too.

5. USE OF GRENADES. HAND. JAPANESE. TYPE 91.

(a) This grenade is in common use by the Japanese and quantities have been captured and used by our troops. Tests indicate that the grenade has certain characteristics which may lead to injury in the hands of inexperienced personnel. These characteristics are:-

1. The delay fuse, marked 4/5 seconds, has been known to burn in much less time. Some tested fuses burned in three seconds.
11. While the de lay fuse is burning, a considerable quantity of black smoke is emitted through the escape hole at the base of the fuse tube, and small fragments of the delay fuse are sometimes forced out.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

At night or even at dusk or dawn, a definite glow from this hole can be seen.

B. The following precautions will be taken if the grenade is used:-

(a) It will be thrown immediately after the head has been struck;
(b) When striking the grenade, the hand will be kept well clear of the escape hole at the side of the fuse tube.

6. GRENADES, NO.36M - DESTRUCTION OF BLINDS

(a) Due to the possible occurrence of hangfires, as a result of slow burning fuses, it is essential that an interval of fifteen minutes and not five minutes, as previously published, be allowed to elapse before action is taken to destroy blind 36M grenades.
(b) An amendment to Small Arms Training, Volume 1, Pamphlet No.13, "Grenades", incorporating the above change to existing procedure, will be issued in the near future. In the meantime, action will be taken to ensure that this order is brought to the notice of all ranks.

7. FOURTH LIBERTY WAR LOAN.

(a) The fourth Liberty War Loan of £125,000,000 is now open for subscription.
(b) Arrangements have been made for paymasters to accept application for Commonwealth Government Inscribed Stock or Treasury Bonds from members of the forces serving in Australia or New Guinea who may be desirous of investing their savings in the loan.

Particulars of Loan.
(c) Loan applications may be made for an amount of £10, or higher amount being a multiple of £10.
(d) Stock will be inscribed at par for amounts of £100 or multiples of £10 above £100 as required.
(e) Treasury Bonds are payable to bearer and are issued at par for £10, £50, £100, £500, and £1,000.
(f) Interest is payable at 2½% per annum if invested for five years and at 3½% per annum if invested for sixteen years, and will be credited half yearly to the member's savings bank account or current account if desired.
(g) Interest will be subject to Commonwealth taxation, but will not be subject to any income tax under the law of a state. During the period of uniform taxation, a rebate of 2/- in the pound on interest will be allowed to cover freedom from State taxation.
(h) Any bank nominated by the member will hold the bonds in safe custody for the member if such is desired.

Procedure for lodging applications.
(i) Application forms will be available from paymasters or may be obtained through pay sergeants, and are required to be completed in duplicate. The applicant's signature will be witnessed by an officer of the same Unit.
(j) Sufficient credit must be available in the member's pay book to cover the amount it is desired to invest in the loan. The amount subscribed will be debited in the pay book.
(k) Paymasters may accept cash in payment of a loan subscription, in which case the amount tendered will be entered in the pay book to establish the necessary credit and an official receipt issued and pasted in the pay book.
(l) The Commonwealth Bank will forward to members an interim receipt for the amount subscribed.

General.
(m) Both Treasury Bonds and Inscribed Stock are readily realisable and may be sold at any time. Any bank will arrange this for the member if desired.
(n) Where practicable, the substance of this order will be explained to personnel on parade.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

8. NOMENCLATURE OF RDF EQUIPMENT TO BE CHANGED TO RADAR EQUIPMENT.

(a) The use of the term "RDF" (i.e. radio direction finding) as applied to radio location will be discontinued and the term "Radar" substituted in all cases.

(b) Authority is given for the change of the term "RDF" to the term "Radar" in the nomenclature of all radio location equipment and in all existing documents and publications.

(c) This change conforms to American and recently introduced British procedure and has already been adopted by the R.A.N. and the R.A.A.F.

9. AIRGRAPH SERVICE.

(a) This service is an arrangement under which letters written by senders in Australia upon special forms are photographed in miniature in this country and the negatives thus obtained forwarded by air to the overseas country of address, where enlarged prints are taken, enveloped and delivered by post to the addressees.

