ROUTINE ORDERS PART I.

by

LT.-COL. D.A.S. MILNE, COMMANDING H/Q AUSTRALIAN TANK ATTACK BRIGADE.

No. 21 9 MAY 43.

---

1. [illegible]

(a). Many losses of stores etc are occurring in circumstances indicating deliberate theft on a large scale.

(b). Units have not been cooperating fully in frequently checking controlled stores, in promptly reporting losses, and in holding proper kit inspections.

(c). To stamp out the thefts the full cooperation of all officers, NCO's and men is needed.

(d). All personnel are to be suitably stressed and informed of the seriousness not only of theft, but also of aiding and abetting thieves by their failure to report suspicious circumstances, and asked to co-operate in the interests of the good name of their Unit and for the protection of themselves and their mates. They must be made to realise that any thief is their enemy, not their friend.

(e). Any member of a unit discovering any loss must immediately report it to his superior officer.

(f). Any member, having any knowledge of or concerning a theft by any other person, who does not immediately report the full details to his superior officer will be charged with aiding and abetting the thief and tried by Court Martial.

(g). Every loss of money or stores of any kind must be reported by telephone or signal (whichever is the quicker) to BASE 5 ARMY Div immediately the same is discovered.

(h). In the event of the preceeding paragraph not being strictly complied with, the O.C. will be held personally responsible for the full value of the money or stores so lost, irrespective of the circumstances. On this point attention is directed to the provisions of ARMY A C's 692 (3), 693 and 694.

(i). Charges of theft will in future be dealt with by General Court Martial which can award a maximum penalty of five (5) years' penal servitude.

(j). Thorough inspections of kit and quarters will be carried out at least once a fortnight at irregular intervals and without prior notice.

(k). Any person found in unauthorised possession of any article no matter how trivial will be charged and the matter reported immediately to the BASE.

(l). Complete checks of pistols, binoculars and compasses on charge will be made weekly by an officer who will sign a certificate, to be submitted to HQ by 1500 hrs Saturday of each week, that he has satisfied himself that every item is properly accounted for.

(m). Steps will be taken to bring this order to the attention of every officer, NCO and soldier.

2. [illegible]

i. The washing or driving of vehicles in the WADI GHEIR beyond a point 300 yds south of the HAIFA BRIDGE is forbidden.

ii. This order will be brought to the notice of all MT drivers

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

3. [illegible]

1. Pistols of any type or description shall not be sold, purchased or exchanged.

2. On or after 15 Apr 43 it will be an offence for any member of the [illegible] to have in his possession or custody any pistol other than one issued to him by Army authority or where he has the permission referred to in Para 3 hereof.

3. Permission may be granted by a Formation Cmdr to any member to have in his possession a pistol other than one issued to him; such permission to be in writing, signed personally by Formation Cmdr.

4. All ranks in possession of pistols not issued to them or not provided for under the last para will forthwith surrender the same to the CO or his Orderly Room of the Unit.

5. All ranks having pistols in their possession are held personally responsible therefor and will immediately report the loss of such pistol.

6. The loss of a pistol is to be regarded as an offence for which the offender is to be tried by Court Martial, unless the Formation Cmdr otherwise directs. In all cases of loss of pistols, the offender will be charged and a Summary of Evidence, which will be forwarded to Formation Cmdr, will be taken.

7. When a member is charged with losing by neglect any equipment or issue to him, the onus lies upon him of proving that he has taken all reasonable precautions.

8. All ranks will exercise the highest possible standard of care both when the pistol is carried on the person, which should be done when possible, and at all other times. Members should make arrangements for the proper safe custody and/or guarding of pistols when not in use.

XXX.

4. [illegible]

Severe shortages of rubber used in washers and of die-cast metal used in bungs make it essential that these items be conserved. Units using drums will replace bungs and washers and tighten them with a bung spanner. Care will be taken not to damage bungs by using a hammer or other unauthorised method of opening

5. [illegible]

The International Comforts were received from A.C.F. HILLS DAY on 3 May 43, and have been distributed to all personnel:-

Tobacco - Log Cabin -	1068 ozs.
Cigarettes	53½ pkts.

1. BREAKING DOWN OF SERVICE OR ENEMY AMMUNITION.

1. The breaking-down of service or enemy ammunition in any way other than that authorised by tng publications, hand books, regulations in existence or instns issued from LHQ, is strictly forbidden.
2. The breaking-down of any service or enemy amn by unauthorised persons is prohibited.
3. If infn is required on the internal construction of any type of service amn, reference can be made to inspecting Ordnance officers posted to Hq of Corps or L of C Areas.
4. Enemy amn will normally be broken down or demolished by RAE units (preferably bomb disposal units) under instns from formation etc headquarters.

2. IGNITER SETS - GRENADE S MK 36M - SUSCEPTIBILITY TO MOISTURE.

1. The .22 R.F. cartridge cap, as used in the igniter sets for grenades No.36M, is highly susceptible to moisture.
2. Personnel handling igniter set containers will observe strictly the following procedure:-
   (a). Igniter sets are always issued in soldered cylinders. Should a cylinder be opened and the whole of the contents not expended, the cylinder will be resealed by effective adhesive tape or shellac binding.
   (b). Detonators which show ~~signs~~ visible signs of corrosion or verdigris on the caps will be treated as suspect as these are liable to produce blinds. Units will refer such detonators to an inspecting Ordnance officer for determination of condition.
3. Units will keep the number of "ready use" grenades to a minimum, consistent with operational needs, and in tropical areas this number will not exceed four days requirements in advance.

3. INTERFERENCE WITH SIGNAL COMMUNICATIONS.

1. Instances have occurred recently of field cable and copper wire lines having been deliberately cut and sections stolen.
2. Formations and Units will take action to ensure that all ranks are informed of the danger of vital communications being disrupted by such vandalism.
3. The use of field cable for any purpose other than that for which it is intended is a serious offence.
4. The deliberate damage to signal communications and theft of field cable is to be regarded as an offence for which the offender is to be tried by Court Martial, unless the Formation Commander otherwise directs. In all cases of deliberate damage to signal communications and theft of field cable the offender will be charged and a summary of Evidence, which will be fwded to the Formation Commander, will be taken.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

4. NATIVE ADMINISTRATION.

1. Reports have been received that troops have been supplying natives with rations in excess of those fixed for natives. This is causing them to cease cultivating their gardens and looking for food for themselves., and is increasing the difficulties of administering the natives who are coming to rely for food on strangers who may leave at any time.
2. It must be impressed upon troops that native welfare in all areas bears upon the successful conduct of operations in NEW GUINEA and that by supplying natives with food they are hindering their welfare.
3. Troops are to be warned that this practice must cease in the interests of the natives, and that severe disciplinary action will be taken against offenders.

5. PISTOLS, POSSESSION AND LOSS OF:

1. Pistols of any type or description shall not be sold, purchased or exchanged.
2. On or after 15 Apr 43 it will be an offence for any member of the AMF to have in his possession or custody any pistol other than one issued to him by Army authority or where he has the permission referred to in para 3 hereof.
3. Permission may be granted by a Formation Comd to any member to have in his possession a pistol other than the one issued to him; such permission to be in writing, signed personally by Formation Comd.
4. All ranks in possession of pistols not issued to them or not provided for under the last para will forthwith surrender the same to the QM or HQ Orderly Room of their unit.
5. All ranks having pistols in their possession are held personally responsible therefore and will immediately report the loss of such pistol.
6. The loss of a pistol is to be regarded as an offence for which the offender is to be tried by Court Martial, unless the Formation Comd otherwise directs. In all cases of loss of pistols, the offender will be charged and a Summary of Evidence, which will be fwded to the Formation Comd, will be taken.

