All personnel who have been on leave and have not been paid subsistence allowance will apply at once in writing to the Pay Sgt. Applications to show the number of days leave for which subsistence was not paid. All applications to reach Pay Sgt by 1800 hrs 23 Mar.

75. TREATMENT OF SCRATCHES AND INSECT BITES DURING TREKS.

All personnel contracting scratches, abrasions or insect bites during treks will report as soon as possible to medical personnel who will treat them immediately with an antiseptic and cover the affected parts with strapping or elastoplast.

76. DIPPING OF HEADLIGHTS.

The attention of all ranks is directed to the following regulation for motor traffic made in pursuance of the Motor Traffic Act 1909 as amended, with regard to the dipping of headlights:-

95(3) Any person who, at any time between the hours of sunset and sunrise, drives any motor vehicle equipped with a dipping device shall -

(a) as soon as his vehicle enters any length of public street lighted by means of street lighting, cause the main beam of light projected by any headlamp of the vehicle to be dipped whilst the vehicle is travelling along such length of public street;

(b) whilst his vehicle is travelling along any length of public street not lighted by means of street lighting, and is approached by, and approximately two hundred yards from any other vehicle travelling in the opposite direction, cause the main beam of light projected by any headlamp of his vehicle to be dipped, and shall cause such beam to remain dipped, until his vehicle has passed such other vehicle.

77. EQUIPMENT RECEIVED IN DIVISIONAL WORKSHOPS

1 Div RO Q 15.6

Sub units will ensure that drivers accompanying vehicles into workshops come prepared to stay. Equipment to be taken will include such personal items as may be deemed necessary, also mess and sleeping gear, helmet steel and respirator.

It must be appreciated that a vehicle when reporting for a minor defect may also be found to have a major one, and in that case the driver may have to remain at workshop much longer than originally anticipated.

78. M.T. RUBBER TYRES.

1 Div RO Q 11.2

(a) To ensure maximum wearing life of tyres and differentials of M.T., tyres are to be "matched" for equal diameters on opposite wheels.

(b) The provision of M.V. Training Pamphlet No. 1(1942) page 26, section "M" of the 6,000 mile maintenance schedule will be specially observed, the tyres being changed from wheel to wheel as necessary.

81. TIME DESIGNATION

1 Div RO No.6159

1. Formations and units of Second Aust Army now using Daylight Saving Time will revert to the use of Standard time on 28 Mar 43.

2. To effect this, at 0200 hrs (local Daylight Saving Time) on 28 Mar, in each time zone, timepieces will be retarded one hour. For example in the Eastern Australian Time Zone (142½E-157½°E) at 0200/L 28 Mar, the time designation will be changed to 0100/K 28 Mar. Designations in other Time Zone will be altered in a similar manner.

82. MAXIMUM SPEED DURING HOURS OF DARKNESS

1 Div RO Q.118

Until further notice vehicles of 1 Aust Div will not exceed the speed of 20 mph under the most favourable conditions.

In unfavourable conditions such as during heavy rain, mist or fog this speed must be considerably reduced, and drivers of all vehicles will be held responsible therefor.

83. MOTOR CYCLES CARE & MAINTENANCE UPPER CYLINDER LUBRICATION

1 Div RO 0.150

The attention of all Sub-units is drawn to MEI 044 of 1942 and Appx A Mechanisation Circular No.97A which requires that one teaspoonful of engine oil be added to every gallon of petrol used in Motor Cycles; this procedure is necessary to ensure that upper cylinder lubrication is more effective. The adoption of this procedure does not permit of new Motor Cycles being run at more than 35 miles per hour during the first 500 miles: nor are "Run In" Motor Cycles to be ridden at speeds in excess of the maximum speed allowed.

85. LEAVE — Twenty five per cent of the personnel of each Bty, RHQ, F Sec Sigs and 83 LAD may visit SUTHERLAND each night except those nights allotted to trg. No leave passes need be issued but a list will be made by the Btys of the personnel to whom leave has been granted.
Personnel may leave camp at 1730 hrs and will return by 0030. The lists of personnel to whom leave has been granted will be forwarded to the Orderly Offr who will deliver them to the Guard Comd.
Personnel on returning to camp will report to the Guard Comd who will mark off the names of personnel as they return. The time of return of personnel returning late will be marked on the lists. Lists will be collected by the Orderly Offr and returned to btys for any necessary action on the morning after leave has been granted.
SUTHERLAND leave may be extended to CRONULLA to enable personnel to attend pictures there.
Personnel not on duty may obtain leave from Btys to SYDNEY on Rest Days. This leave may be granted to 0030 hrs. Duty Bty will retain 50% of its personnel including those on duty in the Camp on a Rest Day.

