R.M.O's WAR DIARY for OCTOBER 1944

Average daily new sick 5.00
" " evacuations..... 1.00

Diarrhoea, skin diseases and otitis externa constitute the bulk of the new sick. Practically all the cases of diarrhoea were encountered in the first week after arriving at the new camp site, and cases ceased to appear as soon as hygiene installations were completed.

Skin Diseases:

Although large numbers have been attending for treatment, only one case was evacuated. Men are attending regularly for treatment and the diseases are being satisfactorily controlled.

Otitis Externa:

Averaged one new case per day. These cases also are being controlled and there has been only one evacuation.

Inoculations:

Further cholera vaccine was administered to all members of the regiment in camp. All new personnel or personnel returned from leave have been brought up to date with other inoculations.

Cooks:

Cooks are being inspected weekly and their standard of health and cleanliness has been satisfactory.

Hygiene:

Latrines are of the incinerator type and are burnt off daily. They are as fly proof as possible.

Wet refuse is burnt in incinerators. Dry refuse, including tins, is burnt. Tins are then flattened and dumped.

Sullage water is disposed of by rubble drains and soakage pits.

Flies were present at the camp almost immediately on our arrival. Investigation showed that they were breeding in American rubbish dumps. Steps have been taken to dispose of these dumps.

Malaria Control:

No A.M.C.U. was available in this area, so unit mosquito squads carried out a survey. Only one breeding ground was found in which both anopheline and culicine larvae were found. This is now controlled.

Scrub Typhus:

This is not a bad scrub typhus area though rare cases have been encountered in adjoining units. All ranks are applying mosquito repellent to inside of gaiters and outside of socks once weekly.

Training:

A course of lectures on malaria and malaria control was delivered to personnel who missed these lectures while in DARWIN. A course of training for reserve personnel to act as orderlies has been commenced.

RMO.,2/11 Aust Fd Regt.

WAR DIARY

Quartermaster's Report for month of October 44.

CAMP ACCOMODATION: Rapid strides have been made during the month with necessary camp buildings. All sub units have built kitchens, mess huts, latrines and stores; the materials for which, apart from timber, were obtained from the Engineers.

All troops have "cots folding (Aust)" and most of them have put floor boards in their tents; timber being collected from nearby dumps.

STORES AND EQUIPMENT: A number of stores were lost in transit from DARWIN. Indents have been placed for same, but to date have not been fullfilled.

Three copies of the deficiencies on the W.E. Table have been submitted to A.D.O.S. LAE SUB BASE. These were a duplication of those submitted to A.D.O.S. ADV. H.Q. NT FORCE and were required as the latter have not, as yet, reached A.D.O.S. LAE SUB BASE.

Four Ord. Q.F. 25-Pr Short (Aust) Mk.I on Carriage 25-Pr Light (Aust) Mk.I have been received from 43 F.O.D. and have been allotted to 61 Bty.

CLOTHING: Supplies of all clothing have been received and all troops are well fitted out.

RATIONS: Fresh meat and butter usually come in weekly, sufficient for two meals; fresh vegetables arrive twice weekly, otherwise the rations consist of tinned foods which are drawn weekly.

Considerable initiative is being shown by some cooks in disquising "Bully Beef" and "M & V"

REGIMENTAL ROUTINE ORDERS PT I
BY
LT-COL. H.J.ENTINK, COMMANDING
2/11 AUST FD REGT

No.287
7 Oct 44.

1224. NOTIFICATION OF CHANGES IN RESPECT OF NEXT OF KIN.

1. A member of the AMF may nominate any person as his next of kin for army purposes, although that person is not his legal next of kin.
2. It is the function of the 2nd Echelon organization to notify fatal and certain other casualties sustained by a member to the person recorded in army records as the member's next of kin, or to any other person nominated by such next of kin to receive casualty advices.
3. Failure by a member to report promptly particulars of a change of next of kin or a change of address of next of kin, in order that the appropriate 2nd Echelon component may be advised, causes considerable administrative work to the Army and may delay or prevent notification of a casualty being given to the proper person, thereby causing distress to the member's relatives.
4. Each member will, therefore, be instructed that, on the occurrence of any event (such as his marriage or the death of his next of kin) which renders a change of the record of his next of kin desirable or necessary, he will promptly notify his unit of the change he desires to make. Similar prompt notification should be given of any change of address of his next of kin.
5. On being notified by a member of a change of his next of kin or change of address of his next of kin, a unit will immediately forward a casualty return containing the necessary particulars to the 2nd Echelon component for the area in which it is serving.
6. Each member will be warned that a change of his allottee or an entry in his AAB 83 of a change in the particulars of his next of kin will not be sufficient to notify the 2nd Echelon organization of a change in respect of his next of kin.
7. (a) Each member will be advised that, on his marriage, any will or codicil previously made by him, save in exceptional circumstances, becomes of no effect and, under Australian Military Regulations, he is bound, upon marriage, to make a new will.
(b) On marriage, a member will make another will immediately, either on an AAF A130 or by a separate document, and will submit the AAF.A130 in an envelope (AAF A131), duly completed, to his unit HQ for transmission to the appropriate 2nd Echelon component.
(c) A member may obtain the assistance of an officer of the AALC in the preparation of a will. (GRO A.330/44)

1225. DISCONTINUANCE OF USE OF PAY PERIOD NUMBERS IN PAY BOOKS AND ON ACQUITTANCE ROLLS.

1. As from 1st October, 1944, the practice of inserting pay period numbers in pay books and on acquittance rolls will be discontinued.
2. In the case of cash payments made on or after that date -
(a) the date of payment will be inserted on each acquittance in the space provided for the pay period, only the day of the month and the number of the month being used, e.g. 5th October 1944, would be expressed as "5/10"; and
(b) the "Place" column of the pay book will show only the cash office cipher.
3. Paying officers will ensure that the date shown on the acquittance roll coincides with the date appearing in the pay book. (GRO F.345/44)

1226. AUSTRALIAN ARMY PSYCHOLOGY SERVICE:

Vacancies for appointment as testing and interviewing sergeants.-

1. Vacancies exist in the Australian Army Psychology Service for testing and interviewing sergeants, who should possess the

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1226. AUSTRALIAN ARMY PSYCHOLOGY SERVICE (Cont):

following qualifications :-

(i) education to leaving certificate standard or equivalent;
(ii) good bearing and manner
(iii) some formal university or teaching college training in psychology - desirable but not essential.

(b) In filling these vacancies, preference will be given to personnel with operational experience in the present war, especially those who are medically class B1 or B2 or who are over 30 years of age.

(c) Any member possessing the qualifications outlined above may submit to his CO an application for appointment to one of the vacancies.

(d) The application will be in writing and will include the following particulars:-

Army number, rank (substantive and acting), name in full, unit, age, medical classification, date of enlistment, service outside Australia, educational particulars, civil occupation, formal training in psychology.

(Extract GRO A.356/44)

1227. TELEGRAMS:

Many cases have been reported by Censorship of senders of telegrams including name of unit on back of telegram forms. Censorship instructions lay down that number and name only will be shown, and franking officers will take particular care to ensure that this instruction is carried out. (NGF ROs,Pt I, para G98)

1228. CENSORSHIP, SOUVENIRS OF ENEMY ORIGIN - DANGEROUS DRUGS AND EXPLOSIVES:

1. Censorship reports have shown that large numbers of parcels contain explosives and/or dangerous drugs. The despatch of such material is forbidden.
2. Where it is desired to include specimens of enemy ammunition in parcels, such ammunition must be:
   (a) Rendered harmless by qualified personnel by the removal of all explosive and the firing of all detonators.
   (b) Certified as being of no further use for Intelligence purposes, by the holder of a War Souvenir Stamp.
3. War Souvenir Stamps are held by GS of formations.
4. Drugs of enemy origin are not permissable souvenirs.
5. It is the duty of every franking officer to ensure that no articles of these types are included in parcels.

(NGF ROs,Pt I, para G99)

1229. GARDENING:

1. The Commander New Guinea Force desires that all units make every effort to establish fruit and vegetable gardens.
2. Preference should be given to growing salad and green vegetables which mature quickly. Suitable types are cucumbers, radishes, tomatoes, lettuce, Chinese cabbages, silver beet or spinach. In addition, cabbages, beans, sweet corn, pumpkins and tropical fruits such as paw paws, bananas and pineapples should be grown by static units.
3. Vegetable seeds may be purchased from the Canteens Service at a nominal price. (NGF ROs,Pt I, para Q110)

1230. PROHIBITION OF SALE OF LOTTERY OR ART UNION TICKETS:

1. A member of the Military Forces shall not act as a vendor of, or as agent to sell or to receive applications for, and tickets or shares in tickets in any lottery or art union.
2. A member of the Military Forces shall not purchase from, or apply to purchase through, any vendor or agent situated in New Guinea, any ticket or share in a ticket in any lottery or art union.