6. CONCERT PARTY STAGES AND FRAMES:

1. Frames and stages for the Concert Party have been or are being erected in certain locations in this area.
2. Two cases have occurred when these frames have been removed, one near Strip 5 and the other on Route 10.
3. All ranks will be advised that these frames are erected to assist in their entertainment and that they will not be touched under any circumstances.
4. COs will be responsible that Concert Party stages or frames erected in their area are not removed.
5. All troops will be warned that showings of the Concert Party will be cancelled in areas concerned if frames or stages are interfered with.

7. RECONNAISSANCE REPORTS:

1. There are, generally speaking, two natures of recce:-
   (a). General
   (b). Particular.
2. Time spent on recce is ALWAYS WASTEDunless those conducting the recce know exactly what is required of them. This requires terms of reference which should be as precise as possible.
3. The terms of reference should state:-
   (a). The object of recce;
   (b). The composition of the recce party;
   (c). The tasks or tasks in detail;
   (d). Any particular task in detail;
   (e). The direct questions to which direct answers are to be given;
   (f). To whom and when, the report is to be submitted and the number of copies required.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

7. RECONNAISANCE REPORTS (CONTD)

4. The report will follow the terms of reference and the questions should be answered categorically. The report, if written, should be compiled with care and due regard to neatness and correct staff duties including order, form and logical sequence.
5. To be successful a recce should be conducted in accordance with a carefully thought-out plan which should be communicated to all concerned

8. AIR TRAVEL NEW GUINEA & AUSTRALIA and PORT MORESBY - MILNE BAY.

1. All requests for movement of personnel by air from NEW GUINEA to AUSTRALIA and from PORT MORESBY to MILNE BAY and vice versa, will be accompanied by the following:-
(a). Weight of each individual in full battle order.
(b). Weight of each individual's baggage.
2. The term 'baggage' includes ALL other items carried such as pack, suitcase, kitbag, parcels and so on..

The above details will be submitted by Btys for personnel proceeding on Courses etc.

AUSTRALIAN IMPERIAL FORCE.

ROUTINE ORDERS - PART 1.

by

LT-COL H.W.M. NELSON, COMMANDING 2/2 AUSTRALIAN TANK ATTACK REGIMENT.

No 25. 20 May 43.

1. CEREMONIAL DURING THE PRESENT WAR.

1. This order will apply during the present war. Prior orders and instructions relating to ceremonial are, to any necessary extent, modified accordingly.

2. Parades in celebration of the birthday of His Majesty the King will not be held.

3. Colours will not be carried.

4. Sub-units which have not already done so, will make arrangements for the safe custody of their colours.

5. Escorts will not be provided on ceremonial occasions.

6. Guards of honour will not be provided unless specially ordered by the C-in-C or unless the G.O.C. of an army, an independent corps, an independent force or a L of C Area considers the occasion to be of such special importance as to warrant the provision of a guard of honour and in his discretion orders one to be provided.

7. Bands, firing parties and escorts will not be provided at military funerals, but gun carriages may be provided when the exigencies of the service permit. The voluntary attendance of members of the forces as mourners may continue.

2. LEAVE WITHOUT PAY.

1. In order to remove any misunderstanding by members concerning the effect of a grant of leave without pay, irrespective of the authority under which such leave is granted, attention is directed to the provisions of War Financial (Military Forces) Regulations, which provide, in effect, that all pay (including allotments) and pay allowances cease in respect of any period for which a member is granted leave without pay.

2. When leave without pay is granted, the following will not be payable during the period of such leave:-

(a) pay (including Deferred Pay) ;
(b) field allowance ;
(c) command allowance ;
(d) special allowance ;
(e) exchange allowance ;
(f) dependants allowance ;
(g) travelling allowance ;
(h) subsistance allowance ;
(i) any allowance payable under regulation 9 of the above-mentioned regulations.

3. Leave without pay will not be imposed on a member compulsorily and, consequently, will always be covered by written application from the member, specifying that leave is desired without pay.

3. CENSORSHIP. ("G")

COMMENTS ON AIR RAIDS, NGF.

1. [redacted]

Air Raids can only be referred to in general terms and no information may be given which is not officially released. Any comment must be such that a particular raid cannot be identified as this would link the location of a unit with a particular place.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

3. CENSORSHIP. (Cont'd)

2. Censorship of Parcels - Failure to Detect Prohibited Matter.
(a) Instances have recently been discovered of parcels, having been franked by Officers although they contained prohibited matter, and in particular articles of government property.
(b) It is apparent that franking Officers are not performing their duties.
(c) Severe disciplinary action will be taken in all cases detected.

4. COURT OF INQUIRY INTO INJURY - MEDICAL MEMBER.

1. Whenever a Court of Inquiry is convendd into the death or serious injury of a member the Officer convening the Court will apply to ADMS 5 Aust Div for the nomination by him of a senior medical Officer as a member of the Court in order that the Court may be in a position to obtain and sift the medical evidence.

5. MOSQUITO REPELLENT.
1. The new mosquito repellent lotion is a personal issue and Btys will ensure that each man is in possession of a bottle of same. Patrols, sentries and troops on excercises will be inspected periodically. Personnel evacuated beyond RAP will take the current issue with them as medical units only receive enough for their own personnel.
2. Reports of misuse of this repellent fluid have been received. This fluid has already shown its value as a mosquito and tick repellent, but its supply is still limited. Its supply is so limited and its protective value so great that misuse by troops is sabotage. Accordingly Commanders will take very severe disciplinary action against offenders.

6. MALARIA CONTROL.

1. To derive the maximum benefit from the recent rains which have destroyed many larvae, all Btys and detachments will redouble the destruction of adult mosquitoes in tents, huts, slit trenches etc by spraying twice daily with flyspray.

2. In many areas, it is obvious that slit trenches have been allowed to become over-grown with grass, and to contain pools of water or debris. Slit trenches must be kept clean and dry as they are favoured harbourages for the mosquito.

3. Following the rain, the amount of surface water will be increased. Bty commanders will ensure that extra efforts are made to spray such water with malariol.

4. Drains are an essential feature of the Malaria Control Work. Once a drain is cut through or near a Bty area, it is reasonable to expect that Bty to be sufficiently interested to maintain the drain, keep it clear of debris, coconuts etc, or at least, to ensure that it is not used as a dumpor broken down by thoughtless drivers. In future, Bty Commanders will be held responsible for the drains constructed in and about the Bty area.

5. Within Bty areas, in general, the amount of surface water will be reduced by filling in ruts created by vehicles. As these ruts are usually made by careless or lazy drivers, drivers may be employed especially on this important task.

6. O.C's are reminded that they are personally responsible for malaria control in and about their area and the success of the present campaign can only be maintained if O.C's concentrate even greater attention to the discharge of this responsibility. This applies partcularly to O.C's of Detachments, many of whom tend to become lax.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

7. VEHICLE MAINTENANCE.

(1) Wheel Hubs.

(a) Wheel Hubs of all vehicles will be removed as often as is necessary and practicable and brake drums and linings will be thoroughly cleaned in order to prevent undue wear caused by the ingress of mud and water.

