With reference to your telephone message of the 2nd instant relative to a cable from Defence Department, Australia, requesting the return of Lieut. R.A. Gibson, I desire to inform you that this Officer is on the strength of this Section, and is at present on leave.

Lieut. Gibson does not desire to return to Australia pending a decision regarding his application for an appointment in the Forest Department, British East Africa. It is, therefore, recommended that a cable be despatched to Defence Department advising them of this, and asking them whether there are any special family reasons demanding his return.

Captain.
Officer i/c Aust. War Records Section.

Capt. Bean,

I think a report by Bell on rapid production apparatus would be useful, but I think his many business interests in Australia make it undesirable to leave any scheme of organization in Australia to him.

I consider he should apply for "Leave to return to Australia for discharge" which is the usual course where an Officer wishes to transact private business en route, and that the Board shd recommend it as Lieut Dwyer will in future be stationed in London & the need for two Officers in

the Publication Section does not exist.

Dear Major Treloar,

I attach hereto a letter which I have received from Lieutenant Dwyer, concerning Lieutenant Gell.

As I am leaving for Paris to-morrow, and there will not be an opportunity of a meeting before I go, perhaps you could consider this matter with Mr. Bean.

Yours sincerely,

H. C. Thomas

The Officer Commanding,
A.I.F.Publications Section.

In view of the fact that I have applied for special leave to return to Australia via America at my own expense for the purpose of prosecuting important business negotiations in the photographic line, I beg to offer my services to the A.I.F. in connection with the establishment of a department for the sale and distribution of Official Photographs in Australia.

To this end I am prepared to:-

(1). Supervise the completion of the Catalogue so that it can be taken to Australia.

(2). Draw up in conjunction with the War Records Section, a scheme for the production of duplicate negatives for despatch to Australia.

(3). While in America enquire into and report upon the latest appliances for the rapid production of prints and the latest methods in respect of distribution.

(4). Upon arrival in Australia produce in conjunction with an official nominated by the Defence Department a scheme covering production, sale, distribution and publicity.

Dear Geere,

Thank you for your letter of the 18th inst. and for your promise to let this Section have for copying any of your photographs which it considers could with advantage be included in the Australian Collection of war records.

With best wishes,

Yours sincerely,

Dear Treloar,

I have your letter of 14th inst with enclosure.

Your previous letter has not yet reached me yet. I have been travelling about rather lately, this probably accounts for it.

Am afraid my copies of photos would not be of very great interest to you. They consist for the most part of F.P.K. films which I have had made into Lantern Slides, the negatives have for the most part disappeared. However I will call on you when next in Town and give you some idea of what I possess. Then if there is anything you want you can certainly have it.

Trusting you are well and flourishing.

Yours sincerely,

A F Greer

Dear Geere,

On the 10th ultimo I wrote asking whether you would consent to make available, in order that copies might be obtained for Australian collections, a number of photographs which it is understood you possess. A copy of this letter is attached.

I should be glad to receive a reply as soon as convenient.

Yours sincerely,

Dear Geere,

As perhaps you know, the Australian War Records Section is engaged in the collection of material for Australian National Collections. One of the most valuable features of these collections consists of photographs. In addition to those being obtained by Official photographers in Egypt and France we have received many valuable ones from members of the A.I.F. who have loaned to us their negatives or prints so that we may have copies made.

I have been informed recently that you have a good collection of photos in connection with ~~air~~ service in Egypt, and I have wondered whether you would consent to make these available to us in order that copies may be made. Needless to say, every care of your negatives would be taken, and they would be returned to you without delay. If you can help in this way I should be very grateful.

Yours sincerely,

Captain A.E.Geere.
