ROUTINE ORDERS PART 1

LT-COL. A.E.H. PARKER, E. D., IN THE FIELD — BY COMMANDING 2 AUST. ED. REGT.
19-46

---

18. PUBLICITY CONCERNING ESCAPED PRISONERS OF WAR. (GRO No. 25)

1. Members of the A.M.F. will not, unless authorised by the Commander-in-Chief, publish in any form whatever, or communicate, either directly or indirectly, to the press or radio any account of the escape of any person whatsoever from enemy or enemy-occupied territory or of the experiences of such person prior to repatriation.

2. Experience has shown that publicity of this character furnishes valuable information to the enemy and will jeopardize future escapes of Australian and Allied prisoners of war.

20. BROADCASTS OVER ENEMY WIRELESS BY AUSTRALIAN PRISONERS OF WAR. (GRO No. 26)

A member of the Military Forces who becomes a prisoner of war will not transmit messages over enemy wireless. The enemy's design, in arranging such broadcasts, is to enhance his own propaganda.

21. CASUALTIES AFFECTING PAY (GRO No. 27)

No action will be taken to amend pay book rates consequent upon promotions, remissions of fines or remissions of forfeitures until receipt of the relevant Routine Part 11 Order from Records Office.

22. MAXIMUM PERMISSABLE SPEED OF VEHICLES (GRO No. 30)

1. Training -

(a) The following are the maximum speeds permitted on any surface for the vehicles mentioned. These speeds are not to be exceeded unless absolutely necessary for the purpose of field training, or as ordered by a responsible commissioned officer. In such cases, the work ticket is to be endorsed accordingly.

Type of Vehicle	Max Speed in M.P.H.
Cars, Motor cycles and combinations	45
Trucks, 4 x 4, 5 cwt, (Jeep)	45
V ans and trucks, 12 to 15 cwt	35
Vans, 1-ton, Lorries and trucks up to 3-ton, except 6 wheeler	30
Lorries and trucks, Store s, 3-tom loaded	25
Tractors, wheeled, and other vehicles towing -	
Pneumatic tyred trailers & other equipment +	20 - 15
Steel tyred field equip.or trailers +	8 - 6
A.A. travelling platform	15 - 12
Carriers (All types)	20
Lorrie s or Trucks, water tank	25

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

22. MAXIMUM PERMISSABLE SPEED OF VEHICLES (contd)

+ Where a second figure is shown, it denotes the maximum permissable speed on bad surfaces.

(b) Army drivers are subject to the traffic regulations of the State authorities, and must observe all the rules of the road and obey orders and signals from traffic police and members of the Provost Corps.

2. Operational :-
It is emphasised that the above speeds do not apply in operations against the enemy. When in or near contact with the enemy, vehicles will move at a speed dictated by the tactical situation.

3. Convoys :-
Particular attention is directed to the calculation of time tables when preparing operation orders. It must be remembered that the average road speed is necessarily below the maximum permissable.
(Reference M.S.R. and Military Training Pamphlet No. 47).

4. General :-
Armie s, Corps and H.Q. L. of C. Areas are responsible to ensure that traffic is properly policed in their areas and will instruct the Provost Corps to see that traffic laws, both Army and Civil, are observed.
The necessity for prompt disciplinary action in the case of breaches of this instruction is stressed.

5. Cancellation :-
This order cancels -
(a) Standing Orders for the Operation and Maintenance of Mechanical Vehicles (Australia) 1940 - para. 42.
(b) M.B.I. 0.39/1941
(c) M.T. Circular No. 88 of 28th October, 1940.
(d) G.R.O. 0.23/1942.
and is to be periodically brought to the attention of all ranks concerned in the operation and maintenance of mechanical vehicles.

23. VALVES, W.T., TYP VT90 AND TYPE CV35 - SALVAGE OF.
(GRO No. 33)

1. It is notified that the materials of the above-mentioned valves, W.T., type VT90 and type CV35, are of value for salvage.