(b) The work will be done by A.E.M.E. Mechanics M.V. and Bty Personnel under the supervision of Bty Tpt N.C.Os who will also be responsible for determining the frequency of this operation for any individual vehicle.

(2) F.W.D. Vehicles.

(a) Serious damage to Front Wheel Drive assemblies has been caused by grease on wheel universals becoming emulsified with water.

(b) Btys will arrange for all F.W.D. vehicles on charge to be serviced by 2/54 Aust L.A.D. and have this grease replaced.

(c) The effect of the immersion of the under sides of vehicles will be promulgated to all drivers M.T. who, also will be warned against driving through creeks etc unnecessarily.

(3) Daily Maintenance.

(a) It is essential, particularly in this or similar areas, that vehicle maintenance be given strict constant daily attention.

(b) This maintenance will be carried out in accordance with M.V. Tng Pam No 1.

(c) Each vehicle will be grounded for one full day in each week for thorough cleaning and maintenance by the driver and for checking and inspection by the Tpt N.C.O.

(d) Special attention will be given to chassis lubrication, cleaning of petrol filters and fuel lines.

No 43/6/14.

2/3 AUST TANK ATTACK REGT.

CRITICISMS OF 2 PR, 6 PR TK A PRACTICE SHOOT. 23 - 30 MAY 43.

1. This is intended to be a constructive criticism and is written with a full knowledge of the difficulties of training, weather conditions etc under which Btys laboured. Therefore no excuses are required but Btys will take all possible steps to rectify faults immediately. A marked improvement is expected at the next practice.

2. General Comments:
The shooting generally was only fair. This applies to all Btys but 7 Bty in particular.
The main reasons for wasted rounds were as follows:-

Nos 1.
(a) A lot of Nos 1 seemed to be sound asleep instead of being on the tips of their toes trying to anticipate what was going to happen next and allow for it. Many layers did'nt get a fair break on this account.
(b) Fire Discipline was not generally good. When one round falls short or plus he ought to correct. When two rounds fall short or plus he must correct. The same applies to lead. Be bold - a bracket of two rounds is Ten times more value than two rounds ahead or behind.
(c) Failing to increase range on a receding target wasted many rounds.
(d) Many No 1's did not appear to have sufficient confidence in the layer.

Nos 3.
(a) Laying was only of medium standard and too many wild or haphazard shots were observed.
(b) Layers must be consistently accurate and must lay with machine-like precision. This can only be achieved by the equivalent of five minutes laying practice on moving targets daily. Speed and accuracy must be achieved.
(c) A higher standard of laying with open sights must be attained particularly in N.G. where rain may preclude the use of telescopes.
(d) (This is most important) There is a general tendency to regard the T.G.Layer as the only important layer in the crew. Every gun member must be trained to the same standard of efficiency as the T.G. Layer.

Nos 2.
The loading was remarkably poor on the new equipment due mainly to lack of practice. This upset the layers and wasted precious seconds. Have all gun Nos including Nos 1 practiced in this art.

Finally. The No 1 is selected for his task purely and simply for his qualities of leadership, foresight, forethought and initiative. All other gun Nos must be able to replace him at a moments notice. When Nos 1 were laying it was apparent that the replacement Nos 1 often lacked confidence.

3. Testing of Sights:
There appeared to be some little confusion in the correct method for carrying out sight tests and on one or two occasions a second test had to be carried out. This is a nonsence and will not happen in future.

4. Troop Comdrs.
Several Tp Comdrs showed great lack of control and organising ability. Their men responded accordingly. They were inclined to treat the practice in the same manner one would a race meeting and their men were dressed to fit the occasion.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

4. Troop Comdrs.(Cont'd)

Tp Comdrs who continue in this vein will prepare themselves for a ticking off on the spot, in public.

The smooth running of a range practice requires a high standard of efficiency and inefficiency soon becomes very apparent.

Tp Comds are also judged by the appearance, bearing and conduct of their men.

5. Results of Shoot.

Regt Total:		1439	814	56.5	650	379	58.3

6. Conclusion:

It will be noticed that this criticism does not draw attention to any good points observed. This is due to lack of stencils etc.

This criticism will be promulgated down to all gun numbers.

Bty Comdrs will be careful to include all above points in immediate future training.

ORO'S JUNGLE.

Way up in Oro's jungle,
A place I used to be
A little place near nowhere
Just na trip across the sea.

You've heard of jungle country,
And of all the pests it holds.
Wheres theres nothing but mosquitoes,
And swamps of pure blue mould.

It greets you like an adder.
Whilst about to strike its prey;
The nettles bite you harder,
And grow fiercer every day.

Your job is never finished ,
You just jungle straght ahead,
You find your getting thinish
And what we term near dead.

We pioneered this little village,
And its on the way to fame;
For there never was a bay of Oro
Untill the Aussies came.

But now you would'nt know it,
For its grown out of sight,
We stripped the bay of jungle,
To give the young growth light.

Each day we worked much harder;
To gain the goal we've won.
And after all its hardships,
Its only jungle fun.

But for this we must get credit
For these words are true and frank,
It was mastered by a regiment of soldiers,
Better known as the second ANTI TANK.

ROUTINE ORDERS - PART 1.

by

LT.-COL. H.W.NELSON, COMMANDING 2/2 AUSTRALIAN TANK ATTACK REGIMENT.

NO. 26. 5 Jun 43.

---

1. PERSONNEL FOR AERATED WATER FACTORY.

(a) Personnel with experience in cordial or aerated water manufacture, or with a natural inclination for mechanical work and a desire to learn a trade, are required for the maintenance and operation of aerated water factories to be established in New Guinea.

(b) Action will be taken by sub units to obtain particulars of AIF. such personnel and forward them to reach this Headquarters by 10 Jun. 43.

2. SUBSISTENCE ALLOWANCE.

(a) Attention is directed to N.G. GUINEA Force Orders Nos 261/42 and A158/43 and Administrative Instruction No. 94.

(b) Personnel granted leave in terms of the above will be paid Subsistence Allowance within their Unit before marching out to 1 AUST. CORPS RECEPTION CAMP.

(c) The amount of Subsistence Allowance paid will be governed by the number of days leave granted by N.G. GUINEA Force, notice of which will be received by Units before personnel are marched out to 1 AUST. CORPS RECEPTION CAMP. If further leave is granted in AUSTRALIA, thus entitling a member to additional Subsistence Allowance, such allowance will be paid to the member on return to his Unit in N.G. GUINEA.

(d) Subsistence Allowance will not be paid in AUSTRALIA to members who are granted leave from N.G. GUINEA. If circumstances arise preventing a member from receiving the allowance prior to proceeding on leave, the amount due will not be paid until return to the Unit in N.G. GUINEA.

(e) Subsistence Allowance will not be paid by 1 AUST. CORPS RECEPTION CAMP, except to members of that Unit.

3. APPLICATIONS FOR COMPASSIONATE LEAVE - APPLICATION FOR RELEASE, DISCHARGE OR TRANSFER ON COMPASSIONATE GROUNDS. (WAO)

(a) All applications for compassionate leave, applications for release, discharge or transfer on compassionate grounds will set out the following particulars :-

(i) Reason
(ii) Home address of applicant.
(iii) Address where enquiries may be made into the circumstances.
(iv) Where a relative is involved the relationship will be clearly stated.
(v) Any previous leave, compassionate or otherwise, the applicant may have had.
(vi) If leave without pay is applied for an application signed by the applicant will be attached.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

3. APPLICATION FOR COMPASSIONATE LEAVE ETC. (Cont'd)

(b) Leave will not be granted only on account of death or serious illness of a near relative unless there are serious resultant considerations or the presence of the individual applying for leave will materially affect the situation, or unless the welfare of children is seriously affected.