(NGF ROs, Pt I, para G111)

1231. NATIVE VILLAGES:

1. All native villages and including Chinese settlements and gardens are OUT OF BOUNDS to all ranks, with the exception of those members who, on account of their special duties, require to visit or pass through such areas.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1231. NATIVE VILLAGES (Cont):

2. In this regard the appropriate ANGAU Office will, on receipt of application from HQ Formations, Australian and American, issue to specified members such passes as may be required.

3. ANGAU will erect suitable sign boards at the places referred to.

(NGF ROs,Pt I, para A112)

1232. SAFEGUARDING OF MT:

1. The driver of a vehicle will remain with his vehicle and not leave the same unattended except in an authorised parking area where a picquet has been posted and after compliance with the provisions of this order so far as they relate to him.

2. A driver is responsible for the safe custody of his vehicle. If it is lost or damaged as the direct result of his neglect of duty or misconduct he may be required to make good the loss or portion thereof, suffered by the Commonwealth. (NGF ROs,Pt I,para Q131)

Extract.

1233. WATCHES - CARRYING OF:

All personnel having watches GS on issue will ensure that they are carried by means of a lanyard, to be attached either to the wearers' clothing or looped over the neck. Where watches are not fitted with a ring and other suitable means of attachment is not possible they will be sent to AEME 2nd Echelon Wksps for fitting of suitable holding device. (NGF ROs,Pt I,para Q132)

1234. TRANSFER OF OFFICERS TO COMMANDO UNITS (Ext LHQ 80054):

1. The following will apply to applications for transfer to Aust Commando Units:

(a) A written application will be submitted by the officer concerned to his CO.

(b) The application will be forwarded through normal channels to LHQ, with recommendation of CO, Bde Comd, Div Comd,etc.

(c) If the application is approved, LHQ will issue instructions for the transfer of the officer to Australian Light Horse (Commando) Reinforcements and for his movement to 1 Aust Cav (Commando) Trg Sqn.

(d) On conclusion of specialised training at 1 Aust Cav (Commando) Trg Sqn, HQ First Aust Army will advise LHQ (rptd 2 Ech) whether or not the officer is considered suitable for posting to a Commando unit.

(e) On receipt of advice at LHQ, that the officer is considered suitable for posting to a Commando unit, his posting will be effected by 2 Ech in accordance with current priorities.

(f) If the officer is not considered suitable for posting to a Commando unit, HQ First Aust Army will include in their advice to LHQ, a recommendation for his transfer to Inf Rfts or other disposal. (NGF RO,Pt 1,para A138)

1235. MECHANICAL VEHICLES - DRIVING BY OFFICERS: (See Regt RO 1237)

Attention is drawn to New Guinea Force RO A391/43 which is not being observed. Officers will not drive vehicles except in the cases there specified, and will always be accompanied by a driver.

(NGF ROs,Pt 1,para Q149)

1236. DISCIPLINE - MEMBERS TRAVELLING IN ARMY VEHICLES:

1. Para 10 of Standing Orders for Drivers of Mechanical Vehicles states:

"Personnel being carried on Army vehicles will not be permitted to sit on the sides or the tailboard or to stand on the running boards or guards. Except where the tactical situation makes departure from this Order necessary, troops will sit on the floor of the vehicle with their backs against the sides."

2. The senior Officer or NCO travelling in a vehicle is responsible for ensuring that all members in the vehicle comply with this Order. To assist him in the execution of this responsibility, the senior Officer or NCO will, if travelling in the cabin of a truck or van, direct a member travelling in the back of the vehicle to be responsible for ensuring that this Order is carried out.

(NGF ROs,Pt 1,para A157)

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1237. MECHANICAL VEHICLES:

1. Many instances of reckless driving of mechanical vehicles and driving at excessive speeds are occurring.
2. These and other improper practices in relation to mechanical vehicles frequently constitute a menace to other vehicles and to the safety of personnel and are responsible for undue wear and tear on vehicles and tyres. Accordingly they must cease.
3. Personnel when driving mechanical vehicles will maintain the strictest road discipline and drive at such a speed and in such a manner that their vehicles are completely under control and they are in a position to meet any emergency that may arise.
4. The maximum speed permitted for vehicles is as laid down in ASO 14/6. Members will not drive at the maximum speed where the circumstances render that speed unsafe.
5. The following specific provisions will be observed:-
   (a) An officer will not drive a mechanical vehicle except:-
      (i) When under driving instruction;
      (ii) For the purpose of maintaining his efficiency as a driver, provided the driver accompanies the vehicle;
      (iii) When operationally necessary;
      (iv) During long trips, to relieve the driver of the vehicle.

   Subject to the foregoing, no member will drive a mechanical vehicle unless authorised by a competent authority to do so.
   (b) When driving a mechanical vehicle the driver will not permit more than one person to sit beside him on the front seat.
   (c) Drivers of mechanical vehicles will not when approaching road corners change to lower gear ratio for the purpose of reducing speed, but will, when necessary, reduce speed by the application of the foot brake.
   (d) Personnel will not drive mechanical vehicles with tail boards swinging free. If the load is such that the tail board cannot be closed up, it will be secured in a horizontal position either with the chains provided or by rope.
   (e) Wheel chains will not be carried on front bumper bar of mechanical vehicles. They will be carried only in lockers or other suitable containers.
   (f) The use of wheel chains on dry roads is forbidden. Wheel chains will be used only when conditions so require.
   (g) Motor cycles will be fitted with efficient silencers. Personnel will not modify silencers unless authorised by competent authority to do so.
   (h) Except for operational reasons in forward areas:-
      (i) Pillion riding on motor cycles is forbidden;
      (ii) A load of more than 20 lbs will not be carried on motor cycle rear carriers.

6. It will be the responsibility of OCs sub units to ensure that the members of their units are made fully conversant with the requirements of this Order, to continually impress upon members the necessity for strictly adhering to the same, and to enforce the provisions of the Order by taking disciplinary action in respect of breaches.
7. When Provost personnel are required as witnesses, units will notify them promptly of the time and place of hearing.

(NGF ROs,Pt I,para Q188)

1238. MEMBERS WALKING ON ROADS USED BY MT:

To reduce the danger of accidents occurring to troops walking with their backs to oncoming traffic, a member walking on any road will walk on the right hand side of that road.

(NGF ROs,Pt I,para A232)

1239. AIR MOVEMENT: PERSONAL BAGGAGE:

1. Air passengers from New Guinea carrying baggage in excess of 35 lbs are warned that unless their movement order is endorsed "excess baggage for civil aircraft authorised by GOC NG Force" they will be called upon to pay civil airline rates for such excess baggage in the event of their being transferred to civil aircraft.

(NGF ROs,Pt 1,para A234)

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1240. DRESS - RIBBONS:

1. Ribbons will be worn as an integral part of uniform in New Guinea.
2. For the purposes of this order ribbons need NOT be worn in the camp area until 1715 hrs daily. Ribbons will be worn out of the camp area and after 1715 hrs daily.

1241. ALCOHOLIC LIQUOR IN NG:

1. Sub units will be responsible for exercising the closest supervision over the consumption of alcohol.
2. NO transfer of beer will take place between members of the unit or outside the unit.
3. The hours of sale will be as laid down by sub units but, for health reasons, will NOT be before 1700 hrs.
4. Caps will be removed from bottles before delivery to members purchasing.
5. Offence of Drunkenness.
   Drunkenness will be treated as a serious offence and be punished accordingly.
6. Particular vigilance is required in New Guinea, having regard to the danger that one effect of excessive consumption of alcohol may be a relaxation by the member of his anti-malarial precautions, with resultant danger both to himself and other members of the forces. It will be carefully explained to all ranks that excessive consumption is definitely injurious to the health in tropical climates, and that for this reason the consumption by individuals must not exceed the two bottles per week laid down.
7. The utmost co-operation of officers and NCOs is required to ensure compliance with the proper use of the beer, and to maintain the standard of health of the troops.

NOTICE

ANGAU - APPLICATIONS FOR APPOINTMENT TO THE DISTRICT SERVICES

1. Applications are invited from members of the AMF for appointment to the District Services of the Australian New Guinea Administrative Unit (ANGAU). This unit is a formation of the AMF and carries on the functions of the former civil administrations of the Territory of Papua and the Mandated Territory of New Guinea.

2. The positions for which applications are invited are those of patrol officers in the district establishments.

3. The age of applicants should be 20-25 years, but applications will be considered in cases of special qualifications from applicants not over the age of 35.

4. Applicants who have passed the Leaving Certificate or senior examination of any State or have qualified for matriculation at any Australian university, or who have attained at least an equivalent educational standard, will not be required to pass any educational or intelligence test before being considered for selection. In other cases, an applicant may be required to pass a special test before his application is dealt with.

5. Appointment to ANGAU on probation will be in the rank held by the applicant at the time of selection, provided that selected applicants of a rank higher than that of lieutenant will be required to accept a reduction in rank to lieutenant. Selected applicants below the rank of lieutenant will be eligible for promotion during the period of field training. Upon satisfactory completion of the field training and course, appointees will be posted to ANGAU in the rank of lieutenant.