(b) The service now functioning from Australia is available only for communications:-

i. To civilians in -

ADEN	EIRE	PALESTINE
ANGLO EGYPTIAN SUDAN	INDIA	SEYCHELLES
BAHREIN	IRAQ	SOUTH AFRICA
BRITISH SOMALILAND	KENYA	SOUTHERN RHODESIA
CANADA	UGANDA	TANGANYIKA
CEYLON	MAURITIUS	TRANSJORDAN
CYPRUS	NORTHERN RHODESIA	UNITED KINGDOM
EGYPT	NYASALAND	ZANZIBAR.

iii To members of the forces of the Empire serving in -

The countries included in the list above, and

SYRIA	MADAGASCAR
PERSIAN IRAQ FORCE	SOMALIA (Italian Somaliland)
ETHIOPIA (Abssinia)	Occupied Territory of Eritress;
IRAN (Persia)	

and the charges payable are as follows.

(a) For airgraph letters to members of the forces of the British Empire ..... 5d.

(b) For airgraph letters to civilians ..... 10d.

(c) Forms upon which airgraph letters may be written by senders are available from Army Postal orderlies serving with units, from whom further details of the service can be secured by personnel.

(d) Normal unit censorship arrangements will apply to airgraph letters lodged by personnel. The franking officer's signature will appear in the lower left hand corner of the form (above the direction "This space should not be used"). Censorable matter will be obliterated and not excised. The unit censor stamp will be affixed in the space between the address panel and the single printed line directly thereunder; it will be placed as far to the left as practicable.

(e) Detailed instructions covering preparation of the letters by senders are set out on the backs of the forms, which will, however, in every case following censorship be passed through unit channels by postal orderlies for onward transmission.

(f) If one form be insufficient for the whole of a letter, two or more separate forms may be used, but in such case each form will be treated as a separate letter and a separate fee must be paid for each. Writing must be plain and preferably in black ink, to secure satisfactory photographic reproduction. Use of pencil is not recommended but, if used, it will be a soft black lead pencil; indelible pencil will not be used.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

(g) Names and addresses of addressees of airgraph letters will be written by hand in prominent block lettering (as large as practicable) and will be kept wholly within the panel provided on the form. The full address of the sender and the date of writing will be written at the top of the "Letter" portion of the form and at the foot of the letter the sender's full name will be written is block lettering followed by his signature.

(h) The airgraph letter as delivered to the addressee overseas will be less than one quarter the size of the original lodged by the sender. The need for block lettering as above described and clear writing generally will therefore be readily understood.

ROUTINE ORDERS PART 1.

by

CAPT. CHRISTIANSEN. AMMN. H.Q. 16 AUST A.A. BATTERY.

8th November, 1943. No. 65.

---

1. DAMAGE CAUSED BY SHOOTING AT NAVIGATION LIGHTS.

1. Cases have been reported of navigation lights on parts of the Coast having been damaged by rifle fire. Attention of all personnel will be drawn to the serious consequences which might arise from the failure of such lights.

2. Any similar occurrences in the future will be the subject of strict disciplinary action and commanding officers will take steps to ensure that damage to lights is not caused by troops under their command.

2. UNLAWFUL DISPOSAL OF EQUIPMENT.

1. Attention has been directed to the unauthorised disposal of A.M.G. equipment to members of the allied forces and civilians and the unauthorised receipt of Allied equipment by barter and otherwise by members of the A.M.F.

2. Members are forbidden to part with, dispose of, or exchange by barter or otherwise, any item of A.M.F. equipment or to receive by barter or otherwise, any item of Allied equipment without consent of the Commanding Officers of their units. Such consent will only be given on the direction of superior authority or when the exigencies of the service render it necessary and reference to superior authority is impracticable.

3. Disciplinary action will be taken against members unlawfully disposing of A.M.F. equipment or unlawfully in possession of Allied equipment, charges being laid under AA 17, AA 18 (4) or AA 40, whichever is appropriate.

3. PAY INSTRUCTIONS.

1. Pay is available once per Pay period, i.e. once per fortnight only.

2. Pay for individual soldiers cannot be drawn at District Accounts Office, Queensland.

3. Intermediate pays will be permitted only under the following conditions:-

(a) On production of a Leave Pass of forty eight hours or more.

(b) As an advance against Travelling Allowance when travelling on duty where expense will be incurred, provided that authority is given in writing by Applicants' Commanding Officer for such advance,

(c) Where absence from the Pay Parade on normal pay day was not due to any neglect on the part of the soldier.

4. Only one drawing will be permitted for leave purposes, or for advances against travelling expense.

5. Pay will not be provided for less than 48 hours leave.

6. Pay must be drawn at the unit to which soldier is attached or Camp at which accommodated, e.g., a soldier quartered in L.T.D., G.D.D. or a Staging Camp will draw pay from such Depot or Camp only.