(c) The soldier's application will be forwarded to this HQ in TRIPLICATE.

4. AUSTRALIAN COMFORTS.

The following comforts were received on 31 May 43 and are acknowledged with thanks :-

531	-	Cakes Soap Laundry.
531	-	Cakes Soap Toilet.
531	-	Packets Cigarettes.
531	-	Packets Cigarette Papers.
1062	-	1 oz Tobacco.
2655	-	Envelopes.

The above were distributed to the Regtl and att troops on 31 May 43.

5. UNAUTHORISED POSSESSION AND INTERFERENCE WITH AMMUNITION OR EXPLOSIVES OF ANY TYPES.

(a) All ranks are forebidden to have in their possession any ammunition or explosive of any type other than that with which they are issued or are handling in the course of their duty.

(b) All ranks finding any ammunition or explosives of any type must forthwith hand same to unit "Q" Store for transmission to the appropriate quarters.

(c) All ranks are strictly forbidden from attempting to break down, dismantle or in any way interfere with ammunition or explosives of any kind except on the orders of a responsible Officer or N.C.O. in the course of normal duty.

(d) All ranks are to be warned that the greatest care is to be exercised in the handling of ammunition and explosives and that in the event of any member receiving injuries as a result of his breach of this order, he will not be entitled to any compensation.

ROUTINR ORDERS - PART 1.

by

LT-COL H.W.M.NELSON, COMMANDING 2/2 AUSTRALIAN TANK ATTACK REGIMENT.

No. 27. 13 Jun 43.

1. ENGINEERING CADETSHIP.(Ref G.R.O. G424 of 4 Jun 43)
(1) The provision of engineering cadetship (both Civil Engineering and Electrical and Mechanical Engineering) for a limited number of cadets, who may be drawn either from serving personnel or from civilian sources, is under consideration.

(2) Although the scheme has not yet been finally settled or approved, applications will be invited forthwith for cadetships on the following basis:-

(a) Cadets will be selected only from candidates between the ages of 17 years and 20 years, who are medically Class A1, who are or become members of the AIF, and who have reached Leaving Certificate standard in English, Mathematics and Science or have equivalent qualifications. Parental consent to join the AIF will be required in respect of any cadet who is not already a member of the AIF.

(b) Cadets selected from civilian sources will be enlisted in the AIF and all cadets will, during their cadetships, remain serving soldiers in the rank of private or sapper, with pay and allowances accordingly. Text books will be provided by cadets at their own expense.

(c) Engineering cadetships will cover a course of military training, courses at approved educational establishments and a final course at an OCTU, over a period of approximately 3 years. Successful cadets will receive commissions subject to vacancies existing. Pending appointment to commissioned rank, such cadets will be allotted to RAE or AEME units in the ranks.

(d) Cadetships as such will terminate of the cessation of the war, but it is hoped to make arrangements for the completion of the courses which have been commenced, as part of a Repatriation scheme of vocational training.

(e) Cadets who prove unsatisfactory or become medically unfit or who are unsuccessful may have their cadetships terminated and be returned to normal service.

(3) (i) Applications, in triplicate, will be made by serving personnel to their B.Cs, who will forward all appications to this HQ not later than 18 Jun 43.

(ii) B.Cs will, with each application, furnish a report, in triplicate, on the candidate as to his character, ability and suitability.

2. LEAKAGE OF MILITARY INFORMATION IN PROCEEDINGS BEFORE CIVIL COURTS.

(1) When giving evidence in a civil court, a soldier will merely give his number, rank and name and state that he is a member of the AMF, without mentioning the name of his unit.
(2) In no circumstances will a soldier divulge in open court the location of his unit, unless the bench rules that a full answer is essential to the case, in which event he will offer to write the information on a slip of paper to be handed to the bench.
(3) The danger to security in disclosing the location of units cannot be too strongly impressed on all ranks.

ROUTINE ORDERS - PART 1.

by

MAJ A.J.HELGESON, ADJ COMD [illegible]

No. 28. [illegible] Jun 45.

1. MALARIA CONTROL - TAKING OF ATEBRIN. (Ref 5 Aust Div R.O. 699)
(1) Attention is directed to GRO 4404/45 para 8 (c)

(2) Movement orders submitted for all personnel moving to the Mainland will be endorsed to show whether or not the personnel concerned have been supplied with the quantity of atebrin necessary to cover the period of absence from their units.

(3) To obviate delay in movement of personnel in instances where the supply of atebrin is not immediately available within the unit, the movement order will be endorsed "Atebrin tablets not carried" and personnel will report to HQ No 1. L of C Sub-area, Townsville, where atebrin tablets will be supplied.

2. SHIPS' PERSONNEL IN UNAUTHORISED AREAS.
(1) It is still frequently noticed that seamen, sailors and the like are found wandering around in prohibited areas, despite the fact that a close watch is being conducted by Provost personnel and prominent sign boards erected at all vantage points prohibiting these seamen from gaining access to airfields, gun emplacements, searchlight batteries etc. The movement of these men to and from the wharves is facilitated by the practice of MT drivers in allowing them to ride on their vehicles.
(2) All MT drivers are prohibited from carrying seamen from wharves or wharf areas, and disciplinary action will be taken against offenders.

3. COMFORTS FUND FURNITURE.
(1) Ref 5 Aust Div Routine Orders 702 of 15 Jun 45.
(2) B.Cs will comply with para 4 of this order and render certificates to this HQ by 18 Jun 45 certifying that no ACF furniture is in their Bty lines.

4. PISTOLS, POSSESSION AND LOSS OF. (Ref 5 Aust Div ROs 705)
(1)(a) Pistols of any type or description shall not be sold, purchased or exchanged.
(b) On or after 15 Apr 45 it will be an offence for any member of the AIF to have in his possession or custody any pistol other than one issued to him by Army authority or where he has the permission referred to in para (c) hereof.
(c) Permission may be granted by a Formation Comd to any member to have in possession a pistol other than one issued to him; such permission to be in writing, signed personally by Formation Comd.
(d) All ranks having pistols in their possession not issued to them or not provided for under the last para will forthwith surrender same to the QM.
(e) All ranks having pistols in their possession are held personally responsible therefor and will immediately report the loss of such pistol.
(f) The loss of a pistol is to be regarded as an offence for which the offender is to be tried by Court-Martial, unless the Formation Comd otherwise directs. In all cases of loss of pistols, the offender will be charged and a Summary of Evidence, which will be forwarded to the Formation Comd, will be taken.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

4. PISTOLS. POSSESSION AND LOSS OF.(Cont'd)

(g) NEW GUINEA FORCE ORDER 55/43 is cancelled.

(2) When a member is charged with losing by neglect any equipment on issue to him, the onus lies upon him proving that he has taken all reasonable precautions.

(3) All ranks will exercise the highest possible standard of care both when the pistol is carried on the person, which should be done when possible, and at all other times. Members should make arrangements for the proper safe custody and/or guarding of pistols when not in use.

5. GAS TRAINING.

All respirators will be worn by all personnel for a period of one hour on each Wednesday morning, from 0930 hrs to ~~0130~~ 1030 hrs commencing 23 Jun 43.

