234. VOLUNTEERS FOR MALARIA EXPERIMENT.

For purpose of evaluating a new antimalarial drug of considerable promise at LHQ Research Unit, Cairns, there is urgent need of 40 volunteers and 10 volunteers per month for some time to come.
(LHQ Memo of 15 Jul.'44.)
It is therefore desired that HQ, SA L of C Area call for volunteers from soldiers under command in accordance with the allotment hereunder:

Sgt.	1
Cpl.	1
Ptes.	8
	10

AUSTRALIAN WAR MEMORIAL AWM2019.366.2920

These men should be "clean skins" - i.e. never have been exposed to Malaria infection previously. They should never have resided in the Tropics or Middle East or lived in tropical Australia North of 19° deg. South latitude.
They should never have suffered from syphilis, asthma or jaundice (infective hepatitis).
They should have no crime record, be organically sound, and not above 45 years of age.
Already information of paramount importance to the Army has been obtained at Cairns. For this purpose, some 300 volunteers have already been raised from depots in Queensland and New South Wales. This work is given the highest priority owing to its military value and the necessity for getting answers to practical medical problems in the drug control of malaria in a minimum of time.
Volunteers may be needed for as long as 6 months. They will be located at Cairns and Atherton and will be well cared for.
They are exposed to malaria infections of malignant tertian and benign tertian types while taking antimalarial drugs, and a proportion of them will develop malaria. The malignatn tertian malaria, which is the dangerous type, will be cured before they leave the Cairns area, but relapses of benign tertian malaria may occur in some volunteers at a later date. In this respect they are in the same position as many thousands of Australian Troops who have seen service in New Guinea.
Each volunteer will be granted 21 days special leave on conclusion of the experimental treatment, and will receive a card or letter from the C-in-C expressing appreciation of the valuable service rendered.
It is desirable that the quota allotted for this Area be filled.

235. MEDICAL EXAMINATION OF "B" CLASS PERSONNEL.

The undermentioned personnel will report to 2nd Medical Section, Wayville, at 1500 hrs. on the dates specified below. They will be ready to leave Fort Largs by MT at 1400 hrs and will carry Paybooks and Ab83s.

The attention of all troops is directed to the Notice concerning entrance to the above College, posted on the Unit Notice Board.

237. REFERENDUM CAMPAIGN 1944 - PARTICIPATION OF OFFICERS & ORs. (SA L of C Routine Order 396/44)

In connection with the forthcoming Referendum, members of the AMF

(i) may attend meetings in uniform
(ii) will not address meetings
(iii) will not take part in processions or demonstrations
(iv) will not undertake canvassing or the distribution of literature or cards.

Special leave will not be granted to members in connectiom with the Referendum campaign.

238. EFFECTIVE DATE OF PROMOTIONS OF WOs and NCOs - UNAUTHORISED WEARING OF BADGES OF RANK (SA L OF C Routine Order 397/44)

The appointment or promotion of a WO or NCO takes effect from the date notified in the Routine Order Part II authorizing the appointment or promotion or, if no date is so notified, from the date of the order.
A CO may inform a member that a recommendation for his promotion has been submitted but, in such event, will also inform him that

AUSTRALIAN WAR MEMORIAL AWM2019.366.2920

such promotion will not take effect until promulgated in Routine Orders Part II.
Except as provided in para 4 hereof, rank will not be assumed or badges of rank worn until the order authorizing the appointment or promotion has been promulgated in Routine Orders Part II.
In cases of operational necessity or emergency, if the promotion of a member has been approved by a formation commander pursuant to GRO A187/44, the CO may approbe of the member wearing the badges of the higher rank forthwith, pending the promulgation of the promotion in Routine Orders Part II. Notwithstanding this approval the wearing of such badges will not entitle the member to the pay and allowances of such higher rank unless and until the promotion is so promulgated.

239. SALUTING (SA L of C Area R/O 635/43)

Increasing slackness in saluting by all ranks is becoming more and more more noticeable. This is possibly due to a misunderstanding of the meaning of GRO 198/42.
The following instructions are issued in clarification of GRO198/42:

(a) It has been frequently noticed that only the senior of a group of soldiers salutes an officer of group of officers. This is incorrect, every one of a group of soldiers must salute. The only exception to this rule is when the group is on parade under the immediate control of a superior. This is equally applicable when a group of officers meets a superior officer.

(b) The exception provided in GRO198/42 para 1 (i) is often interpreted as being any thoroughfare or assembly. A thoroughfare or assembly will be considered crowded only when the crowd makes the salute difficult to carry out, or when doing so would cause inconvenience to other persons near the soldier. The necessity for saluting will be brought to the notice of all members of all Units continuously. Slackness in saluting indicates a slackness in discipline and reflects discredit on the Units concerned. Discipline is just as essential in administrative or maintenance units as in combatant units.