86. KITCHEN REFUSE — Hard substance such as tins, bottles, broken glass etc will NOT be placed in bins used for wet kitchen refuse. Coffee grainings or tea leaves will NOT be placed in wet refuse.

91. GUNS MACHINE BREN

1 Div RO Q131

(a) A recent inspection of Guns, Machine, Bren in 1 Aust Div has shown that maintenance is, in some cases, unsatisfactory.
(b) The attention of sub units is directed to Section 2, Vol 1, Pamphlet No 4 SAT, which lays down instructions for the care and cleaning of these guns.

(over)

AUSTRALIAN WAR MEMORIAL AWM2019.366.607

92. MT - TIGHTENING OF NUTS

1 Div RO Q132

(a) Attention of all sub units is drawn to the necessity for keeping all nuts tight on bolts and studs on vehicles.
(b) During recent inspections, loose body fitments and mechanical parts have been noticed, particularly in relation to transfer gear-cases and bearing flanges, steering boxes, drive-shaft intermediate bearings, U bolts, etc.
(c) Failure to tighten spring U bolts invariably results in worn spring centre bolts.

93. SCALE OF CLOTHING SHORTS KD

1 Div RO Q135

Attention is drawn to present scale of Clothing and necessaries which does not authorise the issue of Shorts KD. Up to the present it has been found possible to practically complete all Indents, but the supply position is now serious. This particular item of clothing should be conserved. As Trousers KD are also in short supply, care should be exercised in the preservation of all Khaki clothing.

94. CONTROL OF UNIT MT

Except in cases of emergency Btys will give 1 hrs notice of their intention of sending unit transport out of the camp. Btys will state time of departure and destination of such transport. In this way duplication of unit transport can be avoided. This does not apply to veh used for trg.

97. REGT/SICK PARADE. Regt. Sick Parade will be held at 0645 hrs daily.

98. DAMAGE TO TIMBER. GRO Q.134

1. Members will not, except for operational purposes, cut or authorise or direct the cutting of timber growing on private or public property (including forestry reserves) without first obtaining the consent of a person having power to agree to such cutting.

99. CHIN STRAPS. Chin Straps will be worn on all parades. The correct method of wearing a chin strap is with the buckle on the right side and in line with the mouth.

100. IDENTITY DISCS. A check will be conducted to ensure that identity discs are being worn correctly, and that they are legible. A report that all identity discs are correct and legible will be rendered by Btys. to R.H.Q. by 1200 hrs 27 MAR 43'.

101. CENSUS CARDS. A check will be conducted to ascertain the number of personnel who have not completed census cards. A report showing the names of personnel who have not completed census cards will be rendered to R.H.Q by Btys by 1200 hrs 27 MAR 43'

102. CANTEEN GLASSES. A considerable number of glasses have been removed from the Regt. Canteen. These glasses are extremely difficult to replace. Personnel must realise that if glasses are stolen or broken their own interests are being prejudiced.

1. INFORMATION

1. Enemy - Nil.

2. Own Troops

(1) Location- ref. map Port Hacking 1"-1 mile 405300 795700

(2) The Regiment completed 24 days recreational leave and regrouped at Loftus for commencement of training on 22 Mar.

(3) Training on the 25 pdr started immediately and has been continued throughout the week. Signallers and Assistants are engaged on refresher courses.

2. TOPOGRAPHY

Bty Comds have been on reconnaissance of the area, to familiarize themselves with the surrounding country. It has been noticed that the maps of the National Park and its environs (Port Hacking 1"-1 mile) (Camden ) are not up to date. Attempts are being made to bring these maps up to date.
The survey party have located numerous trig points and bearing pickets in the area; these will be of value in bringing the maps up to date.

3. PERSONNEL

A very interesting and instructive film on the 25 pdr was shown on 23 Mar. It is to be shown again on the evening of 26 Mar.
The Regiment attended a screening of "Next of Kin" in Sutherland on 25 Mar.

4. HEALTH

The RMO reports that the health of the Regiment is excellent, although the men are a little "soft" after their leave. This is being rectified. PT and cross-country running are included in all syllabii.