2. Units holding valves of these type s which are unserviceable from any cause will return them to Ordnance Depots.

24. CARE OF HAND TOOLS
(GRO No. 36)

1. Demands for replacement of hand tools indicate that wastage is unduly high.

2. An acute shortage of these tools exists. Many types are not manufactured locally and have to be imported from overseas. It is essential therefore, that all ranks be impressed with the necessity of ensuring that wastage is reduced to a minimum.

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

6.24. CARE OF HAND TOOLS (contd)

3. Care is to be taken that tools are used only for the purpose for which they are supplied.

4. Unit commanders and officers or other ranks in charge of workshops, etc., are to take all action necessary to ensure that these instructions are observed by personnel under their control, and that appropriate steps are taken to ensure the safe keeping of hand tools on issue.

7.25. ESCAPES OF PRISONERS OF WAR FROM ENEMY HANDS. (GRO No. 43)

1. It is the duty of all soldiers if captured by the enemy to effect their escape at the earliest possible moment.

2. It is equally important that the soldier having completed his escape should not disclose the method by which he, or any companions he may have had, evaded the enemy and achieved freedom.

3. The disclosure of such information -
(a) prejudices the chances of other escapees;
(b) prevents other members of allied forces from using the same or similar methods of escape;
(c) endangers the lives of those who may have assisted the escapees at any stage of their escape.

4. Therefore, escaped prisoners of war, will not, without the permission of G.S.I. of a corps or higher formation, disclose any details of their experiences in connection with their escape :-
(a) either verbally or in writing to their friends and relatives;
(b) either verbally or in writing to the press or broadcast stations,

5. Full details, however, will be given by escaped prisoners of war at the earliest opportunity to the nearest Allied Military Headquarters, from whence it will be transmitted to G.S.I. at L.H.Q. or Advanced L.H.Q. direct.

6. This order shall be read in conjunction with G.R.O. A.443/1942 regarding giving parole by officers and other ranks.

8.26. ABSENCE WITHOUT LEAVE (GRO No. 46)

1. Attention is directed to the fact that the seriousness of the offence of absence without leave is not properly appreciated and that the commission of this offence has become very prevalent.

2. All officers will ensure that the members under their command are instructed in the reasons for the offence being regarded seriously and will bring to particular notice the facts that absence without leave reflects adversely on the offender's unit, that it throws a heavier burden on his comrades and disrupts leave rosters and that it is not a sign of "toughness on the offender's part but a betrayal of the national cause by its resulting wastage of transport, manpower and money and impairment of the efficiency and fighting strength of the offender's unit.

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

& 26. ABSENCE WITHOUT LEAVE (contd)

3. The attention of all officers appointed as presidents of members of court-martial is directed t.o A.M.R. & O. 558(3)

& 27. MISUSE OF ARMY TRANSPORT THEFT OF PETROL. (GRO No. 48)

1. Whenever it appears that an officer or soldier has used both a Government motor vehicle and Government petrol for an unauthorise d purpose hw will be charged with the unauthorised use of both the vehicle and the petrol.

2. The charge of unauthorised use of the vehicle will normally be laid under section 11 of the Army Act with an alternative charge under section 40 of that Act. If, however, it appears from the evidence that the member charged used the vehicle with the intention of stealing it, t he charge will be laid under section 18(4) of the Army Act as one of stealing public property with an alternative charge under Section 40 of that Act.

3. The charge of unauthorised use of the petrol (consumed by the un authorized use of the vehicle) will be laid under section 18(4) of the Army Act as stealing public property and an alternative charge under section 40 of the Army Act will always be laid.

4. The charges laid concerningthe one incident should all be on the one charge sheet and may be heard together.

~~&~~ 28. Use and CONTROL OF DEPARTMENTAL VEHICLES (GRO No. 53)

1. Notwithstanding that instructions have been issued from time to time on the use of M.T., it is apparent that insufficient action is being taken to implement the same.

2. All M.T. must be used economically, sparingly and intelligently. The importance of conserving vehicles, petrol, oil and rubber cannot be over-emphasised.