6. VEHICLE SPEEDS.
(1) Irrespective of type no transport will exceed the speed of 20 mph unless operational necessity indicates a higher speed. The incidence of accidents due to high speed driving on slippery roads is totally unwarranted. The labour involved in the construction of roads in this area must be impressed on all drivers, as well as the difficulty of replacing wrecked vehicles. Special care must be taken at the junction of Routes 1, 3 and 4 which is blind from each approach.
(2) With the exception of one air sentry per vehicle, all troops will be seated and properly clothed.

7. GREEN ENVELOPES.
Flagrant abuse of the privilege of the Green Envelope has been prevalent. B.Cs will ensure that their troops are made fully aware that Base Censor places a very strict interpretation on the certificate on these envelopes and that the slightest breach thereof will be severely dealt with and may cause the withdrawal of the privilege of the Green Envelope from the whole unit.

8. OVERLOADING OF DIV SWITCHBOARD.
(1) It has been noticed that excessive overloading of the Divisional Switchboard is being experienced due to individuals as well as units ringing Amenities to inquire of the whereabouts of the screening of pictures.
(2) It is pointed out that the telephone Communications supplied by signals are for operational and administrative requirements of the Divisional HQ and the HQ of subordinate Units and NOT for the convenience of private individuals.

2. PERSONNEL PROCEEDING ON LEAVE ("A")

Until the end of August 1943 all personnel proceeding on leave to the Mainland will carry with them one blanket.

3. DEFERRED PAY. (Ref NGF Order A249 of 14 Jun 43.)

(1) It has been decided that the benefits of War Financial Regulations entitling members to deferred pay upon embarkation for service overseas, will be extended to (apply to) all members embarking for service in Territories beyond the coast of the Australian mainland and not administered from the mainland.

(2) This extention will be retrospective to 7th December, 1941 and, therefore, where a member has, on or after that date, embarked for service in PAPUA, NEW GUINEA, or any other place covered by the provisions of para 1 of this Order, such member will be entitled to deferred pay on and continuously after the date of his embarkation. These benefits will likewise extend to a member who was on 7th December, 1941, serving in any such place, so that he will receive deferred pay on and continuously after that date.

(3) The provision applies to all members of the A.I.F. and C.M.F. to those members of the P.M.F. who enlisted on and after 6th October, 1939, and to all members of the Women's Services including those who served in the A.A.N.S. and V.A.D.

(4) Deferred pay will be credited at the appropriate rate shown in column 4 of the First Schedule to the War Financial Regulations with the modifications set out in the following paragraphs.

(5) In the case of Officers of and above the rank of Captain, this Order will not operate so as to reduce a member's active pay rate in respect of any day prior to 21st May, 1943, but deferred pay will be credited to any such officer at the rate of 1/- for every day to which he is entitled thereto under the provisions of this Order.

(6) Where the member is already entitled to deferred pay for any period of service at an Operational Station, and such member becomes, under the provisions of this Order, entitled to a higher rate of deferred pay in respect of the same period, effect will be given to this Order by increasing the rate already credited to such member to the extent now authorised.

(7) The foregoing conditions will be applied to all eligible members now serving. They will not be applied to members whose accounts have been finalised, unless an application is made by or on behalf of the ex-member.

(8) Members affected by this Order will, on application to their Unit Pay Sergeant, have their paybooks adjusted accordingly.

No 31. 25 Jun 43.

1. EVACUATION OF CASUALTIES - EQUIPMENT Etc ("A")

(1) Personnel are still being evacuated beyond RAP without having in their possession paybooks, messing gear, personnel equipment etc.

(2) Definite instructions have been previously issued covering the evacuation of casualties and COs will ensure that these instructions are strictly observed.

2. TRAFFIC CONTROL TURIBULL AND GURNEY AIRFIELDS ("Q")

(1) The following instructions to MT drivers will be promulgated in Unit Routine Orders and Commanding Officers will ensure they are understood by all drivers.

(a) RESPONSIBILITY FOR CONTROL. The Aerodrome Control Officer (Duty Pilot) is responsible for controlling ALL traffic, both aircraft and vehicles, using the airfield. Control will be exercised from the Control Tower by Signal Lamp after dark. In an emergency Verey Lights may be substituted.

(b) MOTOR TRANSPORT.

(i) A RED light from the Control Tower means pull off to the side and STOP. Don't keep driving as the pilot does not know whether you have seen him or not.

(ii) Watch for the GREEN light before crossing the strip.

(iii) Vehicles will normally refrain from crossing the strips and will use the roadway at the extreme ends. Should it be necessary to cross the strips, vehicles will use the designated places ONLY and cross it then only at right angles. Designated places are clearly marked by signs ("CROSS STRIP HERE") and vehicles will come to a complete STOP and await the proper signal from the control tower before proceeding to cross the strip. Avoid using taxiways and the vicinity of the strip whenever possible.

(iv) Acknowledge signals from the Control Tower by waving the hand

(v) No vehicle will park for more than 5 minutes within 50 feet of the strip. Vehicles will not park for any period on a taxiway.

(vi) Vehicles will use roads alongside the metal strip and will not drive on it. When aircraft are landing or taking off, stop your vehicle if you are alongside the strip. Pilots have no time to watch traffic.

TRAFFIC CONTROL TURNBULL AND GURNEY AIRFIELDS (Cont'd)

(vii) Don't leave vehicle lights burning when alongside the strip. It confuses pilots when landing or taking off.

(viii) When GREEN light is shown from Control Tower, drive on immediately - don't delay.

(ix) The speed limit on the gravel alongside the strip is 20 m.p.h.

(x) When the air-raid siren blows move your vehicle away from the strip.

(xi) If straying cattle are noticed on the strip, drive them away.

2. Strict disciplinary action will be taken against offenders

3. PISTOLS, POSSESSION AND LOSS OF. (Ref £ Aust Div ROs 705)

(1) (a) Pistols of any type or description shall not be sold, purchased or exchanged.

(b) On or after 15 Apr 43 it will be an offence for any member of the AMF to have in his possession or custody any pistol other than one issued to him by Army authority or where he has the permission referred to in para c hereof.

(c) Permission may be granted by a Formation Comd to any member to have in possession a pistol other than one issued to him; such permission to be in writing, signed personally by Formation Comd.

(d) All ranks having pistols in their possession not issued to them or not provided for under the last para will forthwith surrender same to the QM.

(e) All ranks having pistols in their possession are held personally responsible therefore and will immediately report the loss of such pistol.

(f) The loss of a pistol is to be regarded as an offence for which the offender is to be tried by Court-Martial, unless the Formation Comd otherwise directs. In all cases of loss of pistols the offender will be charged and a Summary of Evidence, which will be forwarded to the Formation Comd. will be taken.

(g) NEW GUINEA FORCE ORDER 55/42 is cancelled.

(2) When a member is charged with losing by neglect any equipment on issue to him, the onus lies upon him proving that he has taken all reasonable precautions.

(3) All ranks will exercise the highest possible standard of care both when the pistol is carried on the person, which should be done when possible, and at all other times. Members should make arrangements for the proper safe custody and/or guarding of pistols when not in use.

1. Vide R.A.A. 5 Aust Div Op. Instn No. 10 of 1 June 43.

2. For the purpose of carrying out instns contained in above Op. Instns the MILNE BAY Defence Area has been divided into four Tk A zones :- RABI, LAU LAU, GILI GILI and MAIWARA. See Appx "A" att.