228. TELEPHONE SERVICES - MILITARY CAMPS AND INSTALLATIONS (SAL OF C MEMO22508)
Instructions relative to the curtailment of telephone calls have repeatedly been issued but it is apparent from a survey of accounts and checks made on switchboards that these are not being observed. Consequent on instructions from LHQ, a further reduction of PMG services has been made. It is therefore essential that both trunk line and ordinary telephone calls should be reduced to an absolute minimum whenever possible.
PRIVATE CALLS : The number of these is assuming alarming proportions thereby causing serious delay of communications and obstructing the use of Army Lines for official purposes. Unit Comds will therefore take immediate action to forbid the use of official lines for private calls. They will be responsible that authority is only given for a private call in cases of urgency - for example in localities where public facilities are not provided in camp areas and installations, or where facilities are not available within a reasonable distance of the location of the Unit, vide S.A. L of C Area Memo 43789 of 30 Nov. 42.
In future where it is considered that unwarranted costs have been incurred through the use of telephones, the Officer authorising the service will be held responsible and will be called upon to refund the amount involved.
TRUNK CALLS A recent survey of accounts presented for payment shows a substantial increase in the amount of outward calls. This can be considerably reduced by the co-operation of the various Sections and branches of all Headquarters and by the adherance to the following:-

(a) Calls kept to an essential minimum by ensuring that the urgency of the call is warranted.
(b) Whenever possible use each call to cover more than one subject without unduly prolonging the call.
(c) Conversation or instructions to be as brief as possible.
(d) Before commencing a telephone conversation, the caller to make notes to which he will refer.
(e) Verbosity and chatter to be avoided.
(f) Indulgence in personal conversation is not permitted.

Particular attention is directed to H.Q. SA L of C Area memo No 10431 of 31 Nov. 43 which limited the time for trunk line calls to a normal time limit of 6 mins with a final extension of 3 mins. where such is absolutely necessary.
Cond. S. A. L of C Area views this matter with grave concern and has directed that disciplinary action is to be taken for the non-observance of instructions issued.

A parade of members of AWAS and AAMWS stationed in the Metropolitan Area will be held on Saturday, 15 Jul.'44, at 1430 hrs. on Keswick Barracks Parade Ground.
All members excepting those exempt on medical grounds or who are required for urgent duty, will attend the parade.
The parade will be dismissed at Keswick Barracks.

221. ABSENCE WITHOUT LEAVE - ESCAPTNG - THEFT OF MILITARY STORES AND SUPPLIES - SA L of C Area Routine Order 367/44.

Attention is directed to the fact that the seriousness of the offence of absence without leave is not properly appreciated and that the commission of this offence has become very prevalent.
All officers will ensure that the members under their command are instructed in the reasons for the offence being regarded seriously and will bring particular notice to the facts that absence without leave reflects adversely on the offender's unit, that it throws a heavier burden on his comrades and disrupts leave rosters and that it is not a sign of "toughness" on the offender's part but a betrayal of the national cause by its resulting wastage of transport, man-power and money and impairment of the efficiency and fighting strength of the offender's unit. (GRO 46/43)

The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transport services and even from fellow soldiers have increased to an extent which renders immediate and effective remedial action necessary.

The use of terms such as "pilfering", "scrounging," etc. to describe such offences tends to obscure their gravity and may cause them to

AUSTRALIAN WAR MEMORIAL AWM2019.366.2920

be somewhat lightly regarded. On the contrary, such offences must be be viewed very seriously and offenders will render themselves liable to severe punishment.
The impression may exist that an isolated instance of theft of military stores and supplies, though a mean and despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it exists, is completely erroneous. The cumulative effect of such thefts affects seriously the maintenance of the troops in the field, dislocates the supply organization at all points, involves grave waste of man hours, and is, in fact, equivalent in result to that of directly treasonable activity.
These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders. (GRO 734/43)

Attention is directed to the prevalence of the offence of escaping from detention barracks and field punishment centres. Charges in respect of these offences should be laid under AA22 and should normally be tried by court-martial. A sentence of imprisonment with or without hard labour may properly be imposed for the above-mentioned offence. (GRO 230/44)

When there is a general prevalence of offences or of offences of some particular kind, an example may be necessary, and on that account a severe punishment may be properly awarded for an offence which would otherwise receive a more lenient punishment. In such cases the punishment must be regarded more from the point of view of the effect which it will produce on the force to which the offender belongs than from that of the offender himself. 259 ACCIDENT REPORT - AF G13 (S... OF C.R.O. 467/44)

It has been noted that when Accident Reports (AF G13) are rendered to this H.Q., the name of the Insurance Coy (when civilian property is damaged), is not recorded.
It is imperative that this information be given. COs of Units will see that this is carried out in future.