3. Where time permits, stores, etc., should be moved by rail rather than road.

4. Where practicable, transport from a camp or unit will be co-ordinated through a transport office, to which all requisitions for use of M.T. will be addressed. Backloading will be arranged where practicable and the transport office will ensure that maximum vehicle loading is found for all trips.

5. Transport work tickets (AAF G2) will be properly completed and checked in all cases and transport officers will ensure t hat all instances of uneconomical, unco-ordinated or improper use of vehicles or of petrol or oil are investigated and reported to appropriate authorities.

~~&~~ 29. TINFOIL FOR PREVENTION OF COPPERING 25pr. Q.F. Guns. (GRO No. 58)

1. Owing to the ten dency of 25pr. Q.F. guns to develop coppering when firing charge 3, it has been decided to provide tinfoil for the prevention of coppering.

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

Routine Orders Part 1.

11.29. TINFOIL FOR PREVENTION OF COPPERING 25-pdr. G.F. Guns.

2. Normal 25-pr. cartridges, as originally designed and issued, did not contain foil. However some of the later supplies received from England have 1/6-oz. of tinfoil incorporated in charge 3 portion of the cartridge. Such cartridges can be identified by the letters "FOIL" which follow the designation of the cartridge. No additional tinfoil is required with these cart ridge s nor with supercharge cartridges which invariably contain tinfoil(1/3-oz).

3. To provide for 25-pr. normal charge cartridges which are not already fitted with tinfoil, the following arrangements have been made :-

(a) Tinfoil strips 7 inches long by 2.5 inches wide by .022 inch thick have been forwarded to Ordnance Depots. Each strip weighs 1/6-oz.; a box of 80-lbs. contains approximately 7,680 strips.

(b) Strips will be demanded by units in accordance with actual requirements.

4. Cartridges will be fitted with tinfoil as follows :-

Remove the leatherboard cup and charge 3 from the cartridge case. Then attach one (1) tinfoil strip (1/6-Oz) to charge 3 by wrapping it round the bag. Then replace charge 3 and the leatherboard cup. Tinfoil will not be thrown into the chamber of the gun nor placed indiscriminately in the cartridge case.

5. Packages containing cartridges fitted with tinfoil as above will be marked to indicate that tinfoil is present in the cartridge. Tinfoil strip will be employed with cartridges filled with either cordite or nitrocellulose powder.

12.30. GRENADES, HAND, No. 1. OR .303-IN RIFLE NO. 36M (GRO No. 60)

Two grenades of British manufacture recently used at practice one minute and nine minutes, respectively, after being thrown. The cause is not known, but might be due to insufficient blow of the striker, owing to non removal of the waterproofing composition from around the junction of the striker and the body of the granade. This waterproofing composition on grenades of British manufacture is very hard, and it is important that it should be carefully removed during preparation of grenades for use. (See S.A.T. Vol. 1, Pamphlet 13, Lesson 2, Para. 2, sub-para 11c.)

2. As a precaution, blinds which occur with grenades 36M at practice should be left for at least half an hour before being approached or before demolition is attempted.

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

Routine Orders Part 1.

31. 25-pr. Q.F. H. E. SHELL - SELECTION FOR PRACTICE.

(GRO No. 64)

1. Shell, Q.F., 25-pr, H.E. filled T.N.T. will not be expended at practice except in special circumstances or where amatol filled shells are not available.

2. The order in which 25-pr H.E. shell should be expended at practice is as follows :-

(a) Shell, filled, 80/20 amatol.
(b) " " 60/40 "
(c) " " 50/50 " w'out smoke
(d) " " 50/50 " (box with smoke box
(e) " " T.N.T. without smoke box
(f) " " " with smoke box.

3. In regard to G.R.O. O.317/1942 which directs that fuses, D.A. and percussion No, 119 are not to be used at practice without L.H.Q. approval, it has now been decided that small quantities of these fuzes may be expended at practice at the discretion of C.R.A.'s. Such authorization should, however, be normally confined to cases where 119 fuzes are fitted to 25-pr. shell, the early expenditure of which is desirable.