5. GENERAL

The main event of importance is the arrival of the 25 pdr guns. All ranks are very keen to get to know the gun thoroughly.

107. TRAIN SERVICE. Trains leave Loftus siding on Sundays at the following times:- 0958, 1115, 1145, 1215, 1315, 1415, 1525, 1610, 1640, 1720, 1805, 1840, 1917, 1947.
Last train leaves Central for Sutherland 2321.
Bus will meet this train at Sutherland at 0005.

108. HYGIENE. Owing to the prevalence of colds it is essential that men sleep head to foot at all times as six feet is the minimum of safety between heads.

109. MEASURES AGAINST FLEAS
(1) As per MO's hygiene report.
(2) The following action is to be taken.
(a) All bedding will be aired daily until 1200 hrs.
(b) Floor boards will be washed daily with soap and water and the ground under them swept.
(c) Every likely cranny will be sprayed with kerosene or emulsion.
(d) Pupae in the dust around tents can be destroyed by heat. This can be done by burning straw or petrol, or by a flame thrower.
(e) Regt Orderly Officer will take action to remove cats and dogs from camp area during his tour of duty.
(3) Napthalene or Derris root powder will stop fleas getting into the bed, but will not kill them.
(4) The above measures should be effective within 2 weeks. The action can then be repeated once per week, and should stop a recurrence of fleas.

191. TENT LIGHTS — Lights in tents must not be left burning when the tents are unoccupied. Duty NCOs are to inspect tents during the period when lights are permitted to ensure that there is at all times some member of the tent present to guard against fire. Naked lights of any description are not to be used in tents.

192. HOT BOXES — Inspections have shown that hot boxes are in an unsatisfactory unhygienic condition. Sub units will ensure that all hot boxes are scrubbed out with soap and boiling water, and allowed to air and dry out before being closed down.

192. WASHING CLOTHES — The practice of washing clothes in and about the Bty kitchens will cease forthwith.

180. TRAINING
1 Div RO No.190

The practice of changing down to a lower gear when approaching a crossing or on turning into a main roadway is being persisted in by some drivers of units in this formation.

When it is necessary to slow down, brakes are provided for this purpose, and if the accelerator pedal is raised the engine compression also has a decelerating effect.

The practice of changing down to a lower gear at high vehicle speeds results in engine, gear boxes and transmission damage, and such practice for the purpose of deceleration must cease immediately. This does not, however, preclude the use of a lower gear when it is necessary to negotiate steep gradients.

181. ROUTINE. SUNDAY — Normal Sunday routine will be observed.

182. RC CHURCH PARADE — Personnel will parade at RHQ at 0845 hrs.

# SIG TRAINING PAMPHLET No 6

## AMENDMENTS TO PROCEDURE FOR TRANSMITTING ARMY FIRE ORDERS.

(This procedure must be known by all Officers, NCO's & signallers)

### 1. DEFINITIONS

Check — A request by one officer to another to verify a fire order and send it again.

Packet — A convenient number of fire orders, usually two or three, sent in a single transmission.

Rotation Procedure — A procedure by which two OP's, working on the same wireless group, send fire orders in turn.

Writer Down — A man who, in addition to any other duties, encodes and decodes fire orders. He is not necessarily a signaller.

### 2. INTRODUCTORY

Procedure for transmission of Arty fire orders is an adaption for a special purpose of a sig procedure given in Sig Trg Pamp 5. All should read P5. Tactical employment of Bty Sigs is dealt with in Pamp No 10.

Fire orders usually take priority over all other messages, but in cases of great emergency the BC himself may interrupt to send a message.

---

## FIRE ORDERS BY SPEECH

1. L/T.

(a) Since telephonists wear headsets, it is not necessary to buzz before passing a fire order, or to say, for example, "Hullo, Able Troop."

(b) The observing officer gives out orders singly or in small brackets. Suggested division:-

Troop G F Tgt Charge 11
Zero Right 3 degrees
A/5 Three owe minutes elevation
R R Five Thousand
Fire

Fire and range may be included in the same packet when speed is essential.

(c) The OP telephonist writes down the order at the same time repeating it over the telephone loud enough for the OPO to hear.

(d) The troop end telephonist repeats the order as he writes it down (answering back).

(e) After each order has been answered back correctly the OP telephonist says, "Through, sir" to the OPO and into the phone, and puts a tick against the order on his pad. The troop-end telephonist, hearing "Through, sir", then knows that he has received the order correctly.