3. Tk. A. B.C's have been allotted zones as listed below and are responsible for all Tk A gun posns in their zones.

RABI	- 7 Aust Tk A Bty.
LAU LAU	- 3 Aust Tk A Bty.
GILI GILI	- 8 Aust Tk A Bty.
WAIWARA	- 5 Aust Tk A Bty.

4. Zone Comds are responsible for the following :-

(a) Tk.A. posns to be constructed and maintained by Sub Units within the zone.

(b) All posns to be inspected weekly to ensure that posns are kept in a good state of maintenance and ready for occupation.

(c) Particular attention is to be paid to Camouflage and Concealment.

(d) Where practicable, posns are to be wired for local defence.

(e) Posns to be marked by Sub Units maintaining pit with sign.

(See Appx "A" for Gun Posn Nos.)

5. No further Tk A posns will be constructed or present posns changed without reference to this H.Q.

6. Zone Comds will submit reports to reach this H.Q. by 1200 Hrs on 9th & 25th of each month. Reports to cover :-

(a) Percentage of completion of Tk A gun posns.

(b) Percentage of completion of wiring for local defence.

.....Major.
Admin Comd. 2/2 Aust Tank Attack Regt.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

(ii) Valley between MAIN RIDGE and LOOKOUT HILL feature from HERBS HILL ending in swamp lagoon 343025.

(iii) Mouth of ERORO R. and most of area bounded by ERORO R. and MISSION RD.

(iv) Valley between LOOKOUT HILL feature and KAMBURATU RIDGE NORTH to MISSION RD.

Each of these swamps is a definite tank obstacle without further preparation.

(c) Rivers and Creeks.

All are fordable by inf in all seasons except at mouth of ERORO R. and BEAMU CK. In wet season ERORO R. and BEAMU CK become dangerous.

Creeks are not navigable except for canoes and flat bottomed punts which can be taken approx 1 mile up ERORO R., BEAMU CK. and northern PORT HARVEY estuary.

(d) Beaches.

A narrow sandy beach stretches from EMBOGO Ck to BEAMU Ck, from there south to WAI WAI , mangrove swamps and steep cliffs (in PORT HARVEY) form the coastline.

(e) Anchorages.

ORO BAY, PORT HARVEY, and Bay at WAI WAI can take vessels up to 8000 Tons. Several reefs off the coast prevent large vessels from manoeuvreing close in shore.

(f) Roads and Jeep Tracks.

A good system of service and tactical roads has been developed.(Ref map ORO BAY 4" locality (extended). These roads permit all weather heavy transport from one feature system to another. The main weakness being :-

(i) The vulnerability of pontoon bridge at mouth of BEAMU Ck. This position will be relieved by completion of WATTS RD to ANGAU RIDGE and then S.E. to join CREBERS RD.

(ii) Single bridge crossing of ERORO R along main DOBODURA Rd.

(iii) Difficulty in improving foot track from coast WEST to LOOKOUT HILL.

(iv) Slowness and vulnerability of Ferry across BEAMU CK to ANGAU RIDGE.

(g) Kunai Grass and Timber.

Ridges near the coast are covered with Kunai grass, varying in height from 3 to 8' giving some little cover but easy to clear for fields of fire. As the ridges run back, light timber is encountered until CREBERS KNOT in the SOUTH and ERORO R is reached. Areas WEST and SOUTH of these boundaries are heavily timbered. The lower slopes and creek beds between the ridges are invariably thickly timbered. ERORO Mission is situated at N.E. of large Kunai covered Area. Light A/c have already used cleared strips as an emergency landing ground which could be constructed into an Air Field. Another Kunai strip 100X ~~[illegible]~~ 400X wide runs parallel to the coast from 337047 to 345028. These areas are suitable for tanks but unapproachable except from the beach and Mission Rd., being otherwise surrounded by Sago swamps. Clearing fields of fire is a simple task making this area a favourable factor.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

4. Courses.

(a) For Us.

(i) Static Perimeter defence, area to be governed by troops available.

(ii) Mobile Defence, area to be governed by troops available.

(iii) Combination of (i) and (ii).

(b) For Enemy.

(i) Direct beach landing.

(ii) Para Troops.

(iii) Landing at EMBOGO Ck. and beach SOUTH to ERORO R., pushing SOUTH along coast and encircling movement WEST to cut DOBODURA roads and hold reliefs from DOBODURA at river crossings. EMBOGO Ck is navigable by barges to EMBOGO crossing where MAIN DOBODURA RD crosses EMBOGO Ck. Thence SOUTH along MAIN DOBODURA RD to attack our defended area from WEST.

(iv) Landing at WAI WAI and using encircling movement from right flank.

(v) Attack along PONGANI TRACK.

(vi) Combination of any two or more of (i) to (v).

Opinion of Enemy Courses.
Courses (i) (ii) and (v) either solely or conjointly are considered unlikely.
(iii) or (iv) are probable in which case (iv) offers the more covered landing and approach but has a difficult and rough route to follow.
(iii) and (iv) similtaneously using pincer movement is considered most likely.

5. CONSIDERATION OF OWN ALTERNATIVES.
It was decided to adopt course (iii) vide para 4 which would cover all contingincies.

6. PLAN.

(i) Intention.

(a) With limitrd troops available to defend minimum area necessary for protection of ORO BAY Supply Base until arrival of relief.

(b) With extra troops available to defend greater area for purpose as in (a) above.

(ii) METHOD.

Plan A.(Course (iii) vide para 4 to carry out intentions (a))
(1) Self contained strongpost system with wired in positions at :-

(a) Headlands in PORT HARVEY to protect small ships anchorage and prevent landings. To provide base for listening patrols in PORT HARVEY - WAI WAI area. IF OVERRUN defenders to make own way to MIDDLE RIDGE.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

(b) High ground on Middle Ridge.

(c) Behms Hill (342025) to coast and incl CEMETERY Pt with swamp lagoon as northern flank to join up with series of posts along MAIN RIDGE to incl HERBS HILL. Entire front to be wired.

(d) Lagoon area SOUTH of mouth of ERORO Ck to prevent beach landings in that area and to delay enemy forces moving SOUTH down the coast. Kunai strip EAST of ERORO MISSION to be cleared to give wide field of fire.

(2) Patrols.

(a) Listening Patrol at WAI WAI GAP to give early infm of direction and strength of enemy attack.

(b) Fighting Patrol at GREBERS KNOT to cover PONGANI TRACK and hold A.N.G.A.U. RIDGE.

(c) Standing patrols on LOKKOUT HILL and KAMBURATU RIDGE to retire to MAIN RIDGE if forced back.

(3) A.A.

Sited on ridges circling ORO BAY for the close protection of the harbour and Supply Dumps. Each posn to be wired in to form a sub strong post manned by crew for own ground protection.

(4) C.D. (if available)

Bty to be sited on MIDDLE RIDGE in posn to engage all enemy vessels approaching area. Bty posn to form strong post similar to A.A.

(5) Fd. Arty.(if available.)

Sited (a) For beach def, in strong posts on beach to cover northern coast and harbour entrance.

(b) on MIDDLE RIDGE and posns between CHINAMAN and MAIN RIDGE to act as C.D. and enable guns to shoot down to surrounding swamps and river flats. The large number of good O.P's with extensive timber for Tree Top bursts makes the area very suitable for Fd Arty.

(6) Tk.A.

The only Tk A protection required is to cover beach landings , MAIN DOBODURA RD ,LOOKOUT HILL RD. and OLD DOBODURA RD approaches. These are the only avenues open to tanks.

(7) RESERVES.