6. Further details and form of application are available at RHQ.

REGIMENTAL ROUTINE ORDERS PT I — No.288

BY

LT-COL H.J.SMITH, COMMDING

2/11 AUST FD REGT — 16 Oct 44

1243. TREATMENT OF DISCHARGED MEMBERS SUFFERING FROM MALARIA:

1. It is possible that malaria may manifest itself for the first time after a member has been discharged.
2. By arrangement with the Repatriation Commission, in such cases, provided the member establishes his identity, e.g. by production of a discharge certificate, medical treatment will be made available forthwith at the expense of the Repatriation Department, pending determination of whether the malaria is attributable to the member's war service.
3. To obtain such treatment, the ex-member -
   (a) if he resides in the metropolitan area of a capital city, should contact the local office of the Repatriation Dept or apply to the Repatriation General Hospital; or
   (b) if he resides outside the metropolitan area of a capital city, should apply to the nearest local Repatriation Medical Officer. (CRO A.117/44)

1244. INDIVIDUAL WATER STERILIZATION OUTFITS:

1. Chloramine T has been used in the water sterilizing tablets in Individual Water Sterilizing Outfits made since Feb 44. These tablets retain their chlorine content for a period longer than those made prior to that date, and they do not go into powder form so readily.
2. However, they deteriorate after long storage, and a check will therefore be made of all stocks of Individual Water Sterilization Outfits held by sub-units and any dated six months prior to date of inspection will be returned to QM for replacement. This check will be repeated at monthly intervals.
(NG Force ROs,Pt I, para Q222/44)

1245. DCM.

A DCM convened by Major General Arthur Samuel ALLEN, the General Officer Commanding Northern Territory Force was held in the field on 5 Sep 44 for the trial of VX.56244, Gnr FIRTH R.W. 2/11 Aust Fd Regt.

The accused was charged with -

A140 WOAS CONDUCT TO THE PREJUDICE OF GOOD ORDER AND MILITARY DISCIPLINE

in that he

in the field on or about 9 Aug 44 improperly used Army vehicle No 43305 without authority whereby damage to the extent of £71-10-0 was caused to the said vehicle.

The accused pleaded NOT guilty. The Court found the accused guilty of the charge.

The Court sentenced the accused to be fined the sum of Fifteen pounds (£15) and to be put under stoppages of pay until he has made good the sum of Eight pounds five shillings (£8-5-0) being portion of the cost of the damage to Army Vehicle No 43305.

The accused was not in arrest awaiting trial.

The finding & sentence were duly confirmed on 22 Sep 44 by Comd NT Force.

The result of the trial was promulgated to the accused on 16 Oct 44 in the field.

All communications from a member subject to unit censorship shall contain the full name of the sender and his full official address. This shall be written, in the case of a telegram, on the back; in the case of a letter or letter-card, on the top right-hand corner of the first page; and, in the case of a packet, parcel or newspaper, on a slip of paper enclosed therein. A member shall not use any address other than his official address or receive any communication except through that address or request any person to send to him any communication except to that address: Provided, however, that in writing to a prisoner of war or neutral country, the addresses as provided by Appendix E to LHQ Field Censorship Instruction No 4 shall be used.

11. Despatch of communications.-

A communication, other than a telegram from a member who is rationed and quartered by the Army, will not be despatched until it bears a unit censor stamp or a Department of the Army concession stamp. Every communication from a member whose communications are subject to unit censorship will bear, in addition to the unit censor stamp, the signature of a franking officer.

12. When civil posting prohibited.-

A member, whose communications are subject to unit censorship, will submit to unit censorship all communications made subject thereto by this order. He will not despatch or attempt to despatch any communication through civil postal channels.

13. Carrying communications for others.-

A member will not carry, convey, send or post any communication from a member whose communications are subject to unit censorship.

14. Green envelopes.-

A member may use a green envelope to send letters which contain private or family matters.

Green envelopes will be issued on the scale of one per ten days for each member whose communications are subject to unit censorship.

A member who is guilty of a breach of security may have the privilege of using green envelopes withdrawn by his CO.

As a disciplinary or security measure, LHQ may direct that the issue of green envelopes to formations or units be stopped.

15. Newspapers.-

A member in any of the areas specified in para 7 of this order will not post or send any newspaper unless authority so to do has been given by the GOC formation. Other members whose communications are subject to unit censorship may send newspapers under unit censorship arrangements, subject to any restrictions imposed by the formation or L of C Area.

No unit newspaper will be sent by post unless the issue of such newspaper has been passed for publication by an Assistant or Deputy Assistant Director of Public Relations.

16. Penalties.-

Penalties imposed for a breach of security or censorship will be notified in formation routine orders, and whenever practicable, such notifications will be read out on parade to troops within the formation.

REGIMENTAL ROUTINE ORDERS PT I — No.290

BY

LT-COL H.J.ENTINK COMMANDING

2/11 AUST FD REGT — 30 Oct 44

1253. CAMP BOUNDARIES:

The boundaries of the present camp are defined as follows.

NORTH:- Line running EAST - WEST 100 yds NORTH of most northern point of 61 Bty area.

SOUTH:- Line running EAST-WEST 100 yds SOUTH of most southern point of 21 Bty area.

EAST:- MRAP River.

WEST:- CAMP DIDDY - WAWIN Rd.

1254. DRESS:

1. The following instruction will apply to all ranks as a precaution against Dengue Fever and skin disease.

(a) all ranks may sunbake ½ hr to 1 hr daily during the period 1530 to 1630 hrs and may fully strip.

(b) recreational training may continue during this period but with a minimum of clothing.

(c) other than (a) and (b) above, shirts will be worn at all times with the exception that members of authorised working parties, whilst actually engaged in strenuous work may remove shirts during daylight hours when NOT in enclosed or sheltered areas, and then only with the permission of an officer.

2. Provisions of this order will be strictly enforced and disciplinary action will be taken against offenders.

3. Para 1, sub para (a) of Regt Adm Order No 11 of 6 Oct 44 is cancelled.

1255. CAMP HYGIENE:

Attention is directed to RRO, para 1248. Camp hygiene and cleanliness is far short of the standard required. More attention is to be paid to the areas around ablution benches, water storage, and kitchens.

Battery Orderly Offrs, Sgts and Bdrs will maintain a more strict supervision, and the Regt Orderly Officer will carry out an inspection daily in conjunction with the R.M.O., and will report to the Adjt when completed.

1256. MALARIAL CONTROL:

Laxity in the precautions for Malarial Control is creeping in. Attention is directed to Unit Standing Orders for Malarial Control which are to be complied with in their entirety. Sub-units will arrange for lecturettes to be included in the training syllabus. One example of the need for precaution was brought out in the recent Obs Fire Course when on arrival in the area the presence of mosquitos was NOT evident. Within eight days, mosquitos were breeding in pools of water left by unit personnel.

1257. TELEGRAMS:

RRO's para 1227 is cancelled by RRO's, para 1252, Part D, sub para 10.

1258.

EDUCATION OFFICER.

Lt. A. R. BAETGE resumes duties as Unit Education Officer.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1259. ANTI-MITE FLUID:

Fourteen days supply of anti-mite fluid is available to sub-units. This fluid is to be used by the unit, sub-units and personnel when moving out of camp area for training exercises etc. Instructions for the use of anti-mite fluid are contained in NGF Adm Standing Orders as adopted by First Army (Chap 16, Sec 1, para 11)

1260. SALT TABLETS:

Due to excessive sweating in hot and humid climates salt is lost from the body and the amount consumed with food may not be sufficient to compensate for this loss. Severe salt deficiency may result in cramp in muscles and limbs, lesser degree of deficiency may result in general lowering of vitality. Salt tablets will be placed on mess tables at each meal and it is recommended that all ranks take one tablet per day.

1261. INDIVIDUAL FIRST AID OUTFITS:

First aid outfits are to be issued to all ranks. All ranks are warned that Tannic Acid Jelly for treatment of burns should NOT be used if the soldier injured is within reach of medical attention. Sulfanilamide tablets must NOT be used unless the soldier is NOT likely to reach medical attention within 6 hours. These must only be used for severe wounds and then as directed on packet. Indiscriminate use of this drug may result in dangerous immediate complications, or may produce such a condition in the soldier that at a later date when administration may be necessary he will NOT be able to tolerate the drug.

E. Williamson Capt.,
A/Adjt., 2/11 Aust Fd Regt

NOTICES

RAT TRAPS:-

The prevalence of rats in the area demands an anti-rat campaign. All ranks are asked to submit to their sub-unit HQ designs for rat traps which could be made from material likely to be available.

ACKNOWLEDGEMENTS:

The information given in this document is NOT to be communicated either directly or indirectly to the Press or to any person NOT authorised to receive it.

REGIMENTAL ROUTINE ORDERS PT I — No 291
BY
LT-COL H.J.ENTINK COMMANDING
2/11 AUST FD REGT — 8 Nov 44.

1262. DRESS:

The wearing of unauthorised clothing is NOT permitted. All ranks will wear only those articles of AMF issue or approved articles issued in lieu. American type gaiters may be worn by those personnel in possession of same. American headdress is NOT permitted.