7. In the event of a soldier on leave finding himself in necessitous circumstances, he should report to Qld. L. of C. Area, Leave and Transit Depot. Brisbane, or, if in a country centre, to camp Staff Officer or Area Officer. Pay will be made available to the extent of the soldier's credit in his pay book at the nearest Cash Office, on production of the Leave Pass and an authority to draw pay, signed by one of the abovenamed Officers. It must be borne in mind that pay will only be made subject to conditions set out in this order.

8. Subsistence claims for leave for duty, and Travelling and Meal Allowance claims must be furnished through Units to Paymasters, and not presented by individuals to the District Finance Officer.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

4. DISCIPLINE: PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES.

1. The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportation services a even from fellow soldiers have increased to an extent which renders immedia and effective remedial action necessary.

2. The use of terms such as "pilfering","scrounging" etc., to describe such offences tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be view very seriously and offenders will render themselves liable to severe punishment.

3. The impression may exist that an isolated instance of theft of military stores and supplies, though a mean and despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it exists, is completely erroneous. The cumulative effect of such thef affects seriously the maintenance of the troops in the field, dislocates th supply organization at all points, invloves grave waste of manhours, and is in fact, equivalent in result to that of directly treasonable activity.

4. These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders.

5. Commanding officers will ensure that all losses of government property within their units are promptly investigated and, where theft or fraud is suspected, that the APM or DAPM of the formation concerned is promptly advised. Attention is directed to GRO. A.392/1943.

6. Whenever the evidence establishes against a member a prima facie case of stealing, fraudulent misapplication or improper possession of government property or the property of a comrade, his commanding officer wi apply to superior authority for trial by court martial of the member concerned. Charges will be laid under AA 17 or AA 18 (4) or AA 40, whichever is appropriate. A charge under AA 40 of being improperly in possessi of public property or the property of a comrade will, whenever justified by the evidence, be laid as an alternative to a charge under AA 17 or AA 18 (4)

7. The attention of all officers appointed as presidents or members of courts-martial trying the offences mentioned in this order is directed to AMR & O 558 (3) and MML (Aust Ed), para 82 (Sentences in case of unusual prevalence of offences).

8. As a general rule, no suspension or remission is to be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

9. The substance of paras 1-4 amd 8 hereof will be published in unit routine orders and commanding officers will take special steps to impre all ranks with the importance of such provisions.

FIELD RETURN OF OTHER RANKS

Official Use only.

AUSTRALIAN MILITARY FORCES.

ROUTINE ORDERS PART 1.

by

CAPT. CHRISTIANSEN. ADMN. H.Q. 14 AUST. A.A. BATTERY.

22nd. November, 1943. No. 66.

---

1. DUTIES OF SENTRIES - S.A. AMMN.

(a) Units will promulgate to all ranks that it is forbidden to carry live rounds in the breech of the rifle and N.C.O. in charge of guards will at all times inspect arms before sentries are posted.
(b) In future sentries on duty at entrance to Gun Sites will not charge the magazines but carry S.A.A. in the equipment pouch.

2. SERVICE AMMUNITION FAILURES - SAFETY PRECAUTIONS.

(a) The firing of "live" projectiles in all forms is an essential part of training for war. Hence it is necessary that all possible measures be taken to prevent accidents occurring when projectiles, having failed to explode, are discovered later by persons (including children) who are unacquainted with their nature and the danger involved in handling them.
(b) Every endeavour, therefore, will be made to note the exact location of any projectile which fails to explode and to render it harmless before the troops engaged in the practice vacate the firing area.
(c) Where the projectile has been located but cannot at once be destroyed or in cases where, after careful search, a projectile that has failed to explode cannot be located, danger notices will be erected to warn persons away from the area. Where the area concerned is accessible to civilians, the civil police will be warned and, if the exigencies of the service permit, a guard will be posted in the vicinity to warn persons approaching the area of the danger.
(d) Where necessary to locate projectiles not discovered by searching, mine detectors will be used.
(e) Particular danger attaches to unexploded grenades and blind mortar bombs. The method of dealing with such grenades is contained in Small Arms Training, Volume 1, Pamphlet No. 13, "Grenades", Australia, 1943, Appendix 111, paras 5 and 6. The methods of handling, movement and destruction of blind projectiles in general are contained in Regulations for Army Ordnance Services, Part 11, Pamphlet 4, and Manual of Military Engineering, Volume 1V.
(f) Officers in charge of the firing of "live" projectiles will furnish certificates to unit or equivalent commanders that they have complied with the instructions in para.2 above and that, to the best of their knowledge and belief, all projectiles fired or thrown under their supervision have exploded or have been rendered harmless or that action has been taken in accordance with para. 3 above.
(g) When an accident occurs as the result of a projectile left in in a dangerous state and the evidence discloses negligence or failure to take reasonable precautions, disciplinary action will be taken.

