ECONOMY IN STATIONERY ITEMS.

1. Considerable difficulty is being experienced in the procurement of adequate supplies of certain stationery items - and in particular all types of pencils and the larger sizes of envelopes.
2. It is imperative, therefore that the strictest economy be effected in the use of stationery items generally, and that present stocks of pencils and large envelopes be conserved to the utmost.
3. It is apparent from the large demands made upon Stationery Depots, that there is an exorbitant usage rate in a number of items, which indicates that the need for economy in this regard is not appreciated. This again applies very seriously in the case of pencils.
4. All ranks will ensure that strictest economy is observed in all stationery items.

IDENTITY DISCS.

Personnel will wear Identity Discs marked in accordance with GRO 700/43 at all times.

GRO 700/43 is republished:-

PART IX - IDENTITY DISCS.

49. Identity discs are frequently the only means of identification of the body of a soldier who has died, and it is therefore of the utmost importance that the following paragraphs be understood and observed by all member of the AIF.

50. All ranks will be supplied with two identity discs which will be worn as shown below:-

(a) The No. 1 (hexagonal) disc will be suspended round the neck beneath the uniform by 32 inches of cord, and the No. 2 (round) disc will hang below the No. 1 by the two being joined by 6 inches of cord.

(b) The following particulars will be stamped clearly and effectively on the discs as under:-

Front side

- (i) Army Number
- (ii) Initials and name
- (iii) Index letter (s) of religion.

Reverse side: Blood group number (as shown inside back cover of pay book).

(c) The index letters of the various religions denominations are:-

Church of England	C.E.	Congregational	C
Presbyterian	P.	Roman Catholic	R.C.
Methodist	M.	Jewish	J.
Baptist	B.	Salvation Army	S.A.
Lutheran	L.	Church of Christ	C.C.
Christian Scientist	C.S.	Greek Orthodox	G.O.

51. Discs which have been stamped with incorrect details will be destroyed under supervision and any necessary replacements effected without delay.

52. All units will institute a check periodically at intervals of not more than three months to ensure that every serving member is in possession of identity discs which are correctly marked.

53. Instructions governing the wearing of identity discs will be published in unit orders.

54. Neglect to wear identity discs will be treated as a breach of discipline.

No. 49. RO 176/45 Winter dress will be worn by all ranks as from 1 May 45.

No. 50.

RO/175/45/

WASHING OF ISSUE CLOTHING.

(1) Due to the short supply of all raw materials involved, it is necessary that the maximum life be obtained from all items of clothing on issue to AIF personnel.

(2) Incorrect methods of washing, exposure to strong sunlight, excessive sweating and using too much of certain soap powders, may seriously affect the dyes and weaken the fibre of clothing material. Failure to remove completely all soap and perspiration by thoroughly rinsing after washing, is one of the reasons for the breakdown of fabrics.

(3) Neglect to pay due attention to regular and efficient washing of garments has been responsible for many cases of dermatitis. Observance of the following instructions will assist in decreasing the incidence of all skin complaints.

(4) Washing Flannels and Woollens:-

- (a) Worsted shirts, socks, woollen drawers, etc., should be washed in lukewarm water and never in boiling or hot water, as this shrinks the material. A tablespoon of ammonia added to every two gallons of water will remove grease and perspiration stains.
- (b) Good quality yellow soap only should be used, and, after washing the garments should be well rinsed in clean, tepid water and stretched by hand before drying.

(5) Washing of Cotton.

- (a) If cotton garments are boiled, the washing compound or soap will be added to the water prior to putting in the garments to be washed.
- (b) If washing compounds, which are usually sold in packets under well-known brands and frequently known as soap powders, are used, not more than one tablespoon of the compound will be added to each gallon of water to be boiled.
- (c) If ordinary soap is used, 1-oz. (approx a 1-in cube) should be added to each gallon of water to be boiled.
- (d) It is most important that, after washing, the garments are thoroughly rinsed to remove all trace of soap.
- (6) It is realised that washing facilities and an adequate supply of water are not always available. Nevertheless, the hints and instructions contained in this order will be carried out whenever possible, especially in regard to rinsing thoroughly after washing.

THIRD VICTORY LOAN.

Personnel are reminded that the 3rd Victory Loan is still open.

Applications and information may be obtained from Unit Loan Officer Lt-JL KING. Closing date 27 April 1945.

GIFT PARCELS FOR UNITED KINGDOM ADDRESSEES - DUTY FREE CONCESSION

(1) The conditions of the concession announced in the notice appearing in GROS dated 20th Oct 44, pages 26 and 27, under which members of the ANZ and of the British Army serving in Australia and in other places within the SWPA are permitted to send to their relatives and friends in the United Kingdom a maximum of four gift parcels per year, duty free, have been amended. The notice is, therefore, cancelled.

(2) The following are the conditions applicable as from 6th Apr 45:-

- (a) The usual postage rates are payable.
- (b) Parcels must not weigh more than 5lbs. each and must not include:
 - (i) Any drinkable spirits.
 - (ii) More than 1lb weight of tobacco, including cigars and cigarettes (50 cigars or 200 cigarettes) or any tobacco goods marked "HM Ships only."
 - (iii) More than $\frac{1}{2}$ pint of scent.
 - (iv) More than 2lbs of any foodstuff.

(c) The maximum value of the contents of parcels which can be sent by one person in any one year is £12, and this value may be made up as follows:-

- (i) One parcel of £12 value, or
- (ii) Two or more parcels up to a maximum of six parcels aggregating £12 value.

(d) Special Customs declarations (AFs W5192) must be affixed to all parcels in order to secure the duty free concession. These declarations, where not already in possession of units, are obtainable through normal stationery channels.

(e) Issues to personnel will be under unit arrangements, on the basis of a maximum of six AFs W5192 per year to any one sender. A comparatively few forms should, therefore, suffice for the needs of any unit.

(f) Each AF W5192 issued will have entered upon it the sender's number and name and be signed by the issuing officer in

the space provided.

(g) Each customs declaration represents a permissible value of £2 within the parcel to which it is attached.

(h) Where the value of the contents in any parcel exceeds £2, a further declaration for each additional £2 (or fraction thereof), up to the maximum of £12 must be attached, e.g. a parcel containing goods to the declared value of £6 would require three labels attached.

(i) Gifts under this concession arrangement may also be forwarded by letter post. In such cases normal letter postage rates will be payable and, if the sender so desires, the article may be tendered for transmission by registered post. To be eligible for the concession, articles forwarded by letter post must conform to the same conditions as those set out above for parcels, with the exception that the maximum weight for letters (4½ lbs) will apply.

3. It is stressed that full duty will be levied in the United Kingdom (for collection from the addressee) in respect of the contents of parcels and packets which infringe the restrictions contained in para 2 (b) above. In addition to these duty charges, the contents of any parcel or packet not bearing a Customs declaration, received in the United Kingdom, are subject to purchase tax amounting in many cases to 100 per cent of the value of such contents. This tax is chargeable on most manufactured articles, but tobacco and foodstuffs are excluded.