1263. GAMBLING:

AMR & O para 322 reads as follows:-
"322 (1). Gambling in a camp or other military premises or on any ship carrying troops is forbidden. Gambling includes bookmaking and acting as an agent for a bookmaker.
(2) A WO or NCO is forbidden to borrow money from a private soldier".

This order applies to all personnel of the regt and any contravention is an offence and disciplinary action will be taken against offenders.

1264. RESTRICTIONS WHILE UNDER C B:

(i) Defaulter means a soldier under an award of confinement to barracks (AMR & O, para 4).
(ii)(1)Defaulters should be required to answer to their names at uncertain hours throughout the day, and should be employed on fatigue duties to the utmost practicable extent, with a view to relieving well conducted soldiers therefrom.
Defaulters will attend parades and take all duties in regular turn. When the fatigue duties are not, in the opinion of the C.O., sufficient to keep the defaulters fully employed, the C.O. may order them to attend extra drill which shall be limited to one hour a day, and shall include some form of useful instruction.(AMR & O 429)

Extra drills will NOT be given to a soldier under CB.

1265. MANUAL LABOUR:

There appears to be a difference of opinion regarding the defining of manual labour in respect to the removing of shirts.
The following can be taken as a guide:-
(a) Woodchopping
(b) Concreting
(c) Camp construction work of a heavy nature such as post hole digging
(d) Any form of digging
(e) Handling of heavy cases etc when case weighs more than 70 lbs.

In all cases when engaged in manual labour the senior person responsible for the party will authorise and accept responsibility for the removal of shirts.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1266. AIRFIELDS:

Complaints have been received from the U.S. Air Force that personnel of this unit have been found on airstrips clambering in or interfering with grounded aircraft.

All airfields are out of bounds to all ranks unless on authorised duty.

To impress upon all ranks the subject matter of RRO 1250 that para will be read out on a parade every second day for the next 6 days.

1267. INJURIES CAUSED BY ACCIDENTS WITH EXPLOSIVES AND LIVE AMMUNITION (GRO A382/44):

1. Members of the public have been killed or seriously injured recently as the result of handling explosives and live ammunition which either -

(a) have been taken or sent home by members of the forces as souvenirs; or

(b) have been negligently left in places to which the public has access.

2. To prevent a recurrence of such accidents, the following instructions will be strictly observed.

3. (a) Unless acting in the course of his military duties or unless so authorised by or under the National Security (Firearms and Explosives) Regulations, a member of the AMF will not have in his possession or deliver or transmit or attempt to deliver or transmit to any other person any bomb, shell or other explosive or live ammunition of any kind.

(b) All units will take vigorous action to ensure that members comply with the terms of this paragraph.

4. (a) When any member serving outside Australia and Tasmania is to return to Australia or Tasmania, his kit and baggage will be inspected thoroughly, prior to his embarkation or emplaning, to ensure that he is not in possession of any explosives or live ammunition of any kind other than such as may be necessary in the course of his military duties.

(b) His kit will again be inspected thoroughly at any LTD from which he is to be released on leave, prior to his being so released.

5. (a) Units will ensure that all prescribed safety precautions for the handling and storing of explosives and live ammunition are carefully observed.

(b) Explosives and live ammunition used for training purposes will be carefully safeguarded.

(c) Under no circumstances will explosives or live ammunition of any kind be left unguarded in any place to which members of the public have access.

(d) In areas where training with explosives and live ammunition is carried out, the utmost care will be exercised to ensure that all blinds are searched for and destroyed in accordance with the prescribed safety regulations.

6. If a member is charged with an offence against this order, a summary of evidence will be taken and an application submitted to superior authority for trial by court-martial.

(First Aust Army Orders, para A258/44)

1268. INDISCRIMINATE USE OF FIREARMS:

1. US Base E reports that on 29 Oct 44 a leak was discovered in No 1 Pumping Station on the NADZAB Fuel Pipeline, which had been caused by a rifle shot having been fired at close range directly into the pipeline.

2. Action will be taken to impress on all members the serious consequences of such vandalism and of the indiscriminate use of firearms. Disciplinary action will be taken against offenders.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

ADDENDUM TO RRO. PARA 1253 - CAMP BOUNDARIES:

Personnel are NOT permitted beyond the limits of the camp boundaries at any time unless on duty, on leave (para 1247), or with special permission from O's C sub-units.

Generally permission should NOT be given to proceed beyond the camp boundaries during working hours except on duty, leave or authorised picture parties etc.

O's C sub-units may grant permission to proceed beyond camp boundaries to personnel for the purpose of hiking etc subject to an officer or NCO being in charge of the party, and the OC party is to be warned of the conditions of entry to native villages, gardens etc.

Names of personnel proceeding beyond the camp boundaries will be retained in sub-unit offices.

O's C sub-units will be responsible to see that parties are adequately armed for protection purposes, and that ammunition carried is checked on return.

ACKNOWLEDGEMENT:

The unit gratefully acknowledges receipt from Y.M.C.A. of 2 Pressure Lamps.

REGIMENTAL ROUTINE ORDERS PT I No 292

BY

LT-COL H.J.ENTINK COMMANDING

2/11 AUST FD REGT 20 Nov 44.

1271. IMPROPER DESTRUCTION OF SIGNALS EQUIPMENT:

1. No member will, without authority, destroy, remove or otherwise interfere with (whether by cutting, discharging firearms at,or otherwise) any insulators or signal cable.
2. Applications will be made for the trial of offenders by Court Martial. (First Aust Army Orders,para A261/44)

1272. REMITTANCES OF UNDRAWN PAY AND CASH:

1. It is anticipated that there will be a heavy demand by members to avail themselves of the opportunity of sending remittances to residents in Australia as Christmas Gifts.
2. It is accordingly desired that personnel make remittances as early as possible.
3. Remittances forwarded through A.P.C. channels and received by Pay Sgt., RHQ on or before 7th December,1944, will be paid by the 23rd December, 1944.

(First Aust Army Orders,para A263/44)

1273. DAMMING OF ERAP RIVER:

Damming of ERAP RIVER by unit personnel for the purpose of providing still water for washing is creating still water in which mosquitos can breed.

All such dams will be pulled down forthwith and no interference with the natural course of river will be permitted.

1274. MALARIAL CONTROL.

All fire buckets containing water will be sprayed periodically with Malaroil. Detailed instructions will be issued by the RMO to malarial control squads. The Regt Orderly Officer will inspect fire buckets for above at least twice during his tour of duty.

1275. RHQ WARNING GONG:

RHQ warning gong is provided for the purpose of warning for the application of mosquito repellant lotion and is NOT to be used for any other purpose. The whistle should be used for the 15 and 5 min warnings prior to parades etc.

1276. LIFE ASSURANCE POLICIES TAKEN OUT BY MEMBERS OF THE FORCES:

1. Life assurance policies taken out by members of the forces on their own lives after September,1939, usually contain a war clause which imposes upon the member assured, if he wishes to remain covered under his policy for the full sum assured while serving outside the Commonwealth, the obligation of -

(a) informing the life assurance office concerned of his departure from Australia and of the date thereof; and

(b) payment to that office of an extra war loading premium.

2. Certain life assurance offices regard the Territories of Papua and New Guinea as being, for this purpose, outside the Commonwealth, and there are variations in the rate of war loading premiums charged by different offices, while, in some circumstances, an office may not be prepared to cover the additional risk and may, therefore, refuse to quote any extra premium. A member who desires to remain covered while serving outside the Commonwealth should ascertain from the office concerned to what areas the existing cover extends and what rates of war loading premiums are required should he serve outside those areas.
3. If the member subsequently embarks for service outside the Commonwealth, he may arrange through army channels -

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1276. Life Assurance Policies taken out by members of the Forces: (Cont).

(a) for payment of the amount of extra war loading premium (as previously ascertained by him) to the office concerned, by means of a remittance of undrawn pay; and

(b) for notice of the date of embarkation to be given to that office by the DFO when paying the remittance.

The member will attach to the remittance form a letter requesting the giving of the notice mentioned in sub-para (b) of this paragraph.

4. For security reasons, direct notification by members to life assurance offices of their impending or actual embarkation is strictly prohibited.

(GRO F.412/44)

1277. NATIVE VILLAGES AND GARDENS:

1. (a) Village Natives.

The responsibility for administration of village natives rests with District Services; the District Officer, the Assistant District Officer, and Patrol Officers being the responsible officers. It is through these Officers that all contact of village natives by troops should be made whenever possible.

(b) Village Officials.

Every village has a chief (Luluai) and his assistant (Tultul) who are the native officials.

If no District Service Officer is available to troops, then native contacts should be made through either of these officials. The Tultul will always be able to speak pidgin English.

(c) As natives prefer to be left alone, visits by troops to villages, although often of pecuniary advantage to the natives, are not welcome.

(d) Native villages are out of bounds to all ranks unless permission to visit them has been granted by ANGAU or except where necessary for a specific duty where there are no ANGAU representatives.

(e) Providing such permission has been granted arrangements may be made for officers, NCOs and/or parties of AMF personnel to visit native villages at times convenient to the inhabitants.