3. RELEASE OF A.A.M.W.S. & A.W.A.S. FOR CIVIL NURSING TRAINING.

Where application for discharge from the Army for the purpose of undertaking civil nursing training is submitted by a member of the A.A.M.W.S. or A.W.A.S., approval will be given subject to the production of satisfactory evidence that the member concerned will be accepted by the civil training hospital authorities.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

4. MESSING GEAR.

(a) It has been brought to notice that there are still a number of personnel of the various Services travelling by Regular Troop Trains who are not in possession of necessary Messing Gear.
(b) Owing to the fact that it is impossible for Railway Refreshment Rooms to supply this equipment, it is again directed that before personnel are despatched from their Units to travel by train, necessary action be taken to ensure that personnel are carrying messing equipment.

5. A.A. EDUCATIONAL SERVICE - PUBLIC EXAMINATIONS.

(a) A.M.F. personnel pursuing correspondence courses of study may present themselves for public examinations, the majority of which are held in NOVEMBER and DECEMBER each year.
(b) Intending candidates should consult Formation Education Officers to arrange examinations and supervision.
(c) C.O.s will facilitate the holding of examinations according to the exigencies of the service.

6. COMMUNICATIONS FROM MEMBERS OF THE AUSTRALIAN MILITARY FORCES TO PRISONERS OF WAR AND INTERNEES IN ENEMY OR ENEMY OCCUPIED TERRITORY.

(a) Interpretation.
In this order the term "prisoner of war" included all interned persons, naval, military, air force, merchant navy and civilian.
(b) Postal Charges.
Letters and postcards may be sent by surface mail free of postal charge and may be sent by air mail - so far as air service is available - upon payment of the prescribed air mail charge.
(c) Posting of Communications.
Letters and postcards sent by air or surface mail will be posted in the ordinary manner and will not be registered or insured.
(d) Communications, writing and addressing.
The types of communications and the requirements in connection with writing and addressing the same are detailed in the Schedule hereto. Letters will not be addressed to prisoners of war, c/o Australian Red Cross Society, Melbourne.
(e) Contents of communications.
No information likely to be of military, political or economic value to the enemy will be included in communications.
(f) No statements or remarks (such as abuse of the enemy) likely to result in retaliatory action by the enemy against the recipient or other prisoners of war will be included in communications.
(g) Treatment of communications in unit.
Harmless letters to prisoners of war will be franked in the usual way, but as letters to prisoners of war must pass through enemy hands -
1. they will not be stamped with the unit censor stamp.
2. it is undesirable that they should bear any evidence of severe censorship action, such as excisions. It is preferable that the writer should be asked to re-write the letter omitting such matter as conflicts with para. 5.
(h) Accommodation Address.
No member of the A.M.F. will disclose the designation of his unit in communications to prisoners of war, but will use an accommodation address which may be -
1. the address of a relative or a friend, when the address of the sender will be shown at the top of his letter as follows.

No.
Rank
Name
C/o (the private address of the relative or friend)

(A P.O. box number or C/o a post office will not be used and the writer should make arrangements for replies to be forwarded to him.)

2. This address will not be used by those who cannot use an address such as (above).

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

3. The address of the sender will be shown at the top of his letter as follows.

C/o Chief Field Censor, L.H.Q. Melbourne.

4. The sender will advise the Chief Field Censor of his number, rank, name and unit at the time of writing his first letter.

5. The Chief Field Censor will register these particulars so that replies when received may be forwarded to the sender at his unit.

6. Any change of address should be notified to the Chief Field Censor to avoid delay in delivery of replies.

(j) Parcels.

Members of the A.I.F. who desire to send parcels to prisoners of war should write to the Australian Red Cross Society which will inform them as to the kind of parcels which may be sent, the form of address, the permissable contents, the mode of despatch and the procedure regarding ration coupons (where such are necessary).

For the present, no parcels may be sent to prisoners of war in Japanese hands.

(k) Messenger.

Appropriate forms of combined letter and envelope have been prepared by the Australian Red Cross Society for communications with prisoners of war in enemy hands and may be obtained free of charge upon application to any State bureau of that society.