260. CONSERVATION OF RUBBER - SYNTHETIC TYRES (GRO 302/44)

The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care than ever be exercised in the use and maintenance of all tyres, whether of synthetic or natural rubber construction.
Synthetic tyres are far more susceptible to failure through abuse than tyres constructed from natural rubber. All concerned will therefore:

(a) exercise the utmost care to avoid:- overloading, underinflation, hard braking and fierce acceleration, high speeds, bumps and other causes of sever impact;
(b) check wheel alignment frequently and correct irregularities promptly;
(c) rotate tyres regularly
(d) remove stones and flint from tyres during Unit maintenance;
(e) submit tyres for replacement at the correct stages for re-capping;
and (f) submit damaged tyres for repair without delay.

Formations and Units will ensure that prompt disciplinary action is taken where breaches of this order occur.

As often as funds in the account accumulated to the extent of £10, the bank will purchase a £10 Commonwealth Treasury Bond on behalf of the member.

Where a member desires to subscribe in accordance with the provisions of this order, he will sign an allotment, in the form AF12, of the daily amount (in even shillings) he wishes to contribute for the purchase of Treasury Bonds, the name of the allottee being shown as "Commonwealth Bank of Australia ..... Branch" (with the insertion of the name of the capital city of the member's state of enlistment) The member will, at the same time, sign a printed notification to the bank, a copy of which is set out in the Appendix, to this order. 257 SALUTING (S.A. T OF C ARE. R.O. 635/44

Increasing slackness in saluting by all ranks is becoming more and more noticeable. This is possibly due in no small measure to a misunderstanding of the meaning of GRO 198/42.

The following instructions are issued in clarification of GRO 198/42.

(a) It has been frequently noticed that only the senior of a group of soldiers salutes and Officer or group of Officers. This is incorrect.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2920

every one of a group of soldiers must salute. The only exception to this rule is when the group is on parade under the immediate control of a superior. This is equally applicable when a group of Officers meets a Senior officer.
(b) The exception provided in GRO 192/42 para 1 (i) is often interpreted as being any thoroughfare or assembly.
A thoroughfare or assembly will be considered crowded only when the crowd makes the salute difficult to carry out, or when doing so would cause inconvenience to other persons near the soldier.
The necessity for saluting will be brought to the notice of all members of all Units continuously Slackness in saluting indicates a slackness in discipline and reflects discredit on the Units concerned. Discipline is just as essential in administrative Units as in combatant Units.

271. LEAVE PASSES AND PAYBOOKS, INSPECTION BY MEMBERS OF PROVOST CORPS (~~GRO~~ S.A. L OF C AREA R.O. 68/44)
Personnel on leave, when requested by members of the Provost Corps must hand over their passes for inspection.
After inspection and notation the pass will be returned to the holder Similarly paybooks will be produced and handed to the provost for inspection when required.

272 APPOINTMENTS
The following personnel will revert to the rank of Gunner from 20 Sept. 44 their appointments terminating on that date.
SX17358 U/L/Bdr. BURDETT, E.G.
SX21414 U/L/Bdr.(GPIII Gun Layer) JUDD, G.F.
SX29789 U/L/Bdr.(GP.III Rangetaker) HARRISON, K.H.

273. SALUTING (S.A. L OF C AREA R.O. 625/43)
Increasing slackness in saluting by all ranks is becoming more and more noticeable. This is possibly due in no small measure to a misunderstanding of the meaning of GRO 198/42.
The following instructions are issued in clarification of GRO 198/42
(a) It has been frequently noticed that only the senior of a group of soldiers salutes an Officer or group of Officers. This is incorrect. every one of a group of soldiers must salute. The only exception to this rule is when the group is on parade under the immediate control of a superior. This is equally applicable when a group of Officers meets a Senior Officer.
(b) The exception provided in GRO 198/42 para 1 (i) is often interpreted as being any thoroughfare or assembly.
A thoroughfare or assembly will be considered crowded only when the crowd makes the salute difficult to carry out, or when doing so would cause inconvenience to other persons near the soldier.
The necessity for saluting will be brought to the notice of all members of all Units continuously. Slackness in saluting indicates a slackness in discipline and reflects discredit on the Units concerned. Discipline is just as essential in administrative or maintenance Units as in combatant Units.