(f) If the order is answered back incorrectly, the sending telephonist answers, "Wrong", and says the order again. He does not use the phrase, "I say again". The receiver crosses out the incorrect order on his pad.

(g) If a telephonist wants a word repeated he says, "Say again", or "Spell". The words "Repeat" and "Check" must not be used in this connection; the word "Repeat" is in itself a fire order; the word "Check" is reserved for use between GPO and OPO, e.g., "Check elevation".

(h) The GPO either reads the orders off the telephonist's pad, or hears them as they are answered back.

(.ove

AUSTRALIAN WAR MEMORIAL AWM2019.366.607

RADIO TELEPHONY

The rules given for L/T apply equally to R/T. In addition -

(a) every transmission must end with "Over" and "Off", or "Wait".

(b) A remote control unit is usually used. The sig operating the set listens to the passing of orders and switches over to "recei" each time he hears "Over", "Off" or "Wait". The sig at the remote control end must say "Send" before starting a transmission to tell the signaller at the set to switch to "Send". After an order to fire, both OP's and troop sigs must switch to "Receive" in order that the troop can report "Shot" or the OP can send an alteration to the order, or "Stop" if necessary.

(c) Use of code signs and link signs - See Pamphlet 5, Chapter 1. Exception during transmission of fire orders - name of troop may be referred to in clear.

(d) After battery group netted and communications established OP can initiate fire orders without asking permission from control station. No need to exchange calls before sending fire orders, but if a battery has only one frequency the order must which troop is to shoot, e.g., "Able Trp Target".

ROTATION PROCEDURE R/T

This procedure should be used only when neither line nor visual communications are available. It cannot be used if one of the OP's is an air OP.

Principles To Be Observed

(a) Troops must cooperate, using wireless in turn, and avoiding the competitive spirit.

(b) Ideal is that fire orders of one troop should be passed whilst shells of the other troop are in the air, e.g., B trp OP commences to pass fire orders immediately after hearing A Trp OP answer back "Shot", and vice versa.

(c) Initial orders must not be interrupted, but advantage should be taken if a considerable pause occurs in any series by one troop. A sig must always allow sufficient time for any necessary correction to be made in the other troop's orders before switching to "send". As soon as the rotation procedure starts, each pkt of orders must be prefixed by the Troop letter, e.g., "Able Troop. - 4900 1 round G F ' Over '"

R/T WITH AIR OP

1. Fire orders brief and rapid as possible.
2. Following need not be sent by the observer:-

| | |
|---|---|
| Amms | HE |
| Charge | -GPO's discretion |
| A/S | -calculated by GPO |
| L/R | |
| F B O | |

3. Procedure similar to that of R/T with a ground Op, with the following exceptions:-

(a) Pilot replies, "OK - Over" after receiving from the troop a correct answer back of an order affecting switch and range.

(b) Pilot does not answer back when Trp reports "Ready" or "Shot"; neither does the troop answer back the pilot's order "Fire". "Fire" automatically acknowledges "Ready" and "Shot".

(c) Advisable for the GPO to wear the headphones and answer back orders himself. (Note: This should be treated with some reserve.)

AUSTRALIAN WAR MEMORIAL AWM2019.366.607

## Example of fire orders from an air OP

| Air OP sends | A Troop sends |
|---|---|
| Able troop target, over. | |
| | Able troop target, over. |
| Zero one owe degrees.<br>Five six hundred, over. | |
| | Zero one owe degrees.<br>Five eight hundred, over. |
| Wrong. Five six hundred over | |
| | Five six hundred, over. |
| O.K., over. | |
| | Ready. Twb owe seconds, over. |
| Wait...<br>Fire, over. | |
| | Shot three, over. |
| Less two degrees.<br>Five two hundred, over. | |
| | Less two degrees.<br>Five two hundred, over. |
| O.K., over. | |
| | Ready, over. |
| Fire, over. | |

...etc...

NOTE.- The time of flight is reported only after the first "ready".

## LINK SHOOTING BY R/T WHERE NO LINK LINE AVAILABLE

Link Troop does not answer back all orders and must rely on getting the order correctly by hearing it twice. It remains silent except for acknowledgement of initial fire orders, report of "shot", and the final answer back, "Link off". Even an order for the link troop only is answered by the centre troop.