(f) Personnel below NCO rank will not make visits unless accompanied by an officer or NCO who will be responsible for their conduct.

(g) ANGAU will not issue passes to ORs unless a leave pass covering the period of visit is presented for inspection.

(h) Native gardens are out of bounds to all personnel other than ANGAU.

(Extract First Aust Army ASOs)

2. Recent breaches of the abovementioned Orders are viewed in very serious light, and in future, offenders will be suitably charged in all cases.

1282. CARE AND MAINTENANCE OF TENTAGE.

1. Advise has been received that the provision of tentage for AMF requirements can be expected to become progressively worse. For some time past, all duck for tropic treated tentage has been imported from AMERICA. That country now finds that supplies are inadequate for its own requirements and has advised that it cannot supply the quantities which we require.

2. The type of duck and tents obtainable from INDIA (our only other source) is not suitable for tropic treatment. It therefore becomes even more necessary than ever that a very strict inspection of pitched tentage should be maintained to ensure the longest possible life.

3. A weekly inspection of tentage will be made to cover the following points :-

(i) correct pitching (vide MGO Equipment Memoranda Nos 9 & 10);
(ii) immediate repairs of any tears in seams or canvas;
(iii) immediate striking of all tent bodies and flys requiring repairs which cannot be effected while tents are erected and their immediate despatch to an RSD;
(iv) correct adjustment of bracing lines and pegs;
(v) freeing of outer surfaces from foliage and other foreign matter;
(vi) internal contents not to be in contact with canvas at any place and no unauthorized attachments to be pinned to walls or ropes;
(vii) flys, well clear of tent bodies;
(viii) drainage adequate;
(ix) in tropical areas, poles of all accommodation tents to be raised to clear walls from ground. Improvised frames or saplings etc to be used wherever possible;
(x) tentage held in store to be in well ventilated stacks and turned over fortnightly.

4. General points in the care and maintenance of tents include :-

(i) insistence on doorways being laced before pitching (whether raised or not) to ensure correct roof angle;
(ii) instruction and supervision in the slackening of lines in wet weather and in the tightening of lines in dry weather;
(iii) thorough drying of bodies, flys and cordage before folding for either storage or movement;
(iv) camouflage paints and emulsions etc not to be applied except for operational purposes, and then as directed in GRO 0.671/1943.

5. It has been noted that wood frames, with or without wire netting, when built inside tents causes tears where the frame or wire is making contact with the tent. The use of frames will cease.

6. OCs sub units will detail an officer to make a weekly inspection of all sub unit tentage, noting repairs required and arrange for equipment repairer to effect repairs forthwith.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

NOTICE:

GIFT PARCELS FOR UNITED KINGDOM ADDRESSEES - DUTY FREE CONCESSION

1. The conditions of the concession announced in the Notice appearing in Regt Routine Order No 263 of 3 Oct 43 under which members of the AIF and of the British Army serving in Australia and in other places within the SWPA are permitted to send to their relatives and friends in the United Kingdom a maximum of four gift parcels per year, duty free, have been amended. The Notice is, therefore, cancelled.

2. The following are the conditions applicable as from 20 Oct 1944:-

(i) The usual postage rates are payable.

(ii) Parcels must not weigh more than 5 lbs each and must not include -

(a) any drinkable spirits;
(b) more than ½ lb total weight of tobacco, including cigars and cigarettes (200 cigarettes or 50 cigars) or any tobacco goods marked "HM Ships only";
(c) more than ½ pint of scent;
(d) more than 2 lbs of any one foodstuff.

(iii) The maximum value of the contents of parcels which can now be sent by one individual sender in any one year is £8, and this value may be made up as follows :-
(a) one parcel of £8 value, or
(b) two or more parcels up to a maximum of four parcels aggregating £8 value.

(iv) Special Customs declarations (AFs W5192) must be affixed to all parcels in order to secure the duty free concession. These declarations, where not already in possession of units, are obtainable through normal stationery channels.

(v) Issues to personnel will be under unit arrangements, on the basis of a maximum of four AFs W5192 per year to any one sender. A comparatively few forms should, therefore, suffice for the needs of any unit.

(vi) Each AF W5192 issued will have entered upon it the sender's number and name and be signed by the issuing officer in the space provided.

(vii) Each Customs declaration represents a permissable value of £2 within the parcel to which it is attached.

(viii) Where the value of the contents in any one parcel exceeds £2, a further declaration for each additional £2 (or fraction thereof), up to the maximum of £8, must be attached, e.g., a parcel containing goods to the declared value of £6 would require three labels attached.

3. It is stressed that full duty will be levied in the United Kingdom (for collection from the addressees) in respect of any contents of parcels which infringe the restrictions contained in para 2(ii) above. In addition to these duty charges, the contents of any parcel not bearing a Customs declaration, received into the United Kingdom, are subject to purchase tax amounting in many cases to 100 per cent of the value of such contents. This tax is chargeable on most manufactured articles, but tobacco and foodstuffs are excluded.

TECHNICAL TRAINING INSTRUCTION No 3 5 Dec 44

1. THE USE OF "ALL"

In Link Shoots it is noted that OPOs have got into the habit of NOT using the prefix "ALL", apparently due to the fact that OPOs are aware that NO conversion will take place because the switch is less 4°.

This is wrong. The explanation is shown in AT Vol III, Part 3, Part I Sec 18,3 (ii).

2. CAMOUFLAGE:

T.E.T. of a Fd Regt is based a much higher scale of issue of vehicles than the WE provides.

The number and size of camouflage nets held or authorized would, therefore, appear to be excessive.

Sub units will carry out a census of nets held, by sizes and condition, and submit this return together with recommendations as to requirements, to RHQ by 10 Dec 44.

3. EQUIPMENT:

(i) It is felt that a large number of items of equipment at present shown on T.E.T. are NOT required for Jungle conditions.
Recommendations are invited from all ranks as to the type of store that is NOT suitable or required, and stores that should be reduced or increased in number.

(ii) Lt-col FORREST will visit the unit again about 10 Dec 44. Officers should make notes of matters of equipment etc. that might be discussed.

4. TRAVERSING:

(a) It has been noted that two procedures are being followed in some units with regard to the method of obtaining azimuth angles during traversing.

(b) The original method employed with a theodolite and which is set out below will be taken into general use and the use of the modified procedure for use with the Director No 6 will be discontinued.

(c) To measure the azimuth angle and determine the forward bearing:-

- Clamp the director at 00° 00'.
- Using the lower plate swing left, traverse right and lay on the back station.
- Using the upper plate swing right, traverse left onto the forward station.
- Record the angle. This is the first reading.
- Using the lower plate swing right, traverse left and re-lay on the back station. The upper plate will still be set at the first reading.
- Using the upper plate swing left, traverse right and re-lay on the forward station.
- Read the angle. This is the second reading.
- Halve the second reading. (If the first reading is greater than 180° add 180 degrees to the answer) This is the mean reading.
- If the mean reading is within two minutes of the first reading it will be accepted.
- If the difference exceeds two minutes a fresh set of readings should be taken.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

- The mean reading represents the clockwise angle measured from back station to forward station.
- Add the mean reading to the bearing of the back station. This is the bearing to the forward station.

EXTRACTS FROM M.G.R.A. MONTHLY LETTER No 23 - OCTOBER 1944

1. CLASSIFICATION OF ASSISTANTS:

It is noted that the War Office has approved of the trade of technical assistant R.A. in the field, medium and heavy regiments R.A. This new nomenclature covers the duties of OPA, GPOA and CPOA's.
Comments are requested on the advisability of introducing a similiar classification into the R.A.A.

2. THE ART OF OBSERVED SHOOTING:

RATM 12 has the following timely comments to make on observed shooting.

"The value of heavy concentrations of artillery fire on the battlefield is now thoroughly realized throughout the army.

There is, however, sometimes a tendency to use fire of a regiment or even of a divisional artillery when the target could better be taken on by the observed fire of a battery or troop, with a consequent saving of ammunition.

It is not an overstatement to say that, in our efforts to perfect the systems of bringing down heavy concentrations of fire, the art of observed shooting has fallen into the background. There are many targets which should be engaged by a troop, a section, or even a single gun. It is of vital importance that we keep our hand in at this type of shooting.

Moreover, it is not always appreciated that ranging should precede all large concentrations of fire when observation is possible, time is available, and surprise is not a dominant factor."

A report from Second Army during the Normandy show is rather more terse - "A heavy concentration is often nothing more than a fool's answer to a target he has failed to hit with one gun."

It is obvious from watching the efforts of OP officers in practice series that the observation of fire is being complicated by a multiplicity of rules and regulations to an extent that the object of the game, i.e. to bring quick and accurate fire onto the target, is becoming increasingly obscured.

3. EXTRACTS FROM LETTERS FROM NORMANDY:

(a) Time HE

"Time HE is being used extensively both by Fd and Medium Equipments".

(b) F.O.Os

"F.O.Os must not sit in their infantry comds pocket. During the first week a lot of OP officers were lost through being "too brave". They must move from view point to view point and keep in touch on the No 18 Set".

(c) Air O.P.