303. SALUTING (S.A. L OF C AREA R.O. 635/43)
Increasing slackness in saluting by all ranks is becoming more and more noticeable. This is possibly due to a misunderstanding of the

AUSTRALIAN WAR MEMORIAL AWM2019.366.2920

meaning of GRO 198/42.
The following instructions are issued in clarification of GRO 198/42
(a) It has been frequently noticed that only the senior of a group of soldiers salutes an Officer or group of Officers. This is incorrect every one of a group of soldiers must salute. The only exception to this rule is when the group is on parade under the immediate control of a superior. This is equally applicable when a group of officers meets a Senior Officer.
(b) The exception provided in GRO 198/42 para 1 (i) is often interpreted as being any thoroughfare or assembly.
A thoroughfare or assembly will be considered crowded only when the crowd makes the salute difficult to carry out. or when doing so would cause inconvenience to other persons near the soldier.
The necessity for saluting will be brought to the notice of all members of all Units continuously. Slackness in saluting indicates a slackness in discipline and reflects discredit on the Units concerned. Discipline is just as essential in an administrative or maintenance Units as in combatant Units.

304. BOOTS AND SHOES - REPAIR OF (H.Q. S.A. L OF C MEMO 32826)
The results of a recent Census called by LHQ from RSD Boot Repair shops shows definately that a vast quantity of footwear is being passed to Salvage as US due to delay in repairs being effected. The wastage due to this neglect is estimated at £200,000 p.a.
These facts emphasis the necessity for frequent inspections by C.O's and also by Unit boot repairer and Units will ensure that boots are returned to RSD for repair as soon as repairs are required and are not allowed to accumulate so that a position is reached when Ordnance are repairing one pair and the second issue is worn out.
The following facts have been advised by RSD and are promulgated for guidance of Units C.O's.
(a) Delayed repairs mean that more material and more hours are spent on repairs than those repairs effected at the proper time.
(b) When boots are worn too far they alter shape and on being rebuilt may not fit the owner.
(c) There is a possibility of inner soles breaking through relayed repairs and boots them become U.S.
Boots are to be returned for repair when the first sole is worn through and heels are to be rebuilt after 2 lefts have been worn.
Boots and shoes will not be cut or mutilated by wearers, and wet boots are not to be quickly dried in front of a fire as this hardens the leather and cracks the article.
Boots will not be exchanged by Units C.O's unless they have been returned by RSD as being US in which case exchange will be effected and US boots returned to RSD.

306. CONSERVATION OF RUBBER - SYNTHETIC TYRES (GRO 302/44)

The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care than ever be excersised in the use and maintenance of all tyres, whether of synthetic or natural rubber construction, Synthetic tyres are far more susceptible to failure through abuse than tyres constructed from natural rubber. All concerned will therefore

(a) excercise the utmost care to avoid -
overloading,
underinflation
hard breaking and fierce acceleration
high speeds
bumps and other causes of severe impact;
(b) check wheel alignment frequently and correct irregularities promptly;
(c) rotate tyres regularly;
(d) remove stones and flint from tyres duting unit maintenance;
(e) submit tyres for replacement at the correct stages for recapping
(f) submit damaged tyres for repair without delay.

Formations and Units will ensure that prompt disciplinary action is taken where breeches of this order occur.

After inspection and notation the pass will be returned to the holder. Similarly paybooks will be produced and handed to the provost for inspection when required.

235. AIR LETTER SERVICE (GRO 403/44)
The Post Master General's Dept. has introduced an Air Letter Service, in addition to the existing airmail and aircraph facilities, for overseas correspondence. This service is available for communications:-
(a) to Australian and other Empire Forces, and British Merchant Seamen;
(b) to civilians in most parts of the British Empire, other than Canada, and in certain specified neutral countries; and
(c) To prisoners of War in Europe.
It will provide a considerably faster service than the normal airmail. When this service is used, the letter will be written on the special air letter form, which is obtainable at army and civil post offices at a cost of 7d. and the following procedure will be observed -

(a) The space provided on the back of the form for the name and address of the sender will not be used. The address will be written inside the letter form in the top right hand corner thereof.
(b) When writing to a British country, a member will use his usual military address.
(c) When writing to a neutral or enemy country, a member will not use any military address, but will use either.
(i) a civil address-
(e.g. Army No. Rank.... Initial.....Surname.....
18 Tope Street,
NEWHAVEN,NSW.) or

(ii) that of the Chief Field Censor -
(e.g. Army No. ...Rank/....Initial..... Surname
C/O Chief Field Censor, LHQ AUSTRALIA):
(d) If the Chief Field Censor's address be used, the member will notify him of his usual military address and any subsequent change of that address in order that any reply received to the member's air letter may be forwarded to him by the Chief Field Censor.