### Example of link shooting on R/T.

| A O.P. sends | A Tp. sends | B Tp(link tp) sends |
|---|---|---|

DUTIES AT A ONE-MAN STATION

Sending presents no difficulties as it is done in the sender's own time.
There is a special procedure for receiving to ensure that a group is not sent before the receiver is ready for it.
Procedure is:-

(1) Reads group
(2) Answers it back
(3) Waits to see his answer is not erased.
(4) Writes group down
(5) Decodes it - calls out in clear.
(6) Sends general answer T to show he is ready to receive next group.

RETRANSMITTING STATIONS - ONE-MAN STATIONS

1. Duties similar to above except orders not decoded by retransmitting station.
2. If Arty code is retransmitted by line L/T must be used.
3. When FOO's orders received in code at OP they may be decoded and retransmitted by speech in clear if considered easier and quicker.

FIRE ORDERS BY W/T

1. Procedure similar to V/S except groups are not answered back separately.
Send orders in packets to save wastage of time in switching over.
After a packet of orders has been transmitted both sets switch over and the packet is answered back.

2. Using Remote Control. Two signallers are needed, one to operate the set and the other at the remote control. The latter sends orders on the remote control key, and former listens to the traffic and switches to receive when he hears ZT(= over). When signaller on the remote control wishes to transmit he says "Send" to the signaller at the set.

3. Rotation Procedure by W/T
(a) Slow, and should only be used when speech is impossible.
(b) Arty code group for the troop in question must be sent before each packet of orders.

4. Link Shooting on W/T where no Link Line is Available
Principles similar to Link shooting by R/T except that the initial call is acknowledged by link trp, and not, as in R/T the initial fire order.

APPENDIX A TO ROUTINE ORDERS PART 1 No 43/33
OF 9 APR 43

BLUE LIGHT PROPHYLACTIC TREATMENT

1. A Blue Light Prophylactic Centre has now been established at the RAP, and treatment will be available to personnel at all times.

2. As the value of the treatment depends entirely on how quickly it is performed after exposure, all ranks are advised to report immediately on return to camp to the Blue Light centre if they have exposed themselves by intercourse.

3. The following suggestions are made by the RMO.
(1) Personnel should refrain from extra-marital intercourse.
(2) If personnel have intercourse a sheath and blue light outfit should be used.
(3) Be absolutely certain and visit the Blue Light Centre on return to camp, even if the above precautions have been adopted.
If the above instructions are observed the possibility of V.D. infection will be reduced to a minimum.

APPPENDIX B TO ROUTINE ORDERS PART 1 No 43/33
OF 9 APR 43

UNIT SICK LINES

1. Unit sick lines are being established on the south side of the visitors' car park.
2. Personnel will be admitted to these lines if their illness is such that it is likely to infect tent-mates, or if they are not sufficiently ill to evacuate to hospital. Personnel who are likely to be ill for any length of time will be sent to hospital.

3. No personnel will leave the unit sick lines after admission without permission of the RMO or his deputies.

4. Personnel admitted to sick lines will bring with them:-
Pyjamas
Towel
Toilet Gear
Mess Gear
Paliasse and bedding (until further notice).

5. Visiting hours will be 1700 to 2100 hrs daily. Permission must be obtained to visit outside these hours.

1. The term "anti-tank" will no longer be used in the AIF. The following term will be used instead:-

| Existing term | New term | Authorised abbreviation for new term |
|---|---|---|
| Anti-tank | Tank Attack | Tk.A |

2. The nomenclature of all anti-tank units will be changed in accordance with para.1 above.
3. The following changes in designation are involved in existing types of units:-

| Existing Designation | New Designation | Authorised Abbreviation |
|---|---|---|
| Anti-Tank Regiment | Tank Attack Regt | Tk.A.Regt |
| Anti-Tank Battery | Tank Attack Bty | Tk.A.Bty |

9. TRANSPORTATION TO AUSTRALIA OF WIVES WIDOWS & CHILDREN OF MEMBERS OF THE FORCES WHO MARRIED DURING THE PERIOD OF THEIR ACTIVE SERVICE OUTSIDE AUSTRALIA

GRO A.227

1. The Commonwealth Government has decided-
(a) that no further action will be taken by it towards arranging passages for the abovementioned persons until after the conclusion of the war;
(b) that the Repatriation commission shall continue to have discretionary power to consider applications from any eligible persons who arrive in Australia under their own arrangements and who later claim refunds, and to refund to them the equivalent of the normal third-class fare;
Provided that, if the circumstances arise which in the opinion of the Minister for Repatriation render it imperative that this policy should be temporarily waived, the Minister may authorise such action as may be deemed expedient to meet the situation.
2. Commanding Officers will inform all applicants for transportation of the above decisions.
3. No authority has been given by the Minister in pursuance of the proviso to paragraph 1 hereof but any such authority that may be given will be notified in General Routine Orders.