"Air O.Ps have been doing first class work. When any big battle is on, continuous sorties have been flown often with several aircraft in the air at once. All this has been done without permanent fighter cover. In general, it has been found more satisfactory to rely on light AA protection because the enemy has been attacking OPs at low level and consequently the early warning system has at times failed."

"If the light AA notice a hostile aircraft preparing to attack an air O.P., warning rounds are fired by the light AA clear of, but visible to the air OP. These warning rounds are observed by an observer passenger in the air who warns the pilot when to take evasive action".

The above notes have been extracted from UK Artillery Notes No 14. They do not represent official SHAEF opinion.

4. SIGHT TESTING - ALIGNMENT IN CLOSE COUNTRY.

The following alternative method of aligning sights in close country has been fully tested by field artillery units in 1 Aust Corps and has been found a very useful alternative to the target testing sight.

1. "Alternative method for testing and adjusting the dial sight for line in close country.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

2. This suggestion is put forward as a means of carrying out an alignment test in close country where there are no available aiming points nor target testing sights.

METHOD

(a) Prepare gun for alignment test in normal fashion.

(b) Set up No 7 director about 20 or 30 yards in front of gun, S.R.T.L. upper scale to 0° 00'.

(c) Lay alternatively, gun barrel on director telescope lens (using firing hole bush and cross wires), and director on wires, (S.R.T.L. lower scale) until NO movement is necessary in either gun or director.

(d) Turn dial sight on to director telescope lens and note reading.

(e) Lay director on to dial sight S.R.T.L. upper gear, note reading.

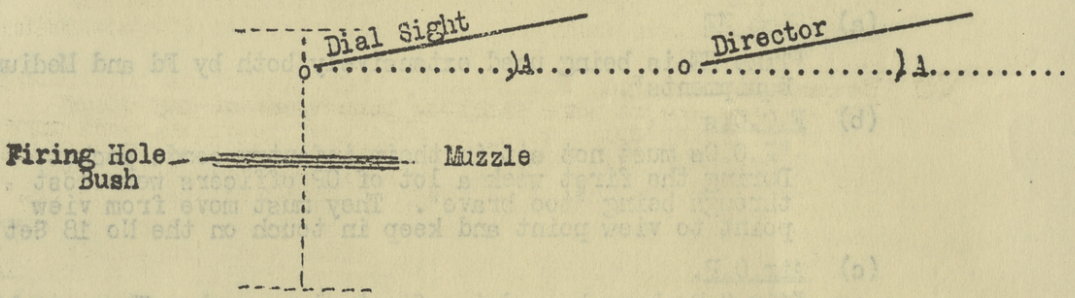

(f) Compare reading obtained at (d) and (e) and should they agree, then lines through barrel and dial sight are parallel.

(g) If they do not agree leave dial sight laid on director and alter slipping skin of main scale micrometer by unclamping and slipping skin to director reading and clamp. Turn dial sight to 0° 00' and line through bore and dial sight, are now parallel.

Note: During stages "c" and "d", a torch held in the eyepiece or a white cloth placed over director improves results.

The principle involved is that of passing a parallel line by the director.

7. DF TASKS BEYOND OBJECTIVE

In the attack, pre-arranged DF tasks round the final objective, to cover re-organization, have been proved necessary and are now axiomatic. Adjustments may have to be made after capture, but, even so, previous preparation will always save time.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

8. ROYAL ARTILLERY CONFERENCE, INDIA AND S.E.A. COMMANDS:

ARTY/R

(a) The agreed Point method was discussed and was reported satisfactory. One CRA mentioned that in very difficult country when the pilot failed to see the rounds they had ranged on the Agreed Point itself and had then been corrected on to the target.

(b) Again, in featureless jungle one must get the RAF to give one a list of Agreed Points which pilots can pick out from the air. If this is done the gunner can select the point which is nearest to his target.

(c) The problem of carrying the VHF set was raised. BRA 11 Army Group said that each Div Sigs now had 6 mules at CsRA disposal specially for carrying artillery sets.

ORGANISATION OF OPs.

The problem discussed was how to make ends meet in jungle country where OPs can see very little and where as a result, more OPs are needed.

The following recommendations were made:

(i) OPs must be pooled within regts and, though they could not be pooled on a div arty basis, a CRA must co-ordinate the OP lay-out.

(ii) The OP lay-out must be kept continually under review and no OP must be left in a place longer than is absolutely necessary.

(iii) All artillery officers, including A.tk and HAA, must be prepared to observe fire and man OPs.

(iv) We must still further encourage the infantry to learn how to call for and correct fire. Further officers have had several successes observing arty fire recently and the more they know about it the better.

(v) We must impress upon the infantry that, whilst as individuals FOO's lives are no more precious than those of any other junior officers when acting as FOOs they represent much more fire power than just one officer with a pistol or sten. A CRA said that when one of his FOOs was very wisely lying behind a tree in an exposed place recently a senior officer came up to him and said, "Stand up - officers never lie down". In response to enquiries this CRA added that the senior officer concerned was shortly afterwards killed.

UPPER REGISTER FIRING

(a) It was agreed that this should be restricted to 3.7 Hows, 25-pr and 5.5 inch but that, since some of the new medium regiments were to be equipped initially with 6 inch Hows, trials were to be undertaken under orders of GHQ.

(b) It was agreed that UR gun pits should only be dug when specially needed.

(c) There is no demand for 3.7 AA in the UR until Red. Ch is available.

METHODS OF RANGING IN THE JUNGLE:

Many bright ideas on this subject have been published from time to time, but the opinion of the Conference was that all that FOOs really did when in the jungle was to fire smoke and then go to HE and range by sound.

REGIMENTAL CONCENTRATIONS IN JUNGLE USING HAB.

There are now four different methods by HAB. These are:-

(i) The Single airburst.
(ii) The sub-base
(iii) Double HAB (gun fixed by Survey)
(iv) Double HAB (air base fixed by Survey).

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

While it was agreed that each has its merits it is impossible in the time available for training to teach all these methods. It was decided therefore to cut out all these methods and adopt only the MAB method given in RiTM 10.

UNITED NATIONS RELIEF AND REHABILITATION ADMINISTRATION.
APPLICATIONS BY MEMBERS OF THE AMF FOR STAFF APPOINTMENTS.

1. Approval has been given for the release of a limited number of AMF personnel for service with the United Nations Relief and Rehabilitation Administration, a United Nations organization which has been established to assist in the rehabilitation of liberated areas in Europe, the Far East and the Pacific.
2. Any member of the AMF who is physically fit and between the ages of 25 and 50 may apply for an appointment on UNRRA staff and, if successful, will be required to serve either at UNRRA Headquarters, Washington, at a branch established in London, Sydney or elsewhere or in any area liberated by the United Nations.
3. Appointments to UNRRA staff will probably be of comparatively short duration as it is expected that the administration will function only during the immediate post-war period.
4. Salary will be dependant upon living costs in the area to which the appointee is posted and will be determined by the nature of the duties performed and the responsibility of the position occupied. All necessary allowances will be provided.
5. Although a knowledge of the country in which the appointee is to serve and proficiency in its language are valuable qualifications, they may be waived when the applicant possesses the required technical experience.
6. Successful applicants will commence their duties as required by UNRRA. A number will be required almost immediately.
7. UNRRA activities cover every aspect of relief and rehabilitation and the qualifications required vary in accordance with the division in which the applicant is desirous of serving.
8. The following requirements cover the more important activities of the administration, but members who have qualifications other than those enumerated, and which they consider would fit them for service with UNRRA, may submit applications:-

(a) Supply.- General administrative experience, knowledge of trade procurement and shipping, marketing and distribution experience. A knowledge of foreign languages is also required for this division.

(b) Industrial Rehabilitation.- Experience in industrial planning. maintenance repair, engineering.

Average daily evacuations	=	.6	=	.125%

The greatest proportion of new sick were Otitis Externa and skin conditions.

Inoculations: Majority of personnel are up to date with all inoculations.

Cooks: Inspected weekly - NO sickness.

Hygiene: Installations are working efficiently.

Malarial Control: Area is practically free of mosquitos.

Training: Course of training for reserve medical orderlies was interrupted because of demand for all personnel for working parties.

The information given in this document is NOT to be communicated either directly or indirectly to the press or to any person NOT authorized to receive it.

REGIMENTAL ROUTINE ORDERS PT 1. No 297

BY

LT-COL H.J. ENTINK COMMANDING

2/11 AUST FIELD REGT. 17 Dec 44

1287. SUBMISSION OF SUGGESTIONS FOR IMPROVEMENTS IN ARMY ADMINISTRATION AND FOR ECONOMIES IN MAN POWER AND MATERIALS.

1. The submission by members of written suggestions for improvements in the system of army administration and for economies in man power and materials is to be encouraged.

2. All ranks will be informed that -

(a) the submission of such suggestions is invited by HQ;

(b) every suggestion will be promptly and sympathetically considered;

(c) if a suggestion cannot be adopted, the maker of it will, wherever practicable, be given some explanation;

(d) if a suggestor so requests, his identity will not be divulged to higher authority by the officer who receives it initially in accordance with para 3 hereof.