Mobile reserve to be held on CHINAMAN RIDGE and HERBS HILL the most central posns for Tps to proceed to any flank.

(8) SERVICE TPS.

To man beach defences of ORO BAY,guard supply dumps and reinforce mobile reserve.

(9) EMERGENCY RATION AND AMN DUMPS.

These dumps to be established in strong posts and defended areas.

AUSTRALIAN WAR MEMORIAL AWM2019.366.947

Plan B. (Course (iii) vide para 4 to carry out intention (b))

Plan "B" incorporates Plan "A" with the following additions and alterations.

(1) Additional wired in strong posts to be prepared on :-

(a) Hill (323037)
(b) Gowers Hill (323033)
(c) LOOKOUT HILL
(d) KAMBURATU RIDGE

Above strong posts to be linked with strong posts at mouth of ERORO R by clearing field of fire 50-100 yds wide from coast along southern bank of ERORO R to 323044 then SOUTH to hill at 323037 and continues SOUTH WEST along MISSION RD to KOPURI. Cleared strip to be covered by cross automatic fire from wired in pits sited along clearing. Entire flank to have frontal wiring.

(e) CREBERS KNOT.
(f) Northern Feature System on ridges 303026 and 301044 to deny the use of MAIN DOBODURA RD and ridges commanding left flank to the enemy.

(2) PATROLS.

(a) PLAN "A" listening posts at WAI WAI GAP to be increased to fighting patrols

(b) Standing patrols on LOOKOUT HILL and KAMBURATU RIDGE to be replaced by strong posts.

(c) Fighting patrol up coast to EMBOGO Ck.

(d) Recce patrol from CREBERS KNOT along PONGANI TRACK to EMO MISSION.

(3) A.A. C.D. & FD. ARTY.

As in PLAN "A".

(4) TK.A.

As in PLAN "A" plus guns sited in strong posts, hill (323037) and GOWERS HILL (323033) to cover Kunai Flats in vincinity of ERORO MISSION.

(b) On the beach by sinking wells 2-3ft deep.

(10) INTERCOMN.

(a) Telephone System linking all strong posts and gun posns and direct line to DOBODURA.

(b) Visual Sig Stns at WAI WAI GAP, CREBERS KNOT, MIDDLE RIDGE at 347003, HERBS HILL, LOOKOUT HILL, Strong Post at 301044 and if troops available, on MT FULLER which is the supreme commanding O.P. of entire area but only accessable by hard climbing on foot.

(c) Wireless Comm in event of DOBODURA Line being cut and for night use at outposts.

(11) GENERAL.

The natural and artificial features of ORO BAY and POR HARVEY areas are so advantageous to defence that it is considered possible for a Bde Gp to fulfil the objective against a large scale attack. While the importance of holding all feature systems is fully appreciated (para 3 FACTORS) it is considered, that should the northern feature system and either of the other Feature Systems pass into enemy hands, the remaining Feature System could hold out pending arrival of relief.

SUBJECT :- APPRECIATION OF THE DEFENCE OF ORO BAY SUPPLY BASE AREA by LT.-COL. H.W.M. NELSON COMDG. 2/2 AUST TK A REGT as at 15 Apr 43.

H.Q. 2/2 Aust Tank Attack Regt.,
No. Ic/24.

H.Q.
N.G. Force.

1. Ref Map ORO BAY 4" Locality (extended) forwarded to N.G. Force on 22 May 43.

2. OBJECT.
To defend and hold ORO BAY Supply Base until arrival of relief.

3. FACTORS.
(a) Ridge Topography.
The area is divided into three distinct feature systems by BEAMU Ck. and ERORO R.
The BEAMU Ck. re entrant running back from ORO BAY into the mountains is very deep with thickly timbered precipitous cliffs, rising to over 800 ft and is very difficult to cross at any point except the beach and on the track joining ANGAU RIDGE and WATTS RD feature. This re entrant completely separates the central and southern feature systems of the area. ERORO R. to the NORTH and WEST of the area, effectively separates the Northern and central feature systems. The majority of the ridges are too steep for tanks or vehicles except. along made roads.

(i) Southern Feature systems.
This System contains ANGAU RIDGE, MIDDLE RIDGE and PORT HARVEY RIDGE. These ridges all run inland from the sea terminating in CREBERS KNOT which becomes the key tactical feature of the system. Each of these ridges overlook the Central feature System ORO BAY, PORT HARVEY and WAI WAI GAP and are in turn dominated by CREBERS KNOT. Owing to Mangrove Swamps along most of the coast line in this area beach defence is not practicable except in PORT HARVEY.