Air letter forms cannot be sent by registered post and will not contain enclosures. Any found with enclosures will be forwarded by surface mail

256. LIFE ASSURANCE POLICIES TAKEN OUT BY MEMBERS OF THE FORCES(GRO412/44)
Life assurance policies taken out by members of the forces on their own lives after Sept. 1939, usually contain a war clause which imposes upon the member assured, if he wishes to remain covered under his policy for the full sum assured while serving outside the Commonwealth the obligation of -
(a) informing the life assurance office concerned of his departure from Australian and of the date thereof; and
(b) payment to that office of an extra war loading premium.
Certain life assurance offices regard the Territories of Papua and New Guinea as being, for this purpose, outside the Commonwealth, and there are variations in the rate of war loading premiums charged by different offices, while, in some circumstances, and office may not be prepared to cover the additional risk and may, therefore, refuse to quote extra premium. A member who desires to remain covered while serving outside the Commonwealth should ascertain from the office concerned to what areas the existing cover extends and what rates of war loading premiums are required should he serve outside those areas.
If the member subsequently embarks for service outside the Commonwealth he may arrange through army channels -
(a) for payment of the amount of extra war loading premium (as previously ascertained by him) to the office concerned, by means of a remittance of undrawn pay; and

AUSTRALIAN WAR MEMORIAL AWM2019.366.2920

(b) for notice of the date of embarkation to be given to that office by the DFO when paying the remittance.
The member will attach to the remittance from a letter requesting the giving of the notice mentioned in sub-para (b) of this paragraph. For security reasons, direct notification by members to life assurance offices of their impending or actual embarkation is strictly prohibited.

1. In consequence of recent admendments to the Income Tax Assessment Act, rebates (additional to those previously allowed) may now be made to taxpayers in accordance with the provisions summarised in the following paragraphs, which apply to income earned during the income tax year 1944/45.

Rebates in respect of children over 16

2. A rebate may be granted in respect of each child who:-

(a) if not under sixteen years of age but is under eighteen years of age at the beginning of the year of income;

(b) is receiving full time education at a school (including a technical school) or a University (including a university college); and

(c) is wholly maintained by a taxpayer.

From the amount of the rebate will be deducted the value of any assistance (consisting of money, accommodation or sustenance) provided by the

Commonwealth or a State in connection with the education of the child, but the receipt of any such assistance, or of a bursary or scholarship, will not, by virtue of sub para (c) above, disqualify the child as a child wholly maintained by the taxpayer. Such child will, as from 1 July, 1944, be regarded as a dependant for the purpose of calculating tax deductions.

3. Where the child reaches the age of sixteen years of eighteen years during the taxation year, a proportionate rebate, to be determined by the Commissioner of Taxes, may be allowed.

Rebates for dental treatment

4. A taxpayer may also be allowed a rebate in respect of costs incurred by him for dental treatment for himself, his spouse or his child under twentyone years of age.

274. PROMOTIONS
SF65150 L/Bdr. Charles, N.L. is promoted to the rank of A/Bdr. as from 15 Dec. 44.

275. SALUTING (S.A. L OF C AREA R.O. 635/43)
Increasing slackness is saluting by all ranks is becoming more and more noticeable. This is possibly due in no small measure to a misunderstanding of the meaning of GRO 198/42.
The following instructions are issued in clarification of GRO 198/42
(a) It has been frequently noticed that only the senior of a group of soldiers salutes an officer or group of officers. This is incorrect. every one of a group of soldiers must salute. The only exception to this rule is when the group of is on parade under the immediate control of a superior. This is equally applicable when a group of Officers meets a Senior Officer.
(b) The exception provided in GRO 198/42 para 1 (i) is often interpreted as being any thoroughfare or assembly.
A thoroughfare or assembly will be considered crowded only when the crowd makes the salute difficult to carry out, or when doing so would cause inconvenience to other persons near the soldier.
The necessity for saluting will be brought to the notice of all members of all Units continuously. Slackness in saluting indicates a slackness in discipline and reflects discredit on the Units concerned. Discipline is just as essential in administrative or maintenance Units as in combatant Units.

276. FOOD CONSERVATION - POTATOES (GRO 467/44)
To prevent waste, potatoes will not be peeled before they are cooked. Before potatoes are cooked, they will be scrubbed clean and bad portions if any, will be cut off. Neglect of these precautions makes this food distasteful.
Potatoes will be omitted from the breakfast diet, unless--
(a) there is cooked potato left over from the previous day which can be utilised and
(b) the provision of potatoes will not entail shortage at subsequent meals during the day.