3. (a) A suggestion made by a member of a HQ will be addressed to the head of the branch or service with which the member is serving at that HQ, such head will attach his comments, if any. The suggestion, together with any additional comments, will then be sent by the commander of the HQ direct to LHQ.

(b) A suggestion made by a member who is not serving at a HQ will be addressed to his CO, who will forward it, together with his own comments, if any, direct to LHQ.

(c) A commander or CO may, at his own discretion, send a copy of a suggestion and his own comments, if any, to his immediately superior authority.

(d) Each suggestion will be forwarded to LHQ promptly.

4. At LHQ, the branch which first receives a suggestion will, without delay, send an acknowledgement of it direct to the suggestor and a copy thereof to the commander or CO concerned. After the suggestion has been duly considered by the appropiate branch or branches it will be either adopted in whole or in part or rejected. In either case, a further memorandum stating the decision and, if appropiate to be made known, the reasin therefore will be sent direct to the suggestor and a copy thereof to the commander and CO concerned. If, pursuant to the wish of the suggestor, his identity has not been divulged to LHQ, the abovementioned acknowledgement and memorandum will be sent in duplicate to the commander or CO, who will arrange for a copy of each document to be passed to the suggestor.

(GRO Adm 449/44)

1288. COMPANY AND PLATOON OR SECTION ROLL BOOKS (AABs 76 & 77)

1. Company and platoon or Section Roll Books (AABs 76 and 77) will be maintained in accordance with the instructions printed on the inside of the covers to the extent to which unit circumstances permit, e.g. in the case of units not engaged in active operations or on work in the field which prevents assembly for the purpose of roll call, the instructions will be complied with in full; in the case of other units, the rolls will be completed as opportunity offers, but daily if practicable.

2. These books are intended to provide a daily record of the unit strength and its distribution and are available also for pay and ration checks.

3. The officer in charge of the parade or platoon or its equivalent will check and initial each day the entries in either AAB 76 or AAB 77. If the space opposite a name is left blank, investigation is to be made and the entry completed.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1288. COMPANY AND PLATOON OR SECTION ROLL BOOKS (Cont)

4. When AABs 76 and 77 have been completed, they will be retained by the unit for one month and will then be forwarded for safe custody to the Echelon and Records of the L of C area in which the unit is serving.

(GRO 455/44)

1289. INCOME TAX - ADDITIONAL REBATES TO TAXPAYERS.

General.-

1. In consequence of recent amendments to the Income Tax Assessment Act, rebates (additional to those previously allowed) may now be made to taxpayers in accordance with the provisions summarised in the following paragraphs, which apply to income earned during the income year 1944/45.

Rebates in respect of children over 16.-

2. A rebate may be granted in respect of each child who -

(a) is not under sixteen years of age but is under eighteen years of age at the beginning of the year of income;

(b) is receiving full-time education at a school (including a technical school) or a university (including a university college); and

(c) is wholly maintained by the taxpayer.

From the amount of the rebate will be deducted the value of any assistance (consisting of money, accommodation or sustenance) provided by the Commonwealth or a State in connection with the education of the child, but the receipt of any such assistance, or of a bursary or scholarship, will not, by virtue of sub para (c) above, disqualify the child as a child wholly maintained by the taxpayer. Such child will, as from 1 July, 1944, be regarded as a dependant for the purpose of calculating tax deductions.

3. Where the child reaches the age of sixteen years or eighteen years during the taxation year, a proportionate rebate, to be determined by the Commissioner of Taxes, may be allowed.

Rebates for dental treatment.-

4. A taxpayer may also be allowed a rebate in respect of costs incurred by him for dental treatment for himself, his spouse or his child under twentyone years of age.

(GRO F.458/44)

1290. PRIVATE COMMUNICATIONS CONCERNING CASUALTIES.

1. Private cables and telegrams reporting battle or other casualties are prohibited. In letters, no reference is to be made to any such casualty until after a period of one month from the date of its occurrence.

2. The prohibition and restriction imposed by para 1 hereof are not applicable to communications sent by a member relative to a casualty sustained by himself.

3. This order has been dictated by motives of consideration for the feelings of the relatives of members of the forces who, in many instances, have been caused unnecessary suffering and suspense through information contained in private correspondence from operational areas and which, in some cases, have proved to be inaccurate.

(GRO A.437/44)

1291. SUPERANNUATION ACT 1922-43 : MEDICAL EXAMINATION FOR MEMBERS OF AMF.

1. The provisions of Sections 4B and 13 of the Superannuation Act 1922-43 require that members, on increasing their number of units in order to take up neglected units, be medically examined by a Commonwealth medical officer.

2. Up to the present, in cases where a Commonwealth medical officer considered that any member should also be examined by a specialist, he has instructed such member to report to a civilian specialist for further medical examination accordingly, the expense of this additional examination being borne by the member concerned.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1291. SUPERANNUATION ACT 1922-43 : MEDICAL EXAMINATION OF MEMBERS OF AMF (Cont)

3. The Superannuation Board has now agreed that, in the case of members of the AMF on full time duty who are contributors to the Commonwealth Superannuation Fund, such specialists examinations may be carried out by the Army, thus relieving the member concerned of any financial liability.

(GRO A.438/44)

1292. DISCHARGE OF PERSONNEL FOR UNIVERSITY STUDY - YEAR 1945.

1. War Cabinet has given approval for the discharge of personnel who desire to commence or resume University Courses in the 1945 University year, and whose discharge is recommended by the Manpower Directorate.

2. Full details of conditions of discharge may be obtained by perusal of FIRST AUST ARMY ORDERS A.300/44 at each Bty Office or RHQ.

1293. SKIN COMPLAINTS.

1. Due to the increasing number of skin diseases occuring all ranks will be inspected weekly by the RMO with the object of preventing the devolpment of these diseases by early treatment.

2. Sub units will parade at the RAP on the Saturday of each week at half hourly intervals commencing at 0900 hrs in the order of RHQ & attached, 21, 22, 61 Btys.

1294. FOOD IN UNIT LINES.

1. Food will NOT be left in tents or sub unit lines unless protected from flies and rats. Any food received in parcels, or fruit which it is desired to retain in tents must be kept in a container which is fly proof and rat proof.

2. Perishable foods other than above will be kept in sub unit kitchens in a fly-proof room or under fly-proof covers and will also be protected from rats.

1295. SCRUB TYPHUS.

1. Rats harbour the Scrub Typhus mite and Scrub Typhus can be contracted through contact with rats, either directly or indirectly.

2. All ranks are warned that animals are not to be handled or to be allowed to come into contact with the body, blankets or clothing.

3. An active policy of destruction of rats will be maintained, and all rats caught will be killed and destroyed by burning in the incinerators.

4. Troops are advised that dogs and cats may be infected with, but are NOT carriers of Scrub Typhus.

1296. MALARIAL CONTROL.

1. With the commencement of the wet season pools of water will collect underneath and around tent areas, and in wheel tracks, in which mosquitoes may breed.

2. It is encumbent on all ranks to fill in such pools within the limits of the camp area, to assist the malarial squads, and to minimize breeding.

3. Attention is directed to Standing Orders for Malarial Control, Part 1, para 12, in respect to the spraying of tents.

1297. LUBRICATION OF NEW VEHICLES.

1. Sub units will ensure that sumps, differentials, air cleaners, etc are drained, flushed and refilled before vehicles are put into use.

2. Oil will be changed after first 50 gals, first 150 gals and then as laid down in this Routine Order.

1298. LUBRICATION OF "B" VEHICLES.

1. Changes of oil and oil filter cartridges for all "B" vehicles will now be based on number of gals of petrol consumed and NOT on mileage.

2. The following is an extract from NG Force Standing Orders as adopted by FIRST AUST ARMY.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1298. LUBRICATION OF "B" VEHICLES (Cont)

3. The following periods will be observed:-

Type	Engine Oil Change	Gear Box, Transfer Box, Front & Rear Axle Change	Oil Type Air Cleaner	Oil Filter Element Replace
"B" Vehs Exl MCs	200 Gals	400 Gals	*100 Gals	200 Gals

* When vehicles are operating under dusty conditions this figure will be 50 gals or lower if considered necessary.

4. Sub units will implement this system immediately.

1299. XMAS CARDS.

Members are advised that Christmas cards must have the Number, Rank, Name and Unit of sender endorsed thereon.

NOTICE

INSTRUCTORS FOR INDUSTRIAL TRAINING DIVISION - DEPARTMENT OF LABOUR AND NATIONAL SERVICE.

The department of Labour and National Service has advised that, under the Commonwealth Reconstruction Training Scheme, many additional trade instructors will be needed in technical schools and colleges and similar organizations, particularly in the building trade.

Although the services of these instructors generally will not be required until the cessation of hostilities, or just prior thereto, it is desired to give members of the forces who wish to be considered for such appointments an opportunity of lodging advance applications for selection at a later date.

Applicants are required to be fully qualified tradesmen, preferably with some experience as instructors. Selected applicants without satisfactory teaching experience may be required to undergo a short intensive course of training, during which the appropriate rates for instructors will be paid.