ROUTINE ORDERS PART 1.

by

MAJOR F.R. HAGAN, O.C. H.Q. 16 Aust. A.A. BATTERY.

7th December, 1943 No. 68

---

1. STENOGRAPHERS - A.W.A.A.S. & A.A.M.W.S.

(a) Attention is directed to the fact that many members of the A.W.A.A.S. and A.A.M.W.S. who are qualified stenographers, do not receive the opportunity, in their Army postings, to use their shorthand to the same extent as in civilian life.

(b) It is therefore requested that in order that personnel concerned may retain their speed and accuracy as short-hand writers, action be taken to ensure that they use their shorthand qualifications to the fullest extent. Where this is not possible, personnel concerned should be encouraged to practise shorthand regularly and to undertake further training with A.E.S.

2. DRIVERS.

All drivers in charge of vehicles proceeding to gun sites will immediately report to Troop Commanders on arrival.

3. LEAVE PERSONNEL FROM 445 HY. A.A. TROOP.

Personnel proceeding to mainland from 445 Hy. A.A. Troop must be in charge of an N.C.O. Should no N.C.O. be going on leave, if operational requirements permit, an N.C.O. will be detailed.

4. SEVENTH DAY ADVENTISTS - RELEASE FROM DUTY ON SATURDAYS.

(a) The Sabbath of the Seventh Day Adventists is observed from sunset on Fridays until sunset on Saturdays.
(b) Whenever practicable, having regard to operational or other special requirements, Seventh Day Adventists will not be called upon to perform during their Sabbath any duties other than personal daily routine duties required of the individual soldier.
(c) Such personnel are available for all duties on Saturdays, after sunset, and on Sundays.
(d) Members of the denomination are furnished by their pastors with a certificate as to their religious adherance and this certificate must be produced by the member desiring release from duty from sunset on Friday until sunset on Saturday.
(e) Provision for the observance of the Sabbath by Seventh Day Adventist will be administered with tact and consideration.

5. UNSERVICEABLE TOOTHBRUSHES AND COMBS - DISPOSAL OF.

(a) Henceforth, officers commanding units will ensure that members return unserviceable toothbrushes and combs to unit Q.M.s before receiving a replacement issue.
(b) Units will hand over to Salvage at regular intervals all unserviceable toothbrushes and combs so collected.
(c) Owing to their economic value (cellulose acetate, which is in short supply, is recoverable from these articles, O.C.s will ensure that a maximum of used toothbrushes and combs is effected.

6. VACANCY FOR LIBRARIAN (FEMALE) DEFENCE SECRETARIAT, MELBOURNE.

(a) Applications are invited for permanent appointment to the above-mentioned vacancy. Salary (£238-304) is subject to cost of living adjustments, and the present rates payable are minimum £265 per annum to maximum £331 per annum.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

(b) Applicants, who should be graduates in Arts of a recognised University, should indicate their knowledge and experience in secretarial work and in the classification and maintenance of files and documents.
(c) The appointee, after confirmation of appointment, will be eligible for benefits under the Commonwealth Superannuation Act.
(d) Preference will be given to members of the forces in accordance with the provisions of the Australian Soldiers' Repatriation Act, 1943.
(e) Applications (showing full name, date and place of birth and full details of qualifications and experience) should be forwarded to the Secretary, Department of Defence, Melbourne, to reach him not later than 16th December, 1943.

7. TRADE GROUPINGS.

N.C.O.s holding specialist appointment (e.g. Cooks, Fitters, etc) on W.E.s of Units on being reverted to the rank of Pte., do NOT revert to trade groupings. Such personnel must be subsequently trade grouped after reversion to ranks.

8. REMITTANCES FROM MEMBERS.

The attention of all ranks is drawn to the arrangements which exist for a member to send a remittance of cash or undrawn pay to any person resident in Australia or to another member (wherever serving).
These arrangements provide that remittances may be made through Army channels by members who are serving in localities where money order or banking facilities for remittances are not available with reasonable convenience.
Remittances through Army channels are effected by the member completing a remittance form W.F.131 or W.F. 131a) and handing the form to the pay sergeant or paymaster, together with the cash(in the case of a remittance of cash) or the member's pay book (for entry of the debit in the case of a remittance of undrawn pay).
A member sending a remittance should take particular care to see that full details are clearly and legibly set out on the remittance form. This applies especially to the name and address of the person to whom the remittance is to be sent.
The member will ensure that he obtains a receipt from the pay Sergeant or paymaster for any cash handed over.