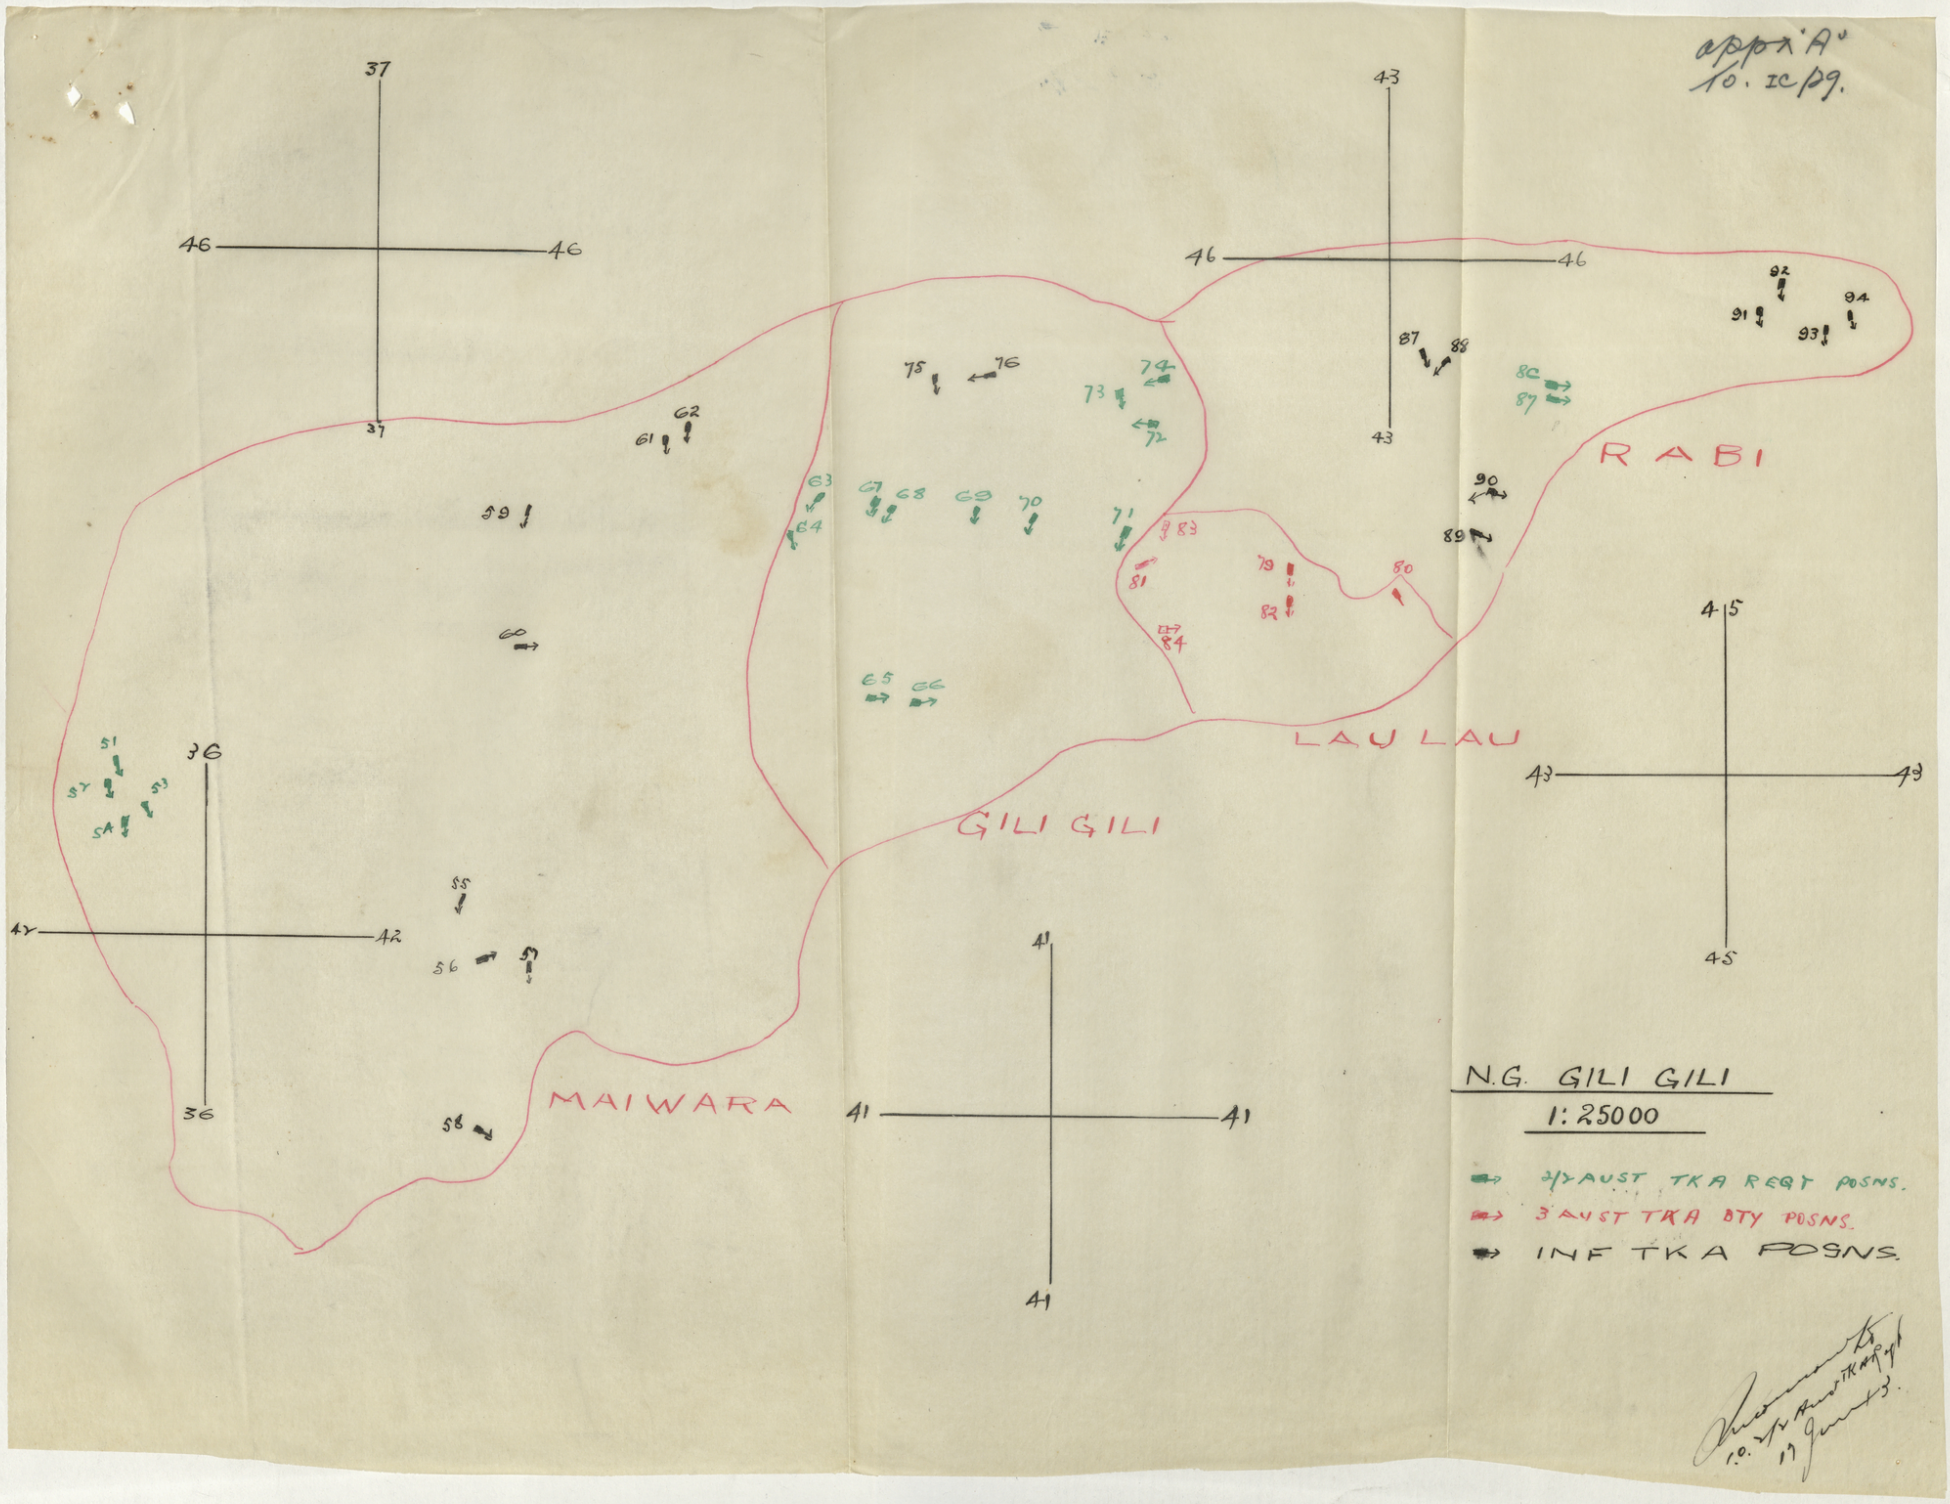

(ii) Central Feature System.
CHINAMAN RIDGE, MAIN RIDGE, LOOKOUT HILL feature and KAMBURATU RIDGE form this System and meet at HERES HILL. All these features drop steeply into timbered river flats on jungle swamps. From the EAST end of MAIN RIDGE and LOOKOUT HILL it is possible to view the northern coastline and directly overlook the swamp and KUNAI flats from the coast westward to ERORO R. KAMBURATU RIDGE controls the river flats to the NORTH and WEST. MAIN and CHINA RIDGES are directly above and command ORO BAY harbour.

(iii) Northern Feature System.
The ridges of this system are NORTH and N.W. of MT. FULLER and their height gives them a commanding view of the entire left flank. The new main road can be seen right through to DOBODURA. The eastern ridges of this system overlook the Central Feature System.

(b) Sago Swamps.
There are four extensive Sago Swamp Areas :-

(i) The greater part of BEAMU Ck, re entrant.