Sucessful applicants, who can be spared for release from the Army, will be appointed as temporary trade instructors by the appropriate State Public Service authority. Application forms and conditions of training and employment may be obtained from the Deputy Director of Industrial Training in the State in which appointment is desired.

The addresses of Deputy Directors of Industrial Training are as follows:-

Australian Capital Territory - Canberra Technical College.
New South Wales - Sydney Technical College, Ultimo, Sydney.
Victoria - V.C.A. Building, Flinders Street, Melbourne.
Queensland - Department of Public Instruction, Brisbane.
South Australia - Education Department, Adelaide.
Western Australia - Perth Technical College, Perth.
Tasmania - Education Department, Hobart.

REGIMENTAL ROUTINE ORDERS PT I. No.299

BY

LT-COL H.J.ENTINK COMMANDING

2/11 AUST FD REGT 23 Dec 44

1301. TRANSFERS:

All applications for transfer are suspended until further notice.

1302. LIGHTING IN QUARTERS:

The use of electric lights in tents is NOT permitted.

1303. TRADE GROUPINGS - USE OF ARABIC NUMERALS INSTEAD OF ROMAN NUMERALS IN DESIGNATIONS.

1. Reports indicate that the use of Roman numerals (I,II,III,IV) in the designation of trade groupings creates a greater likelihood of error than would be the case if ordinary arabic figures (1,2, 3,4) were used.

2. Action is therefore being taken in the near future to amend GRO 1243/44, War Establishments and other relevant instructions to provide for the substitution of arabic figures in such designations.

3. Such amendments will be anticipated and action will be taken forthwith to use arabic figures in all references to trade grouping in records, instructions and other documents.

(Extract from LHQ 171819 of 11 Dec 44)

1304. CLOTHES LINES:

Clothes lines are to be erected alongside the length of the sides of each double RD tent. Tent in RHQ area directly opposite Canteen will serve as a model.

All sub-units are to conform to this design.

Officers Lines - Two separate clothes lines, one south the other north of the creek in officers sleeping quarter area. These lines will NOT be less than 7 feet from ground at any point.

NO other clothes lines are permitted.

1305. TUBS, WASHING:

NO tubs, washing or any other form of washing basin or tub are permitted in tented areas. Ablutions and clothes washing will only take place in ablution and washing areas provided.

1306. BEER BOTTLES, CRATES ETC:

There is a serious shortage of beer bottles, beer crates and bottle paper and straw envelopes on the mainland, so much so that future supplies of beer may be held up pending manufacture or return of containers.

The greatest care is to be exercised in the opening of beer crates and boxes. Complete cases or crates with lids will be placed outside the canteen. All bottles will be returned to the canteen and replaced in their cases, each bottle so returned being enclosed in a straw or board envelope.

All returned bottles, crates etc will be returned to Salvage. Until such time as a Salvage Depot is established in the NADZAB area empty bottles etc will be returned to A.A.C.S., NADZAB.

These instructions also apply to soft drink bottles.

1307. M.T. PARKS:

An MT Park is established in each sub-unit area. All vehicles on completion of their duty will be parked in these areas.

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1308.
PRECAUTIONS AGAINST FIRE:

Attention is directed to Unit memo - Fire Precautions - issued 13 Nov 44, and Adm Order No 12, para 9 of 12 Oct 44.

These orders apply to the present camp site.

During the absence of Lt. T.H.BURNS, Lt. P.L.H.COWPER is appointed Fire Officer.

1309. PREVALENCE OF RATS:

In view of the prevalence of rats in the camp area all tents, huts, kitchens and similar buildings are to be provided with a local pattern rat trap.

Attention is directed to RRO Para 1295 of 17 Dec.44.

1310. FOOD CONSERVATION - POTATOES:

1. To prevent waste, potatoes will not be peeled before they are cooked.
2. Before potatoes are cooked, they will be scrubbed clean and bad portions, if any, will be cut off. Neglect of these precautions makes this food distasteful.
3. Potatoes will be omitted from the breakfast diet, unless -
   (a) there is cooked potato left over from the previous day which can be utilised, and
   (b) the provision of potatoes will not entail shortage at subsequent meals during that day.

(GRO Q.467/44)

1311. CONSERVATION OF WATER:

As pumping facilities are limited, strict water discipline is to be maintained in respect to showers, ablution and washing benches. Vehicles will NOT be washed with water from storage tanks. It is proposed to make facilities available for the washing of vehicles direct from the creek.

1312. NATIVE COMPOUND:

All native lines are out of bounds to all ranks. Attention is directed to the undesirability of fraternising with and spoiling natives. Such acts by European personnel have the effect of lowering European prestige.

1313. TRANSFERS - NG INF BN:

Transfers to the NG Inf Bn are suspended.

No. 301

REGIMENTAL ROUTINE ORDERS PT I
BY
LT-COL H.J.ENTINK COMMANDING
2/11 AUST FD REGT (JD)

29 Dec 44

1315. LIGHTING IN QUARTERS:

1. RRO 1302 is cancelled. Lighting in tents is permitted under the following conditions:-
(a) that no unit equipment is used.
(b) that no unit charging sets are used for recharging batteries.
2. The reasons for restrictions on the use of unit equipment is the shortage of supplies and the need for preserving the life of batteries and running hours of charging sets.

1316. PRECAUTIONS AGAINST FIRE:

Reference is made to RRO 1308. NO unauthorised fire places are permitted in unit lines. Fire places required for boiling billies etc may be used subject to approval of the site and safety precautions by the Unit Fire Offr.

1317. RECREATIONAL SPORTS:

As from 29 Dec 44, Saturday afternoons will be devoted to recreational sport by all members of the unit. Officers will take an interest in these sports periods and encourage active participation of all ranks. Any additional equipment required will be referred to the Sports Offr (Lt. HAWSON).

1318. BOILING OF CLOTHES:

The half day per week allotted for the boiling of clothes will come into operation again as from 29 Dec 44.

1319. PICTURES:

Personnel may proceed to pictures as follows:-
TUESDAYS - 4 Tac/R Sqn. All personnel NOT on duty.
WEDNESDAYS)
FRIDAYS) 928 Sig Bn. 25 ORs per sub-unit.
SUNDAYS)

Transport will leave RHQ for pictures at 928 Sig Bn at 1740 hrs.
NO transport will be provided for pictures at 4 Tac/R Sqn.

Transport for 928 Sig Bn pictures will be arranged as follows:-
Each sub-unit will supply one 3-ton Truck.
Trucks will assemble on track between RHQ and 61 Bty lines at 1730 hrs.
Personnel proceeding to pictures will assemble in vicinity of trucks at 1730 hrs.
In the event of the number of vehicles allotted being insufficient the Regt Orderly Offr is authorised to detail additional duty vehicles as required, such action to be reported to the 2IC.
The Regt Orderly Officer will also return to unit lines any vehicles reporting which are NOT required.
An OC Convoy from those officers proceeding to the pictures will be detailed by the Regt Orderly Offr or the Adjt. This officer will be responsible for the conduct of the convoy. If no officer is going to the pictures, a WO will be detailed as OC Convoy.

1320. LOCAL LEAVE AND VISITS TO LAE:

There will be no special provision of MT for individual soldiers for the purpose of visiting other units.

A soldier may make application to visit soldiers of other units, and if approved, arrangements will be made for him to proceed in a vehicle moving on duty.

(Cont)

AUSTRALIAN WAR MEMORIAL AWM2019.366.546

1320. Local Leave or Visits to LAE:(Cont):

Periodical visits to LAE in the form of organized leave parties by sub-units is permitted. O's C. Sub-unit should submit details of such to R.H.Q. 24 hrs before departure of party, so that leave passes can be prepared and detailed instructions be issued to OC of party.

These parties will leave the camp area in the mornings, and each soldier will carry a Leave Pass.

On arrival in LAE, personnel may be transported to MALAHANG Beach or the Soldiers Club and may attend the pictures. They will reassemble for return to camp at the time and place nominated by the OC.

Bathing trunks are required at MALAHANG Beach.

1321. TUBS WASHING and BUCKETS:

Reference is made to RRO 1305. Buckets and tubs may be retained in vicinity of tents for overnight soaking of clothes, and by day in a dry and clean condition for safe keeping.

Washing is NOT permitted in vicinity of tents and quarters, and will be done only at ablution benches provided.

1322. SHORTS:

Attention is directed to the fact that shorts are forbidden in N.G.

The unit has authorised personnel to have in their possession 1 pair of shorts for use for sports only. A number of personnel are flagrantly disobeying this order, and unless the order is obeyed implicitly it will become necessary to withdraw all shorts.

The orders NOT permitting the wearing of shorts are laid down for the safety of personnel and protection against the scrub typhus mite which has been located in this area.

If clothing is properly treated with anti-mite fluid and correctly worn the soldier is fully protected. Movement through an infested area without this protection will almost certainly result in the soldier being bitten by the mite with the possibility of contracting scrub typhus.

Capt.,
Adjt., 2/11 Aust Fd Regt.