152. TATTOO ROLL CALL

The Tattoo Roll call will be taken by the Duty NCO's of troops at 2200 hrs daily. All personnel below the rank of L/Sgt who are in camp will be in their tents at this time. The Tattoo report pro forma as set out in RHQ 43/1253/158 will be modified for use in the troop and full particulars of all absentees entered on the back of the pro forma. The troop rolls will be consolidated by the Bty Ord Sgt, checked against his copy of the leave list and action taken against personnel illegally absent from the roll call. Bty Tattoo reports will reach RHQ by 2230 hrs daily. Troop duty NCO's must be meticulous in the Tattoo check and all junior NCO's and men on strength must be correctly accounted for.

153. LEAVE LISTS

Leave lists of personnel proceeding on leave to SUTHERLAND will be completed and handed to Regt Ord Officer by 1900 hrs daily. No additions to leave lists are to be made after this time. A copy of the sub unit leave lists will be handed to the Duty NCO's to assist in checking of Tattoo Roll Call.

154. LEAVE PASSES

Personnel granted leave beyond SUTHERLAND must be in possession of a leave pass signed by an officer. On return from leave this pass will be handed to the Guard Comd who will enter on the pass the time at which the soldier reported to him and will sign the pass. The Regt Ord Sgt will collect the passes from the Guard Comd and return them to sub units by 0900 hrs daily. Sub units will check the passes and take any necessary action

155. DEDUCTIONS FROM PAY OF MEMBERS GRO A.28

1. Deductions from members pay will not be made under AMR & O 489A in respect of any loss or damage suffered or expense incurred by the Commonwealth on and after the 1st Jan 1943 but all cases coming within the ambit of AMR & O 489A and occurring before the 1st Jan 43 will be submitted through the usual channels to LHQ for decision.

2. In all cases where the Commonwealth has suffered loss or damage or incurred expense and such loss, damage or expense has been occasioned by an offence against the Defence Act, the Australian Military Regulations or the Army Act committed by a member disciplinary action will be taken against the member and particulars of the value of the loss, damage or expense will be included in the charge, so as to enable award or sentence of deduction from pay to be made if the member is found guilty of the offence and the value of the loss, damage or expense proved. In this respect attention is directed to D.A. 97 AA 46, 47, 137, 138 and AMR&O 418 (2)(G), 418(7)(a) 418b, 484 and 545.

3. A member who fails to obey any lawful order or instruction or to safeguard any Government property entrusted to his care is guilty of an offence under AA 11 or AA40, whichever is appropriate, if his failure is due to neglect which is blameworthy. Attention is directed to MML (Australian Edition) page 427 and the note, (as amended by Serial No.4) on neglect which reads-

"If neglect is wilful, i.e, intentional, it is clearly blameworthy. If it is caused by an honest error of judgement and involves no lack of zeal, and no element of carelessness or intentional failure to take the proper action it is equally clear that it is blameless and cannot be a ground for conviction. Where is not thus completely blameness the degree of blameworthiness naturally varies, and a court trying such a case must consider the whole circumstances of the case a nd in particular the responsibility of the accused, for example, a high degree of care can rightly be demanded, of an officer or soldier who is in charge of an armoured vehicle or aircraft or is responsible for its condition, or who is handling explosives or highly inflammable material, where a slight degree of negligence may involve danger to life; in such circumstances a small degree of negligence may be so blameworthy as to justify conviction and punish[illegible]. On the other hand, such a slight degree of negligence resulting from forgetfulness or inadvertance, in relation to a matter that does not rightly demand a very high degree of care, would not be judged so blameworthy as to justify conviction and punishment. The essential thing for the court to consider is whether in the whole circumstances of the case as they existed at the time of the offence the degree of neglect is proved is such as, having regard to the evidence and their military knowledge as to the amount of care that ought to have been exercised, renders the neglect so substantially blameworthy as to be deserving of punishment."

4. A C.O. will not award stoppages of pay in excess of £5 but whenever it appears that a greater penal deduction than that amount should be awarded he will apply fo a court martial.