32. TESTING AND EXAMINATION OF DRIVERS M.T.

(GRO No. 69)

1. The system of testing and examination of drivers M.T. and the system of forms and records set out in Mechanical Vehicle Training Pamphlet No. 2 will be adopted and put into use forthwith.

2. The text of this order will be communicated to all officers and to all N.C.O's concerned in the maintenance or operation of M.T. or in the training or testing of drivers M.T..

33. MAINTENANCE OF M.T.

(GRO No. 70)

1. Drivers routine maintenance of all mechanical vehicles, except tanks, will be carried out by the Group System as set out in Mechanical Vehicle Training Pamphlet No. 1

2. The special fighting and protective equipment of wheeled armoured fighting vehicles will be maintained in the manner prescribed by the relevant Australian Army instruction book or by instructions issued by L.H.Q. from time to time.

3. The daily task system of routine maintenance will not be used in Australia. All publications and leaflets issued to unit personnel or carried in vehicles which relate to the daily task system will be withdrawn from use forthwith.

4. Mechanical Vehicle Training Pamphlet No. 1 will be carried in all wheeled vehicles, carriers (Aust.) and will all motor cycles, and will be accounted for on handing over or taking over vehicles as if included in the Vehicle Outfit List.

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

34. UNAUTHORISED USE OF RAILWAY FACILITIES
(GRO No. 82)

1. Instances have recently come under notice where troops have interfered seriously with the operation of the railway services by using railway facilities without first obtaining the consent of the railway authorities. These cover such cases as :-
   (i) Use of railway station yards as dumps for military stores, materials etc..
   (ii) Use of railway tarpaulins, chains, ropes etc., and removal of such property from railway premises.
   (iii) Use of railway permanent way and bridges by convoys and individual M.T. as a means of crossing flooded rivers.

2. Only in extreme cases of operational emergency will unauthorised use be made by military personnel of railway facilities, and then if practicable only after due notice has been given to the railway authorities in order that suitable safe working arrangements can be made.

35. REMOVAL OF JAMMED SHELL OR SHOT FROM BORES OF B.L. AND Q.F. GUNS.
(GRO No. 88)

The procedure to be adopted when removing jammed shell or shot from the bores of B.L. and Q.F. guns is as follows :-

1. Two distinct cases of jammed shell or shot may be met :-
   (a) the simple case of a loaded round where, due to misfire or other reason no shot travel has taken place ; and
   (b) the abnormal case of a jammed shell or shot some distance up t e bore caused by partial failure of charge, slip back of shell or shot (B.L.) or obstruction in the bore.

2. The method of removal of the jammed shell or shot in both the above cases may be -
   (a) ejection by firing;
   (b) mechanical ejection.

3. The removal of jammed shell or shot which are classified as the simple case (see parr 1(a) above) is a unit responsibility. The shell or shot may be cleared by firing or mechanical ejection. Details of the procedure are laid down in the respective handbooks and drill books of the various equipments or for coast artillery units in "Regulations for Care and Preservation of Artillery Equipment 1939", Section XIV.

4. In cases of extreme operational urgency, unit commanders may attempt removal of abnormal jammed shell or shot if they consider this course justified by the circumstances of the case and their own experience and knowledge of the ammunition in use.

AUSTRALIAN WAR MEMORIAL AWM2019.366.636

36. **TRAVELLING ALLOWANCE AND SUBSISTENCE ALLOWANCE.**
(GRO No. 95)

1. Considerable misunderstanding appears to exist amongst some members of the forces as to conditions under which travelling allowance and subsistence allowance may be paid.

2. War Financial Regulation 61, which deals with travelling allowance, limits its payment to those occasions when a member is required to travel on duty or to be absent on duty from his usual station for a period extending overnight.

3. Subsistence allowance on the other hand is payable to a member when he is located at his usual station and is not provided with rations and quarters by the Department.

4. At present, when a member is transferred to a new station, where rations and quarters are not available, travelling allowance, if payable during the time which the member spends in travelling between the old and new headquarters, will cease immediately on arrival at the new station and subsistence allowance only will be payable thereafter.