9. DISCIPLINE: PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES.

The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportation services and even from fellow soldiers have increased to an extent which renders immediate and effective remedial action necessary.
The use of terms such as "pilfering", "scrounging", etc., to describe such offences tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be viewed very seriously and offenders will render themselves liable to severe punishment.
The impression may exist that an isolated instance of theft of military stores and supplies, though a mean & despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it exists, is completely erroneous. The cumulative effect of such thefts affects seriously the maintenance of the troops in the field, dislocates the supply organisation at all points, involves grave waste of man hours, and is, in fact, equivalent in results to that of directly treasonable activity.
These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders.
As a general rule, no suspension or remission is to be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

10. DRESS: WEARING OF SHORTS.

(a) Cases are still occuring where personnel are wearing shorts in public places and in camps.

(b) Attention is drawn to ~~this~~ Fortress Headquarters R.O. A386 para 46 (1) which reads:-

"Shorts will not be worn North of Parallel 20 degrees South".

(c) These instructions were issued by the C. in C. and C.O.s will be held responsible that they are complied with.

20 Dec 43. No. 69.

1. TRAIN TRAVELLING - INTOXICATING LIQUOR.

1. No member of the forces, when in uniform, will carry, or cause to be carried, on to any train on which he is travelling or about to travel, or have in his possession or control or cunsume whilst travelling in any train, any intoxicating liquor, unless it is consumed by him as part of a meal, supplied in a dining car in the train in which he is travelling.

2. MBI A.103/1941 is cancelled.

2. DISCIPLINE : PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES.

The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportation services, and even from fellow soldiers have increased to an extent which renders immediate and effective remedial action necessary.

The use of terms such as "pilfering", "scrounging", etc., to describe such offences tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be viewed very seriously and offenddrs will render themselves liable to severe punishment.

The impression may exist that an isolated instance of theft of military stores ans supplies, though a mean and despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it exists, is completely erroneous. The cumulative effect of such thefts affects seriously the maintenance of the troops in the field, dislocates the supply organisation, at all points, involves grave waste of man hours, and is, in fact, equivalent in results to that of directly treasonable activity.

These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders.

As a general rule, no suspension or remission is to be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

The substance of Paras. 1 to 5 hereof will be republished in Unit Routine Orders and C.O's will take steps to impress all ranks at intervals of not more than one month with the importance of such provisions.

3. TRADE GROUPINGS.

N.C.O's holding specialist appointments (e.g. Cooks, Fitters, etc.) on W.E.'s of Units on being reverted to the rank of Pte., do NOT revert to trade grouping, Such Personnel must be subsequently trade groupied after reversion to ranks.

4. REMITTANCES FROM MEMBERS.

The attention of all ranks is drawn to the arrangements which exist for a member to send a remittance of cash or undrawn pay to any person resident in Australia or to another member (wherever serving).

These arrangements provide that remittances may be made through Army channels by members who are serving in localities where money order or banking facilities for remittances are not available with reasonable convenience.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2351

Remittances through Army channels are effected through the member completing a remittance form (W.F. 131 or W.F.131a) and handing the form to the pay serjeant or paymaster, with the cash (in the case of a remittance of cash) or the member's pay book (for entry of the debit in the case of a remittance of undrawn pay).

A member sending a remittance should take particular care to see that full details are clearly and legibly set out on the remittance form. This applies especially to the name and address of the person to whom the remittance is to be sent.

The member will ensure that he obtains a receipt from the pay Serjeant or paymaster for any cash handed over.

5. DIMMING OF HEADLIGHTS : MECHANICAL VEHICLES.

Q'land L. of C. Area Routine Order Q.489/42, under the subject heading of "Accidents to Mechanical Vehicles - Dazzling Headlights" is cancelled by the following :-

(a) For the purpose of reducing the incidence of road accidents, at night, drivers of mechanical vehicles will dim their headlights when approaching oncoming traffic. Where a dimmer switch is not provided, drivers will switch over to Parking Lights.
(b) If a driver is dazzled by the lights of an approaching vehicle, his duty is to slow down to such a speed that he can stop, within his lessened limits of vision.
(c) If a dazzle is such that he cannot see at all, he should stop at once.
(d) If he fails either to slow down or stop, as the case may be, he is guilty of negligence.
(e) Similar provisions apply where the driver's limit of vision is curtailed by dust, fog, rain, or any other agent.