37. **PAPER DEBRIS WITH CARTRIDGES Q.F. 25-pr. MK.11.**
(GRO No. 121)

1. When firing Cartridges, Q.F., 25-pr., MK.11 debris from the "paper cylinder retaining charge 1" is liable to remain in the bore and has been known to cause damage to equipment.

2. To minimise the likelihood of accidents occurring, paper cylinders will be removed from all cordite cartridges when firing charges 1 or 2.

3. The cylinder may be most readily removed by the use of the forefinger and thumb. No special tool is required.

4. Cartridges will always be fired with the leatherboard cup pressed well down against the propellant charge.

38. **M.T. VEHICLES - CONTROL OF.**
(F.A.A.O. 15)

6. USE OF TENT FLYS AS WELL CANOPIES

While it is realised that an acute shortage of veh. canopies exists within this Div. the practice of using tent flys as canopies will be restricted to the minimum required to protect rations, technical stores etc. The damage to tent flys when so used is extensive and cases have been observed where the canopies have been cut to permit of lashing ropes to be attached. No further supplies of tentage can be anticipated and such misuse if permitted to continue will seriously deplete the formations holding of tentage and senior persons responsible, liable to disciplinary action.

8. MOTOR CYCLE M/C - WD

Certain defects in recent issues of Motor Cycles, BSA, WD. require immediate corrective action as follows:-

The rear axle shaft and bearing assembly are to be inspected for correct adjustment and lubrication. The bearings are not to be adjusted too tightly and the hubs are to be packed with the specified lubricant. Make sure by inspection that both bearings are lubricated.

The Prod Stand is sometimes secured to the frame at a point too close to the battery, so that the bolt head on the stand swivel fouls, and may break off, the battery lug. To correct this move the Prod Stand and Swivel fitting forward one (1) inch along the frame. Also relocate the Horn by securing it to the near side top engine case bolt forward to the cylinder to clear the Prod Stand.

The Gear Box unit at all times be kept filled with oil to the level of the top of the filler pipe(Not to the bottom of the filler pipe bend). If the gear box be run for a time with a low oil level the lubrication of the kick starter sleeve is prone to fail, causing seizure. D/Dys. will ensure that the above action is taken immediately. AASC and AMES workshop services being used where necessary.

10. POWERS OF SENTRIES AND GUARDS

1. Regulation 8A of the National Security(General) Regulations (Statutory Rules 1940, No.374) provides that, without derogating from or restricting the existing powers or rights of sentries and guards, a military sentry or guard stationed or posted at, on, or in the neighbourhood or vicinity of, any prohibited place, protected area, controlled area, or any premises used by the Commonwealth, or used for defence purposes or for essential services, may :-

i. use his weapon against, or otherwise attack, any person who, in disregard of a warning given by a sentry or guard, approaches, enters, leaves, or passes over or in the vicinity or neighbourhood of, or attempts to approach, enter, leave or pass over or in the vicinity or neighbourhood of, that place or area.

ii. use his weapon against, or otherwise attack any person attacking him or who is reasonably suspected of being about to attack him.

2. There are, however, certain principles which must guide all sentries and guards in the execution of their duty as such, and in the exercise of the right to resort to arms.

3. These principles are :-

(b) If necessary, they will fire upon or otherwise attack any persons threatening the safety of their posts or engaging in hostile actions.

(c) Before firing upon any person, the sentry or guard will except in an urgent case of self-defence, challenge that person to "Halt". If that person does not halt the sentry should challenge him again with "Halt or I fire".

(d) The sentry will use his intelligence and sense of responsibility in choosing whether he will shoot or not, and he must be careful not to allow any suspected person to approach so close that he can be rushed and overpowered.

(e) GUARDS OF ENEMY PRISONERS OF WAR. An enemy prisoner of war attempting to escape may be fired upon, but a proper summons to surrender will be given if possible.

(f) GUARDS OF INMATES OF THE FORCES IN CUSTODY. The use of weapons to prevent the escape of a prisoner (other than an enemy and except as provided in para.(1)(e)) is unlawful unless -
